

# GEARS COMPANY HIGHLIGHT

## ALWAYS PRINTING

Always Printing is a WBE certified print company specializing in construction documents. Jodi opened up the print shop this year to handle larger jobs. They service all over the Tri-state area, and they deliver prints and supplies to offices, job sites, and municipalities.

They are now able to print great quality prints at much faster speeds, and they can also do higher quality posters and vinyl banners. With their growth they are about to start printing on tee-shirts, sweatshirts, and tote bags as well.

“

“The GEARS Program has been fantastic with educational outreach to help small businesses like ours learn more about what we need to succeed.”
