

# GEARS COMPANY HIGHLIGHT

## RUBY HILL FARM

Diana Romero's family-owned farm store offers all natural black angus beef, farm raised chickens and turkeys, non-GMO pastured pork, eggs, organic fruits, vegetables, herbs, and her own maple syrup and local honey. This year they built an agricultural learning center called Madi's Way, a place where families can free their minds and enjoy the farm animals.

“

Attending the GEARS program sessions has helped me see how we can grow our business and connect with our community.
