

Ladies and Gentlemen:

Enclosed please find the application of the Dutchess County Industrial Development DCIDA (the "DCIDA"). Please be advised that there is a \$250.00 application fee to be paid by the client and to be enclosed with the completed application in order to enable the DCIDA to proceed with the benefit package.

You will receive an Engagement Letter which constitutes an explanation of legal fees and costs related to our counsels' work with respect to your project. This Engagement Letter will require an escrow account of \$5,000.00 and our counsel will invoice you monthly on an hourly rate basis for services rendered and deduct it from the escrow account. Should you terminate the agreement or abandon the project, any unused funds will be returned to you. If you have any questions concerning this matter, please contact me.

I advise you that the DCIDA itself does not lend money. Instead, the DCIDA issues bonds for the benefit of the project applicant. The project applicant must find a purchaser of the bonds and agree as to terms and conditions of repayment, interest rate, interim advances during construction, what securities are to be pledged, etc., just as the project applicant and a lender would in any other secured transaction. On filing an application, the project applicant should be fairly secure in knowing where to obtain the requisite moneys.

No work should be commenced or construction contracts entered into or materials ordered or land purchased if any of these expenses are to be included in the bond issue prior to the DCIDA passing an Inducement Resolution and Agreement with the project applicant after an application is filed. To do so may jeopardize the inclusion of the expense of such item in the bond issue.

In completing the application, please note certain material is requested that is required by statute in order to authorize the issuance of the bonds, to wit: the increased employment and your history as to location and why you are expanding or locating in Dutchess County. The bonds are issued as an inducement in industrial, commercial and warehousing facilities that presently do not exist in Dutchess County, or, if they exist, there is an expansion program contemplated. The bond proceeds cannot be used in any way for refinancing existing mortgages.

Prior to the issuance of IDA benefits (PILOT and/or bonds), the project applicant is required to make an agreement in lieu of taxes with all local taxing authorities and furnish the DCIDA with a certified copy of all of the agreements in lieu of taxes. An issue will not close without this document in place. The processing fees of the DCIDA is one percent (1%) of the first \$2.5 million of the estimated project cost and one-quarter of one percent (.25%) for the estimated project in excess of \$2.5 million

The project applicant additionally will be required to pay DCIDA Counsel fees, Bond Counsel fees and other direct expenses of the DC IDA, including, but not limited to, accounting and engineering expenses. The project applicant agrees that such legal fees and other direct expenses of the DC IDA such as publication costs and stenographer's fees are payable separately from the application and processing fees. The above fees will be payable in full on the sale of the bonds. Failure and neglect to proceed to close will result in pro rata tender of billings.

Upon receiving the application in my office, I will convene a meeting of the DCIDA to meet with the principals personally to discuss the application, as now required by DCIDA policy.

Please note that the DCIDA is under no obligation to act favorably on this application, and the project applicant agrees to release the DCIDA, its members, its staff, its successors and assigns from any claim against the DCIDA that may arise from the DCIDA's processing the application or by the DCIDA's either granting or denying the application.

Because the DCIDA is an exempt organization under the Internal Revenue Code of 1986, as amended, I advise you further that certain benefits will accrue during construction, such as the nonpayment of sales taxes on goods purchased for either initial construction or start-up equipment. Furthermore, upon the filing of documents, no mortgage tax will be necessary between the DCIDA and a trustee or bank collecting the moneys during the financing for the repayment of bonds. In accordance with New York State regulations, you are advised that we are obligated to include a "Recapture of Benefit Provision" in our application which details DCIDA procedure to be utilized to recapture benefits given to projects in certain instances.

If I can be of further assistance, please feel free to contact our office.

Very truly yours,

Sarah Lee  
Executive Director

PLEASE TAKE NOTICE — The DC IDA in certain respects is subject to the Freedom of Information Law or Sunshine Laws of the State of New York. If there are any confidential matters or negotiations for real property taking place that would be adversely affected by revelation of the particulars to the public or media, it is suggested that this matter be discussed with the DCIDA Counsel or personnel directly and not set forth in the initial application unless required by Bond Counsel for the preparation of the Inducement Resolution. Any financial disclosures of the project applicant requested should be marked confidential to ensure their attention as confidential documents. Although the DCIDA does not pass on the project applicant's financial ability to pay, which is the bond purchaser's prerogative, the DCIDA does want to know that the project applicant is a viable business enterprise.

## INSTRUCTIONS

### **I. Application Submission and Application Fees**

All applications will be subject to approval of the Dutchess County Industrial Development DCIDA ("DCIDA") and no financial Assistance can be provided, including a sales tax exemption on purchases made prior to DCIDA approval, until the application has been approved.

The DCIDA will not approve any applications unless, in the judgment of the DCIDA, the application contains sufficient information upon which to base a decision whether to approve or tentatively approve an action. The DCIDA may find it necessary to request additional information, should additional information be required the DCIDA will not consider the application complete until all additional information is received.

The DCIDA will not give final approval to this application until the DCIDA receives a completed environmental assessment form concerning the Project.

All projects receiving a benefit greater than \$100,000 are required to have a public hearing inclusive of a 10 day notice before any approval can be granted by the DCIDA.

The DCIDA has established an application fee of \$250.00 to cover the anticipated costs of processing the application. A check or money order made payable to the Dutchess County Industrial Development DCIDA (DC IDA) must accompany each application. The Application WILL NOT be accepted by the DCIDA unless accompanied by the application fee.

When completed, return the application to the Dutchess County IDA, 3 Neptune Road, Poughkeepsie, NY 12601.

The applicant will be required to pay to the DCIDA the actual costs incurred in connection with this application and the Project contemplated herein (to the extent such expenses are not paid out of the proceeds of the DCIDA's bond issued to finance the project). The Applicant will also be expected to pay all costs incurred by general counsel and bond counsel to the DCIDA. The costs incurred may be considered as part of the bond issue.

The DCIDA has established an administrative fee for each project it engages. Unless the DCIDA agrees in writing to the contrary, the project fee is required to be paid by the applicant at or prior to the granting of any financial assistance by the DCIDA

Details of the required insurance will be provided in the DCIDA contracts, in the meantime please note that insurance is to be provided after Board approval but prior to utilization of your IDA benefits. Insurance shall be maintained during the term of any applicable Agent Agreement or Lease Agreement by and between the DCIDA and Project Applicant. Proof of Insurance will be required and requested on an annual basis.

### **IV. Local Workforce Policy**

Construction jobs though limited in time duration, are vital to the overall employment opportunities in Dutchess County.

For projects \$10,000,000 and above, the DCIDA believes that Project Applicants, as a condition to receiving a real property tax abatement also referred to as a Payment in Lieu of Taxes (PILOT) from the Agency, will be required to utilize qualified Workforce for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the "Project Site").

The Local Area is defined as individuals residing in the following County /Cities /Towns /Villages as well as the following Counties (collectively, the "Local Area"): Columbia County, Dutchess County, Greene County, Orange County, Putnam County, Rockland County, Sullivan County, Ulster County and Westchester County. Companies receiving a PILOT as part of their financial assistance shall ensure that at least 80% of total work hours of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively the "Workers") working on the Project Site must reside within the Local Area. The 80% shall be measured by hours in total at the time of completion of the project. Companies do not have to be local companies as defined herein, but must employ local Workers residing within the Local Area to qualify under the 80% local Workforce criteria.

It is understood that at certain times, Workers residing within the Local Area may not be available with respect to a Project. Under this condition, the Company is required to contact the DCIDA to request a waiver of the Local Utilization Requirement (the "Local Workforce Utilization Waiver Request") waivers may be granted in the following situations (a) Warranty issues related to installation of specialized equipment or materials whereby the manufacturer requires installation by only approved installers (b) Specialized construction for which qualified Local Workforce Area workers are not available (c) Significant cost differentials in bid prices whereby the use of local Workforce significantly increases the cost of the project. A cost differential of 10% is deemed significant. Every effort should be made by the contractor or applicant to get below the 10% cost differential including, but not limited to, meeting with local construction trade organizations and local contractor associations (d) Documented lack of workers meeting the Local Workforce Area

requirement. The DCIDA shall evaluate the Local Workforce Utilization Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request.

## **V. Recapture of Financial Assistance**

In order to better ensure the integrity of the projects that receive Financial Assistance from the DCIDA, has determined that is in the public interest: (a) to ensure the continuity of such project and the jobs created by such projects; (b) ensure the use of local workforce during project construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (c) to ensure that the investment amount as proposed by the Applicant and approved by the DCIDA is made (d) to ensure that the state and local taxes and use tax exemption benefits are utilized in the amount as so authorized by the DCIDA (e) to ensure the state and local sales and use tax exemptions benefits are only utilized by the company/applicant and its duly appointed agents; (f) to ensure that the state and local sales and use tax are only utilized on the specific project as described in the Application and (g) to ensure that the Company complies with the certain material terms and conditions as determined by the DCIDA. At such time as the Applicant fails to meet the terms of the Agreement including failing to retain and create jobs as represented in the Application a recapture of any or all state and local sales and use tax exemption benefits, mortgage recording tax exemption benefits and real property abatement benefits may be required to be paid by the Applicant.

Details on the DCIDA Policy can be found on the DCIDA Website

Please note that the DCIDA is under no obligation to act favorably on this application, and the project applicant agrees to release the DCIDA, its members, its staff, its successors and assigns from any claim against the DCIDA that may arise from the DCIDA's processing the application or by the DCIDA's either granting or denying the application.

Please note that Article 6 of the Public Officers Law declares that all records in the possession of the DCIDA (with certain limited exceptions) are open to public inspection and copying. Also, as of December 2018, the IDA

website. If the applicant feels that there are elements of the Project which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause substantial injury to the applicant's competitive position, the applicant may identify such elements in writing and request that such elements be kept confidential in accordance with Article 6 of Public Officers Law.

Current need combined with ongoing expansion and growth plans for significant area employers including Marist College and Health Quest cannot be supported without the housing, hotel, retail and other commercial uses of the overall project, of which this Project is a part.

the State Environmental Quality Review Act ("SEQRA") has been completed. Please complete the annexed Short Form

Environmental Assessment Form. Based upon the information provided in that form and elsewhere in this application,

the DCIDA may require further information regarding potential environmental impacts.

If this project is likely to have a significant adverse impact on the environment (a "Type I" action), then the action is

probably required to be reviewed by one or more other state or local agencies, such as a local zoning or land use

authority. In that event, the DCIDA generally will not act as "lead DCIDA," and any action by the DCIDA must await

completion of the SEQRA review by the other DCIDA. If that is not the case, i.e., if the proposed action is a "Type II"

or "unlisted" action under SEQRA, the DCIDA may act independently for SEQRA purposes.

Any known environmental contamination or remediation issues? Yes  No

If yes, please list:

Has another entity been designated lead agent under the State Environmental Quality Review Act?

If yes, please explain

Yes

Poughkeepsie Town Board was the lead agency and adopted its Findings Statement on 12/6/17, copy attached.

The DCIDA will not provide any financial assistance to the Project until the environmental findings required under SEQRA have been made.

By statute, the DCIDA must project the number of FTE jobs that would be retained and created if the request for Financial Assistance is granted. The DCIDA will use job projections upon the two (2) year time period following Project completion.

a. Employment should be quantified by “FTE”, which shall mean: (a) a full-time, permanent, private-sector employee on the project’s payroll, who has worked (or is projected to work) at the project facility for a minimum of thirty-five hours per week for not less than four consecutive weeks and who is (or will be) entitled to receive the usual and customary fringe benefits extended by the Applicant to other employees with comparable rank and duties;

b. or (b) two part-time, permanent, private-sector employees on the Applicant’s payroll, who have worked (or are projected to work) at the project facility for a combined minimum of thirty-five hours per week for not less than four consecutive weeks and who are (or will be) entitled to receive the usual and customary fringe benefits extended by the Applicant to other employees with comparable rank and duties.

Construction jobs, though limited in time duration, are vital to the overall employment opportunities in Dutchess County. The Dutchess County Industrial Development Agency (the “Agency”) believes that Project Applicants (the “Company”), as a condition to receiving Financial Assistance (including a sales tax exemption, mortgage recording tax exemption, real property tax abatement and/or bond proceeds) from the Agency, will be required to utilize qualified Workforce, as defined below, for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the “Project Site”).

### **For Projects \$10,000,000 and Above Receiving a Real Property Tax Abatement**

#### **Local Area Defined**

For projects equal to or greater than \$10,000,000 the Local Area is defined as individuals residing in the following Counties (collectively, the “Local Area”): Columbia County, Dutchess County, Greene County, Orange County, Putnam County, Rockland County, Sullivan County, Ulster County and Westchester County.

#### **Local Workforce Requirement**

Companies receiving IDA benefits shall ensure that at least 80% of total work hours of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively the “Workers”) working on the Project Site must reside within the Local Area. The 80% shall be measured by hours and in total at the time of completion of the project. Companies do not have to be local companies as defined herein, but must employ local Workers residing within the Local Area to qualify under the 80% local Workforce criteria.

#### **Local Workforce Reporting Requirement**

The Local Workforce criteria will be verified based on employment, payroll and related records.

In addition, the Agency, or its designated agents, shall have the right, during normal business hours, to examine and copy records of the Company and to perform spot checks of all Workers at the Project Site to verify compliance with the Local Workforce requirement throughout the construction period.

#### **Enforcement**

If Agency staff determines that: (1) The Local Workforce Requirement is not being met; or (2) Agency Staff, upon use of its reasonable discretion, discovers or becomes aware of a compliance issue related to the Local Workforce Requirement, then a written warning delivered by Certified Mail of said Local Workforce Requirement violation (the “Warning of Violation”) shall be provided to the Company.

In the event a subsequent violation of the policy has occurred, then written notice delivered by Certified Mail of said Local Workforce Requirement violation (the “Notice of Violation”) shall be provided to the Company and the Executive Director shall bring the information to the Board of Directors which may, in its discretion, take action to revoke IDA benefits.

The Company has the primary obligation for the adherence to all the conditions of this policy. This obligation cannot be relieved, evaded or diminished by assigning a Contractor or through subcontracting. Should the project applicant assign a Contractor, the Company shall continue to have primary obligation.

#### Waiver Request

It is understood that at certain times, Workers residing within the Local Area may not be available with respect to a Project. Under this condition, the Company is required to contact the Agency to request a waiver of the Local Utilization Requirement (the "Local Workforce Utilization Waiver Request") based on the following circumstances:

- Warranty issues related to installation of specialized equipment or materials whereby the manufacturer reinstallation by only approved installers
- Specialized construction for which qualified Local Workforce Area workers are not available;
- Significant cost differentials in bid prices whereby the use of local Workforce significantly increases the cost of the project. A cost differential of 10% is deemed significant. Every effort should be made by the contractor or applicant to get below the 10% cost differential including, but not limited to, meeting with local construction trade organizations and local contractor associations
- Documented lack of workers meeting the Local Workforce Area requirement

The Agency shall evaluate the Local Workforce Utilization Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request.

The foregoing terms have been read, reviewed and understood by the Company and all appropriate personnel. The undersigned agrees and understands that the information contained herein must be transmitted and conveyed in a timely fashion to all applicable subcontractors, suppliers and materialmen. Furthermore, the undersigned realizes and understands that failure to abide by the terms herein could result in the Agency revoking all or any portion of Financial Assistance, whether already received or to be received by the Company, as it deems reasonable in its sole discretion for any violation hereof.
