Dutchess County IDA Application**

Dear Ms. Mack

KARC Planning Consultants, Inc. represents the owner of the above noted property. Please accept this application to the Dutchess County Industrial Development Agency (DCIDA) for the Locust Grove Apartments located at 2736-2738 South Road in the Town of Poughkeepsie. Enclosed please find the following:

1. DCIDA Application

Exhibit A: Supplemental Responses to IDA Application Questions
Exhibit B: Detailed Project Description
Exhibit C: NOI & Pro Forma
Exhibit D: Town of Poughkeepsie Planning Board Approval – December 19, 2025
Exhibit E: Site Plan Set
Exhibit F: SEAF
Exhibit G: HVCU Letter of Intent

2. Application Fee in the amount of \$1,000.00.

Please inform if there is anything else needed for your review.

Sincerely,

A handwritten signature in blue ink, appearing to read "Klibolt", is written over a horizontal line.

Kelly Libolt

Ladies and Gentlemen:

Enclosed please find the application of the Dutchess County Industrial Development DCIDA (the "DCIDA"). Please be advised that there is a \$1,000.00 application fee to be paid by the client and to be enclosed with the completed application in order to enable the DCIDA to proceed with the benefit package.

You will receive an Engagement Letter which constitutes an explanation of legal fees and costs related to our counsels' work with respect to your project. This Engagement Letter will require an escrow account of \$5,000.00 and our counsel will invoice you monthly on an hourly rate basis for services rendered and deduct it from the escrow account. Should you terminate the agreement or abandon the project, any unused funds will be returned to you. If you have any questions concerning this matter, please contact our office.

Be aware that the DCIDA itself does not lend money. Instead, the DCIDA issues bonds for the benefit of the project applicant. The project applicant must find a purchaser of the bonds and agree as to terms and conditions of repayment, interest rate, interim advances during construction, what securities are to be pledged, etc., just as the project applicant and a lender would in any other secured transaction. On filing an application, the project applicant should be fairly secure in knowing where to obtain the requisite moneys.

No work should be commenced or construction contracts entered into or materials ordered or land purchased if any of these expenses are to be included in the bond issue prior to the DCIDA passing an Inducement Resolution and Agreement with the project applicant after an application is filed. To do so may jeopardize the inclusion of the expense of such item in the bond issue.

In completing the application, please note certain material is requested that is required by statute in order to authorize the issuance of the bonds, to wit: the increased employment and your history as to location and why you are expanding or locating in Dutchess County. The bonds are issued as an inducement in industrial, commercial and warehousing facilities that presently do not exist in Dutchess County, or, if they exist, there is an expansion program contemplated. The bond proceeds cannot be used in any way for refinancing existing mortgages.

The processing fees of the DCIDA is one percent (1%) of the first \$25 million of the estimated project cost and one-quarter of one percent (.25%) for the estimated project in excess of \$25 million. Processing fees for industrial and manufacturing projects are one percent (1%) of the first \$2.5 million of the estimated project cost and one-quarter of one percent (.25%) for the estimated project in excess of \$2.5 million.

The project applicant additionally will be required to pay DCIDA Counsel fees, Bond Counsel fees and other direct expenses of the DCIDA, including, but not limited to, local workforce compliance monitoring fees, special reports and accounting and engineering expenses. The project applicant

agrees that such legal fees and other direct expenses of the DCIDA such as publication costs and stenographer's fees are payable separately from the application and processing fees. The above fees will be payable in full on the sale of the bonds. Failure and neglect to proceed to close will result in pro rata tender of billings.

Upon receiving the application, the DCIDA will contact the principals to discuss the application, as now required by DCIDA policy.

Please note that the DCIDA is under no obligation to act favorably on this application, and the project applicant agrees to release the DCIDA, its members, its staff, its successors and assigns from any claim against the DCIDA that may arise from the DCIDA's processing the application or by the DCIDA's either granting or denying the application.

Because the DCIDA is an exempt organization under the Internal Revenue Code of 1986, as amended, I advise you further that certain benefits will accrue during construction, such as the nonpayment of sales taxes on goods purchased for either initial construction or start-up equipment. Furthermore, upon the filing of documents, no mortgage tax will be necessary between the DCIDA and a trustee or bank collecting the moneys during the financing for the repayment of bonds. In accordance with New York State regulations, you are advised that we are obligated to include a "Recapture of Benefit Provision" in our application which details DCIDA procedure to be utilized to recapture benefits given to projects in certain instances.

If you require further assistance, please feel free to contact our office.

Enclosures

PLEASE TAKE NOTICE — The DCIDA in certain respects is subject to the Freedom of Information Law or Sunshine Laws of the State of New York. If there are any confidential matters or negotiations for real property taking place that would be adversely affected by revelation of the particulars to the public or media, it is suggested that this matter be discussed with the DCIDA Counsel or personnel directly and not set forth in the initial application unless required by Bond Counsel for the preparation of the Inducement Resolution. Any financial disclosures of the project applicant requested should be marked confidential to ensure their attention as confidential documents. Although the DCIDA does not pass on the project applicant's financial ability to pay, which is the bond purchaser's prerogative, the DCIDA does want to know that the project applicant is a viable business enterprise.

MISSION STATEMENT

The Dutchess County Industrial Development Agency [DCIDA] was created to further economic development in Dutchess County by providing financial assistance to private entities through tax incentives including the issuance of bonds to facilitate the building of capital projects with the resultant construction jobs and permanent follow on employment.

INSTRUCTIONS

I. Application Submission and Application Fees

All applications will be subject to approval of the Dutchess County Industrial Development DCIDA ("DCIDA") and no financial Assistance can be provided, including a sales tax exemption on purchases made prior to DCIDA approval, until the application has been approved.

The DCIDA will not approve any applications unless, in the judgment of the DCIDA, the application contains sufficient information upon which to base a decision whether to approve or tentatively approve an action. The DCIDA may find it necessary to request additional information, should additional information be required the DCIDA will not consider the application complete until all additional information is received.

The DCIDA will not give final approval to this application until the DCIDA receives a completed environmental assessment form concerning the Project.

All projects receiving a benefit greater than \$100,000 are required to have a public hearing inclusive of a 10 day notice before any approval can be granted by the DCIDA.

The DCIDA has established an application fee of \$1,000.00 to cover the anticipated costs of processing the application. A check or money order made payable to the Dutchess County Industrial Development DCIDA (DC IDA) must accompany each application. The Application WILL NOT be accepted by the DCIDA unless accompanied by the application fee.

When completed, return the application to the *Dutchess County IDA, 3 Neptune Road, Poughkeepsie, NY 12601*.

The applicant will be required to pay to the DCIDA the actual costs incurred in connection with this application and the Project contemplated herein (to the extent such expenses are not paid out of the proceeds of the DCIDA's bond issued to finance the project). The Applicant will also be expected to pay all costs incurred by general counsel and bond counsel to the DCIDA. The costs incurred may be considered as part of the bond issue.

The DCIDA has established an administrative fee for each project it engages. Unless the DCIDA agrees in writing to the contrary, the project fee is required to be paid by the applicant at or prior to the granting of any financial assistance by the DCIDA

II. Application Components and Exhibits

The sections below are included in the Application. These make up the required information and documents that must be completed and submitted to the DCIDA in order for your Application to be considered. Failure to provide information may impact your project being considered in a timely manner.

Fill in all blanks, using “none” or “not applicable” or “N/A” where the question is not appropriate to the project which is the subject of this application (the “Project”)

If an estimate is given as an answer to a question, put “est.” after the figure or answer, which is estimated.

If more space is needed to answer any question, please attach a separate sheet.

III. Insurance

Once a project is approved by the DCIDA, insurance will be required. Details of the required insurance will be provided in the DCIDA contracts, in the meantime please note that insurance is to be provided after Board approval but prior to utilization of your IDA benefits. Insurance shall be maintained during the term of any applicable Agent Agreement or Lease Agreement by and between the DCIDA and Project Applicant. Proof of Insurance will be required and requested on an annual basis.

IV. Local Workforce Policy

Construction jobs though limited in time duration, are vital to the overall employment opportunities in Dutchess County.

For projects \$10,000,000 and above, the DCIDA believes that Project Applicants, as a condition to receiving a real property tax abatement also referred to as a Payment in Lieu of Taxes (PILOT) from the Agency, will be required to utilize qualified Workforce for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the "Project Site").

The Local Area is defined as individuals residing in the following County /Cities /Towns /Villages as well as the following Counties (collectively, the "Local Area"): Columbia County, Dutchess County, Greene County, Orange County, Putnam County, Rockland County, Sullivan County, Ulster County and Westchester County. Companies receiving a PILOT as part of their financial assistance shall ensure that at least 80% of total work hours of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively the "Workers") working on the Project Site must reside within the Local Area. The 80% shall be measured by hours in total at the time of completion of the project. Companies do not have to be local companies as defined herein, but must employ local Workers residing within the Local Area to qualify under the 80% local Workforce criteria.

It is understood that at certain times, Workers residing within the Local Area may not be available with respect to a Project. Under this condition, the Company is required to contact the DCIDA to request a waiver of the Local Utilization Requirement (the "Local Workforce Utilization Waiver Request") waivers may be granted in the following situations (a) Warranty issues related to installation of specialized equipment or materials whereby the manufacturer requires installation by only approved installers (b) Specialized construction for which qualified Local Workforce Area workers are not available (c) Significant cost differentials in bid prices whereby the use of local Workforce significantly increases the cost of the project. A cost differential of 10% is deemed significant. Every effort should be made by the contractor or applicant to get below the 10% cost differential including, but not limited to, meeting with local construction trade organizations and local contractor associations (d) Documented lack of workers meeting the Local Workforce Area

requirement. The DCIDA shall evaluate the Local Workforce Utilization Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request.

V. Recapture of Financial Assistance

In order to better ensure the integrity of the projects that receive Financial Assistance from the DCIDA, has determined that is in the public interest: (a) to ensure the continuity of such project and the jobs created by such projects; (b) ensure the use of local workforce during project construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (c) to ensure that the investment amount as proposed by the Applicant and approved by the DCIDA is made (d) to ensure that the state and local taxes and use tax exemption benefits are utilized in the amount as so authorized by the DCIDA (e) to ensure the state and local sales and use tax exemptions benefits are only utilized by the company/applicant and its duly appointed agents; (f) to ensure that the state and local sales and use tax are only utilized on the specific project as described in the Application and (g) to ensure that the Company complies with the certain material terms and conditions as determined by the DCIDA. At such time as the Applicant fails to meet the terms of the Agreement including failing to retain and create jobs as represented in the Application a recapture of any or all state and local sales and use tax exemption benefits, mortgage recording tax exemption benefits and real property abatement benefits may be required to be paid by the Applicant.

Details on the DCIDA Policies can be found on the DCIDA Website

<https://thinkdutchess.com/dcida-policies/>

- Maintaining Performance Based incentives for projects granted assistance including a PILOT
- Projects granted assistance without a PILOT.

VI. Submission and Acceptance of the Application for Financial Assistance

Please note that the DCIDA is under no obligation to act favorably on this application, and the project applicant agrees to release the DCIDA, its members, its staff, its successors and assigns from any claim against the DCIDA that may arise from the DCIDA's processing the application or by the DCIDA's either granting or denying the application.

Please note that Article 6 of the Public Officers Law declares that all records in the possession of the DCIDA (with certain limited exceptions) are open to public inspection and copying. Also, as of December 2018, the IDA will post project applications on the Agency's

website. If the applicant feels that there are elements of the Project which are in the nature of trade secrets or information, the nature of which is such that if disclosed to the public or otherwise widely disseminated would cause substantial injury to the applicant's competitive position, the applicant may identify such elements in writing and request that such elements be kept confidential in accordance with Article 6 of Public Officers Law.

D. Employment

A. Benefits = Economic Development Impacts (For Project Location Only)

By statute, the DCIDA must project the number of FTE jobs that would be retained and created if the request for Financial Assistance is granted. The DCIDA will use job projections upon the two (2) year time period following Project completion.

a. Employment should be quantified by "FTE", which shall mean: (a) a full-time, permanent, private-sector employee on the project's payroll, who has worked (or is projected to work) at the project facility for a minimum of thirty-five hours per week for not less than four consecutive weeks and who is (or will be) entitled to receive the usual and customary fringe benefits extended by the Applicant to other employees with comparable rank and duties;

b. or (b) two part-time, permanent, private-sector employees on the Applicant's payroll, who have worked (or are projected to work) at the project facility for a combined minimum of thirty-five hours per week for not less than four consecutive weeks and who are (or will be) entitled to receive the usual and customary fringe benefits extended by the Applicant to other employees with comparable rank and duties

Use of Local Workforce

The Dutchess County IDA supports the use of local workforce for projects receiving benefits from the DCIDA. Answers to the following questions will assist the DCIDA in evaluating the application.

The Local Workforce Area for **permanent jobs** includes residents in the County/Cities/Towns/Villages as well as the following Counties: Dutchess County, Orange County, Putnam County, Rockland County, Sullivan County, Ulster County and Westchester County.

If a "local workforce plan" has been developed please include that plan as an addendum to this application.

Estimate the number of residents of the labor workforce area in which the Project is located that will fill the projected new jobs to be created.

2

How will the project developer seek out and use the local workforce.

Please see the Supplemental Responses included with this application.

Projects \$10,000,000 and above, which are receiving a real property tax abatement, are subject to DCIDA's Local Workforce Policy during the period of construction

The *Labor Workforce Area* for **construction jobs** under the Local Workforce Policy includes residents in the County/Cities/Towns/Villages as well as the following Counties: Columbia County, Dutchess County, Greene County, Orange County, Putnam County, Rockland County, Sullivan County, Ulster County and Westchester County.

How many construction jobs are anticipated to be created? 81-160

Section 4: Retail Determination

DCIDA assistance to retail projects (including hotels and restaurants) is subject to certain statutory restrictions.

To ensure compliance with Section 862 of the New York General Municipal Law, the DCIDA requires additional information if the proposed Project is one where customers personally visit the Project site to undertake either a retail sale transaction or to purchase services.

1. Will customers personally visit the Project site for either of the following economic activities? If yes with respect to either economic activity indicated below please complete this section.

Retail Sales ☐ Yes ☒ No

Services ☐ Yes ☒ No

For purposes of this question, the term "retail sales" means (i) sales by a registered vendor under Article 28 of the Tax Law of the State of New York (the "Tax Law") primarily engaged in the retail sales of tangible personal property (as defined in Section 1101(b)(4)(i) of the Tax Law or (ii) sales of a service to customers who personally visit the Project.

2. Will any portion of the project (including that portion of the cost to be financed from equity or other sources) consist of facilities or property that are or will be primarily used in makes sales of good or services to customers who personally visit the project site?

☐ Yes ☒ No If yes, please continue. If no, proceed to the next section

3. What percentage of the cost of the Project will be expended on such facilities or property primarily used in making sales of goods or services to customers who personally visit the project? 0 % If the answer is less than 33% than proceed to the next section.

If the answer to question 2 is Yes and the answer to question 3 is greater than 33% indicate which of the following questions following apply to the project:

Is the project location or facility likely to attract a significant number of visitors from outside Dutchess County?

☐ Yes ☒ No

If yes, please provide a third party market analysis or other documentation supporting your response.

Is the predominant purpose of the project to make available goods and services which would not, but for the project, be reasonably accessible to the residents of the municipality within which the proposed would be located because of a lack of reasonably accessible retail trade facilities offering such goods or services?

☐ Yes ☒ No

If yes, please provide a third party market analysis or other documentation supporting your response.

Will the project preserve permanent, private sector jobs or increase the overall number of permanent private sector jobs in New York State?

☒ Yes ☐ No If yes, please explain Two (2) new FTE positions will be created.

Is the project located in a Highly Distressed Area?

☐ Yes ☒ No

Section 5 – Inter-Municipal Move Determination

Will the project result in the removal of a plant or facility of the Applicant from one area of the State of New York to another area of the State of New York:

☐ Yes ☒ No

Will the project result in the removal of a plant or facility of *another proposed occupant* of the Project from one area of the State of New York to another area of the State of New York?

☐ Yes ☒ No

Will the Project result in the abandonment of one or more plants or facilities located in the State of New York?

☐ Yes ☒ No

If the answer to either of the foregoing questions in this subpart is positive, please explain in detail, on as many separate sheets as necessary, the reasons for the relocation, abandonment or closure, including, without limitation, (i) any considerations regarding the applicant's (or other occupant's) ability to remain competitive in its industry, and (ii) any consideration which has been given to relocating to any location outside the State of New York.

Please note that the DCIDA may ask you to provide additional information regarding the foregoing, including documentary support

Section 6 – Single or Multi-Tenant Determination

Permissible projects are defined in the NYS General Municipal Law and the IDA may not be able to grant financial assistance to all tenants of a multi-tenant project. To assist in that determination please complete the following section.

Please note if the tenant qualifies as a permissible project, the Project Applicant will be responsible for collecting the required reporting information from the tenant(s).

Please explain what market conditions support the construction of this multi-tenant facility:
Please see Detailed Project Description include with this application.

Have any tenant leases been entered into for this project?

☐ Yes ☒ No

If yes, please list below and provide square footage to be leased to tenant and NAICS code for tenant and nature of business. (Attach additional sheets if necessary)

Tenant Name	Current Location (city, state, zip)	# of sq.ft leased	% of total to be occupied at project location	NAICS and business description (type of business, products, etc)

Section 7 – Representations, Certifications and Indemnification Forms

New York State Applicant Requirements For Industrial Development Agencies

The Applicant has read the foregoing Application and knows the contents thereof, and hereby represents, understands, and otherwise agrees with the DCIDA and as follows:

1. Absence of Conflicts of Interest

The Applicant has received from the DCIDA a list of the members, officers and employees of the DCIDA. No member, officers or employees of the DCIDA has an interest, whether direct or indirect, in any transaction contemplated by this Application, except as hereinafter described:

2. Job Listing

In accordance with Section 858-b(2) of the New York General Municipal Law, Applicant understands and agrees that, if the Project receives any Financial Assistance from the DCIDA, except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the Project will be listed within the New York State Department of Labor, Division of Employment and Workforce Solutions (the DOL) and with the American Job Center of the service delivery area created by the federal Workforce Innovation and Opportunity Act (WIOA) in which the Project is located.

3. First Consideration for Employment

In accordance with Section 858-b (2) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any Financial Assistance from the DCIDA, except as otherwise provided by collective bargaining agreements, where applicable, the Applicant will first consider persons eligible to participate in WIOA programs who shall be referred by the American Job Center for new employment opportunities created as a result of the Project.

4. Annual Employment Reports

The Applicant understands and agrees that, if the Project receives any Financial Assistance from the DCIDA, the Applicant agrees to file, or cause to be filed, with the DCIDA, on an annual basis, reports regarding the number of people employed at the project site, salary levels and such other information as part of the DCIDA's Employment Report.

5. Fees

This obligation includes an obligation to submit DCIDA Fee Payment to the DCIDA in accordance with the DCIDA Fee policy effective as of the date of this Application.

6. Freedom of Information Law (FOIL)

The Applicant acknowledges that the DCIDA is subject to New York State's Freedom of Information Law (FOIL). Applicants understand that all project information and records related to this application are potentially subject to disclosure under FOIL subject to limited statutory exclusions.

7. Recapture Policy

The applicant acknowledges that it has been provided with a copy of the DCIDA's *Policy on Maintaining Performance Based Incentives*. The Applicant agrees that it fully understands the Policy on Maintaining Performance Based Incentives is applicable to the Project that is the subject of this application and the DCIDA may implement the Policy if and when it is required to do so.

Financial Reporting Requirements

Chapter 692 of the Laws of 1989 requires additional financial reporting requirements from all IDA's in New York State.

8. Sales Tax

Section 874(8) of the New York general Municipal Law requires all entities appointed as agents of the DCIDA for sales tax purposes to file an annual form, as prescribed by the New York State Department of Taxation, describing the value of sales tax exemptions claimed by the Applicant and all its subagents, consultants, or subcontractors. Copies of all filings shall be provided to the DCIDA.

The Applicant hereby agrees to complete "ST-60, IDA Appointment of Project Operator or Agent for Sales Tax Purposes" for itself and each agent, subagent, contractor, subcontractor, contractors or subcontractors of such agents and subagents and to such other parties as the Applicant chooses who provide materials, equipment, supplies or services and deliver said form to the DCIDA within fifteen (15) days of appointment such that the DCIDA can execute and deliver said form to the State Department of Taxation and Finance within thirty (30) days of appointment.

9. The Applicant understands and agrees that the provisions of Section 862(1) of the New York General Municipal Law, as provided below, will not be violated if Financial Assistance is provided for the proposed Project:

§862 Restrictions on funds of the DCIDA. (1) No funds of the DCIDA shall be used in respect of any project if the completion thereof would result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, provided, however, that neither restriction shall apply if the DCIDA shall determine on the basis of the application before it that the project is reasonably necessary to discourage the project occupant from removing such other plant or facility to a location outside the state or is reasonably necessary to preserve the competitive position of the project occupant in its respective industry.

10. The Applicant confirms and acknowledges that the owner, occupant, or operator receiving Financial Assistance for the proposed Project is in substantial compliance with applicable local, state and federal tax, worker protection and environmental laws, rules and regulations
11. The Applicant confirms and hereby acknowledges that as of the date of this Application, the Applicant is in substantial compliance with all provisions of Article 18A of the New York General Municipal Law, including, but not limited to, the provisions of Section 859a and Section 862(1) of the New York General Municipal Law.

12. Bonds

- a. All bonds issued, outstanding or retired during the year must indicate the following:

Month and year issued; Interest rate at year end; outstanding beginning of year; issued during year; principal payments during year; outstanding at end of year; and final maturity date. This information will be requested from you in January of each year.

- b. All new bonds issued need the following supplemental information:

Name of the project; tax exemptions separated by State and local sales tax, County and school taxes; Mortgages recording; Payments in lieu of taxes; New tax revenue if no exemption is granted; number of jobs created and other economic benefits. This information is required each year and will be requested from you in September of each year.

Section 8 - Local Workforce Utilization Policy and Certification

Construction jobs, though limited in time duration, are vital to the overall employment opportunities in Dutchess County. The Dutchess County Industrial Development Agency (the "Agency") has determined that Project Applicants (the "Company"), as a condition to receiving a real property tax abatement also referred to a Payment in Lieu of Taxes (PILOT) from the Agency, will be required to utilize qualified Workforce, as defined below, for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the "Project Site").

For Projects \$10,000,000 and Above Receiving a Real Property Tax Abatement

Local Area Defined

For projects equal to or greater than \$10,000,000 the Local Area is defined as individuals residing in the following Counties (collectively, the "Local Area"): Columbia County, Dutchess County, Greene County, Orange County, Putnam County, Rockland County, Sullivan County, Ulster County and Westchester County.

Local Workforce Requirement

Companies receiving a PILOT as part of their financial assistance shall ensure that at least 80% of total work hours of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively the "Workers") working on the Project Site must reside within the Local Area. The 80% shall be measured by hours in total at the time of completion of the project. Companies do not have to be local companies as defined herein, but must employ local Workers residing within the Local Area to qualify under the 80% local Workforce criteria.

Local Workforce Reporting Requirement

The Local Workforce criteria will be verified based on employment, payroll and related records.

In addition, the Agency, or its designated agents, shall have the right, during normal business hours, to examine and copy records of the Company and to perform spot checks of all Workers at the Project Site to verify compliance with the Local Workforce requirement throughout the construction period.

Enforcement

If Agency staff determines that: (1) The Local Workforce Requirement is not being met; or (2) Agency Staff, upon use of its reasonable discretion, discovers or becomes aware of a compliance issue related to the Local Workforce Requirement, then a written warning delivered by Certified Mail of said Local Workforce Requirement violation (the "Warning of Violation") shall be provided to the Company.

In the event a subsequent violation of the policy has occurred, then written notice delivered by Certified Mail of said Local Workforce Requirement violation (the "Notice of Violation") shall be provided to the Company and the Executive Director shall bring the information to the Board of Directors which may, in its discretion, take action to revoke IDA benefits.

The Company has the primary obligation for the adherence to all the conditions of this policy. This obligation cannot be relieved, evaded or diminished by assigning a Contractor or through subcontracting. Should the project applicant assign a Contractor, the Company shall continue to have primary obligation.

Projects with multiple phases or projects with multiple owner entities will be considered in whole during the enforcement period.

Waiver Request

It is understood that at certain times, Workers residing within the Local Area may not be available with respect to a Project. Under this condition, the Company is required to contact the Agency to request a waiver of the Local Utilization Requirement (the "Local Workforce Utilization Waiver Request") based on the following circumstances:

- Warranty issues related to installation of specialized equipment or materials whereby the manufacturer requires installation by only approved installers
- Specialized construction for which qualified Local Workforce Area workers are not available;
- Significant cost differentials in bid prices whereby the use of local Workforce significantly increases the cost of the project. A cost differential of 10% is deemed significant. Every effort should be made by the contractor or applicant to get below the 10% cost differential including, but not limited to, meeting with local construction trade organizations and local contractor associations
- Documented lack of workers meeting the Local Workforce Area requirement

The Agency shall evaluate the Local Workforce Utilization Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request.

The foregoing terms have been read, reviewed and understood by the Company and all appropriate personnel. The undersigned agrees and understands that the information contained herein must be transmitted and conveyed in a timely fashion to all applicable subcontractors, suppliers and materialmen. Furthermore, the undersigned realizes and understands that failure to abide by the terms herein could result in the Agency revoking all or any portion of Financial Assistance, whether already received or to be received by the Company, as it deems reasonable in its sole discretion for any violation hereof.

Attachment 1 - Short Environmental Assessment Form

Please complete a Short Form Environmental Assessment Form

(<https://www.thinkdutchess.com/clientuploads/IDA/seafpartsoneandtwo.pdf>) . Based upon the information provided in that form and elsewhere in this application, the DCIDA may require further information regarding potential environmental impacts.

If this project is likely to have a significant adverse impact on the environment (a “Type I” action), then the action is probably required to be reviewed by one or more other state or local agencies, such as a local zoning or land use authority. In that event, the DCIDA generally will not act as “lead agency,” and any action by the DCIDA must await completion of the SEQRA review by the other agency. If that is not the case, i.e., if the proposed action is a “Type II” or “unlisted” action under SEQRA, the DCIDA may act independently for SEQRA purposes.

Attachment 2 – Agency Standard Fee Schedule and other fees

DCIDA Standard Fees

APPLICATION FEE: \$1,000.00

SPECIAL MEETING FEE: \$500.00 per meeting

ADMINISTRATIVE FEE FOR PROJECTS INVOLVING A PILOT:

A. For Industrial Projects (defined as Manufacturing, Distribution, Tech including software and research and development projects)

One percent (1%) of the first \$2.5 million of the estimated project cost and one-quarter of one percent (.25%) for the estimated project in excess of \$2.5 million with a minimum administrative fee of \$25,000.

B. For All other projects including Commercial Projects (defined as Mixed Use, Commercial Housing, Tourism and Retail if permitted)

One percent (1%) of the first \$25 million of the estimated project cost and one-quarter of one percent (.25%) for the estimated project in excess of \$25 million with a minimum administrative fee of \$25,000.

ADMINISTRATIVE FEE FOR PROJECTS INVOLVING SALES TAX AND/OR MORTGAGE RECORDING TAX EXEMPTIONS ONLY, including requests for additional sales tax and mortgage tax benefits:

\$5,000 plus 1% of the benefit amount.

- For active IDA projects that include a PILOT requests for additional sales and mortgage tax benefits whereas the total project cost will increase by \$10,000,000 or more will be subject to the administrative fee with a PILOT schedule.

BOND ISSUANCE FEE: One percent (1%) of the first \$2.5 million of the estimated project cost and one-quarter of one percent (.25%) for the estimated project in excess of \$2.5 million with a minimum of \$25,000.

ANNUAL COMPLIANCE FEE: \$1,000.00 to be billed annually

The fee schedule outlined in this schedule does not include fees and costs related to our counsels' work with respect to your project including the public hearing fees. Applicants are also required to pay for additional fees and costs related to Local Workforce monitoring and special reports/analyses that Board may request related to the project.

All projects are reviewed for its complexity and the Executive Director has the authority to negotiate additional fees to clients for costs associated with unusual situations or extraordinary needs related to the project, including additional costs incurred as result of holding special meetings of the IDA Board. The CEO will present any modifications or additional fees from the fee schedule outlined above to the DCIDA Board for approval.

Section 1: Applicant Information

G. Brief Description of Company History

Response: Mid-Hudson Development Corp. (MHDC) has been supporting Dutchess County residents and small businesses since 1988 as a builder of residential homes. The firm's owners, John Goetz and Christopher Sollecito have resided in Dutchess County for over 55 years. In its property development and construction practices, MHDC is dedicated to hiring local contractors as well as purchasing building materials from local suppliers. Through close collaboration with clients and community members, MHDC strives to build homes that share the values and meet the unique needs of Dutchess County residents.

Section 2: Project Description & Details

Briefly describe the proposed project and its purpose (new build, renovations, and equipment purchases). Identify specific uses occurring with the project. Describe any and all tenants and any/all end users)

Response: The proposed project involves the construction of four (4) new two-story multi-family rental apartment buildings and associated site infrastructure. Each building will contain eight (8) residential units for a total of 32 units across all buildings. On-site parking is proposed to include 68 spaces, including six (6) ADA spaces as well as four (4) electric vehicle charging stations. New landscaping, including a variety of tree and shrub species will be woven throughout the property providing screening, shade, and green spaces for residents. High-efficiency HVAC, home appliances, insulation, and building materials will be purchased for this project. As of the date of this application, leases have not been executed with tenants or end users of the project.

Describe why the DCIDA's financial assistance is necessary and of the applicant is unable to obtain DCIDA financial assistance, what will be the impact on the Applicant and Dutchess County and/or municipality? Would the applicant proceed with the project without DCIDA assistance?

Response: The principal financial challenge to building the Locust Grove Apartments is the immense cost of infrastructure for the project, especially related to rising construction costs and higher interest rates. Without the requested benefits, the economics of the project as proposed

are unfeasible, and the project would be significantly delayed until other sources of funding, benefits, or grants could be secured.

Without the requested benefits, the Applicant would have to reconsider the costs of investment and the project as currently planned. The central improvement of the project – transforming a vacant and underutilized parcel – into needed multi-family rental housing may not be possible without the IDA's assistance. The requested Sales and Mortgage tax Exemptions benefit the Town's long-term fiscal and social health by helping transform a vacant parcel into an asset for Town of Poughkeepsie residents.

To the extent the project serves a local market area, is there a recognized and demonstrable need for the products or services the project will provide in the project's market area?

Response: The proposed Locust Grove Apartments are strategically located to benefit current and future Town of Poughkeepsie residents and local businesses. The project will provide 32 multi-family dwelling units in close proximity to a variety of established commercial and retail destinations along Route 9. The site is also well-positioned for residents who need to commute into the City of Poughkeepsie and other major employment centers located along Route 9 in Dutchess County.

The Town of Poughkeepsie's 2021 Comprehensive Plan Update and the 2022 Dutchess County Housing Assessment both recognize and demonstrate the need for increasing the supply of multi-family rental housing. In its Comprehensive Plan, the Town of Poughkeepsie sets a goal for increasing new infill development in the area just south of the proposed project. The addition of 32 rental units at 2736-2738 South Road represents one step towards implementing this goal. The 2022 Dutchess County Rental Housing Survey identifies a County vacancy rate of 2.1% for market rate units while housing experts recognize a 5% vacancy rate as an indicator of a healthy rental market. The proposed project will help strengthen the County's housing market while transforming a vacant and underutilized parcel into an asset for the Town of Poughkeepsie.

Is the project compatible with and will significantly assist and enhance all development plans for its area established formally or informally by local, county, state and federal authorities?

Response: The proposed Locust Grove Apartments are compatible with local development regulations, the Town's long-range goals, and are consistent with the vision of regional planning organizations like the Dutchess County Transportation Council (DCTC). The Multifamily Residence (R-M) Zoning District recognizes established areas of higher-density multifamily development and is intended to promote low- to mid-rise multiunit residential development in those locations. The

Town of Poughkeepsie 2021 Comprehensive Plan recognizes that with the growth of online shopping, the demand for new brick-and-mortar commercial and retail buildings is trending down. With the majority of the Town's commercial destinations located along arterial roads, including Route 9, the Town proposes to facilitate new residential development in these areas to strengthen the vitality of these districts and give residents the choice of living closer to employment and commercial destinations. The DCTC's Long Range Transportation Plan identifies the construction of new multi-family housing, especially near employment centers, as a key component to reducing commute times which tend to increase as residents move further away due to rising housing costs.

Is the project of a speculative nature?

Response: As identified in the Town of Poughkeepsie Comprehensive Plan (2021) and established in the Town's R-M Zoning District description, this area is designated for and in need of new multi-family residential development. The need for new housing construction is further supported by the findings of the 2022 Dutchess County Housing Assessment. While all business ventures in this climate are speculative to some degree, the project management team has vast experience in developing, constructing, and operating highly successful residential projects, and therefore feels confident that the speculative nature of the project can be mitigated for both DCIDA and investor partners.

Section 3: Project Evaluation and Assistance Framework

How will the project developer seek out and use the local workforce?

Response: During the construction phase of the project the developer will hire a General Contractor who will utilize all available means to source labor from the local nine county workforce area, as outlined in the IDA Local Workforce Utilization Policy. The GC will be directed to coordinate with DCIDA staff for local workforce outreach. The company will announce and recruit for permanent jobs locally.

Detailed Project Description

**Locust Grove Apartments
2736 – 2738 South Road
Poughkeepsie, NY 12601
Detailed Project Description**

PROJECT DESCRIPTION

The Locust Grove Apartments is a proposed multi-family development situated along South Road between Field Court and Sharon Drive in the Town of Poughkeepsie. Located on the west side of the Town, approximately 2.5 miles south of the City of Poughkeepsie, this project will deliver much needed housing in an area presently filled with valuable commercial, retail, and recreational destinations. The site is also strategically located for residents commuting into the City of Poughkeepsie or to other regional employment centers along Route 9.

The project proposes to improve a currently vacant parcel with four (4) two-story apartment buildings, each containing eight (8) residential units. The site is designed with the residences positioned set back from Route 9 and incorporates a variety of landscaping to provide shielding from the road, shade, and green space for residents. The proposed 68 parking spaces include six (6) ADA spaces as well as four (4) electric vehicle charging stations.

The buildings are designed in a traditional style with gabled roofs, columns, and a combination of wood and stone exteriors that are complementary to the existing houses along Field Court. Exterior patios on the first floor and balconies on the second floor provide each unit with private outdoor space. Each building contains eight (8) two-bedroom units of varying sizes and layouts which can be attractive to a variety of renters including growing families, employees of local businesses, workers with hybrid schedules, and students or faculty of the region's colleges and universities.

Increasing the supply of multifamily rental housing near established community centers is essential for meeting the growing demand for housing and is strongly supported by Dutchess County and Town of Poughkeepsie residents alike. The 2022 Dutchess County Housing Needs Assessment identifies increasing the supply of new multi-family rental developments – like the proposed Locust Grove Apartments – as imperative to helping Dutchess County “catch up” on the unmet need for rental housing. The Town of Poughkeepsie’s 2021 Comprehensive Plan Update establishes a goal of facilitating infill housing development within existing and growing community centers. To this end, the Plan identifies an Opportunity Area for this style of development just south of 2736-2738 South Ave at the Hudson Plaza Shopping Center, positioning

the Locust Grove Apartments near what will hopefully become a thriving and vibrant mixed-use neighborhood in the near future.

SALES AND MORTGAGE TAX EXEMPTION

The Dutchess County Industrial Development Agency's (IDA) financial assistance is necessary to realize a reasonable return on investment in the project as proposed. Without the requested benefits, the economics of the project are unfeasible, and the project would not be built.

The applicant is seeking assistance from the Dutchess County IDA for the following:

	Project Tax Revenue without Proposed IDA Assistance (project not feasible)	Project Tax Revenue with Proposed IDA Assistance	Proposed Tax Exemption	Tax Revenue if Project is Not Built
Sales Tax (Construction)	\$442,567.13 ¹	\$0.00	\$442,567.13	\$0.00
Mortgage Tax	\$105,000.00 ²	\$0.00	\$105,000.00	\$0.00

¹ This number represents sales tax generated from the total cost associated with the construction of the four buildings and associated infrastructure which is estimated to be \$7,781,400.00. Of this total, 70% is expected to be costs subject to sales tax (i.e., machinery and equipment) and 30% is expected to be labor and operating costs. The current sales tax rate is 8.125%.

$$70\% \text{ of } \$7,781,400.00 = \$5,446,980 * 8.125\% = \$442,567.13$$

² The anticipated mortgage for this project is \$10,000,000.00 and the current mortgage tax rate is 1.05%.

$$\$10,000,000.00 * 1.05\% = \$105,000.00$$

1. Sales Tax Exemption

During construction, the project would generate \$442,567.13 in Sales Tax. The Applicant is seeking a Sales Tax Exemption in the amount of (approximately) \$442,567.13.

2. The project is seeking an Exemption from the Mortgage Tax. Currently, the mortgage tax for multifamily residential properties is 1.05%. The anticipated mortgage for the project is \$10,000,000.00 which equates to a mortgage tax of \$105,000.00. The applicant is seeking a Mortgage Tax Exemption for \$105,000.00.

RE: LOCUST GROVE CROSSING, LLC – 2736-2738 SOUTH ROAD – AMENDED SITE PLAN
Grid # 6161-03-078100

Dear Mr. Lapine:

This letter is to inform you of the action taken by the Town of Poughkeepsie Planning Board at a meeting held on December 18, 2025, at which time you requested a SEQRA Consistency Review, Amended Site Plan Review, and Architectural Review for the development of a 32-unit multifamily development in four (4) buildings, eight units per building, with associated parking. The proposed buildings will be two (2) stories at 5,428 square feet per floor. Residence, Multifamily (R-M) Zoning District; $\pm$ 2.68 acres; Unlisted Action; *Locust Grove Crossing LLC, Applicant*.

A motion was made to open the public hearing.

Seconded: Nicole Gemmati
Carried: 6-0

A motion was made to close the public hearing.

Moved: Carl Whitehead
Seconded: Nicole Gemmati
Carried: 6-0

A motion was made that the Planning Board hereby adopt a SEQRA consistency determination finding that Locust Grove Crossing, LLC – 2736-2738 South Road, as modified, is not anticipated to create any new adverse environmental effects and reaffirm its prior determination of non-significance (negative declaration) dated June 20, 2024.

Moved: Nicole Gemmati
Seconded: Rocco Romeo
Carried: 6-0

A motion was made that the Planning Board grant conditional site plan approval for Locust Grove Crossing, LLC – 2736-2738 South Road – Amended Site Plan project, subject to the following:

Respond to comments of the Planning Board and those received from Town departments and Agencies and said response to be reviewed by the Planning Department as to adequacy and completeness, inclusive of, but not limited to, the following:

1. Town Planning Department comments dated December 12, 2025.
2. Town Building Department comments dated December 8, 2025.
3. Town Water Department comments dated December 8, 2025.
4. Arlington Fire Department comments dated December 8, 2025.
5. Town Engineering Department comments dated December 8, 2025.
6. Town Zoning Department comments dated December 4, 2025.
7. DC Department of Planning and Development comments dated December 4, 2025.
8. Town Sewer Department comments dated November 26, 2025.
9. DC Department of Health review.
10. Planning Board comments.
 - a. Applicant to look into the possibility of opening roadway access from Greenbriar to Priscilla Lane. Coordination with the Town Highway Department would be required and may require that the applicant come back to the Planning Board for this amendment.
 - b. Applicant to work with staff to identify locations of HVAC units. To be fully screened with evergreen or similar—nothing that takes too long to grow.
 - c. Applicant to review proposed snow storage and confirm placement of a note on the site plan stating that snow will be removed in the event of a significant event.
 - d. Applicant to consider changing the name of the proposed apartment complex. “Locust Grove” will cause confusion with historic landmark across the street.

Moved: Nicole Gemmati
Seconded: Rocco Romeo
Carried: 6-0

A motion was made to conditionally approve the architecture as presented, subject to:

1. Applicant to work with staff to identify locations of HVAC units. To be fully screened with evergreen or similar—nothing that takes too long to grow.

Moved: Carl Whitehead
Seconded: Nicole Gemmati
Carried: 6-0

NOTE TO THE APPLICANT:

In responding to the comments of the Planning Board, Planning Department Staff, any of the various Town Departments and Agencies, and any of the Town’s consultants, it is the responsibility of the applicant to prepare appropriate and complete responses to each and every comment contained in the comment letter(s) and memoranda listed above. Failure to submit appropriate and complete responses to each and every comment as noted may result in the removal of the application from the Planning Board agenda, or may delay plan signatures pending a revised response.

Very truly yours,

Carl Whitehead
