### Report on the Audit of the Financial Statements

#### Opinion

We have audited the accompanying financial statements of the Dutchess County Industrial Development Agency (the "Agency"), a component unit of Dutchess County, New York, as of and for the years ended December 31, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the Table of Contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Dutchess County Industrial Development Agency as of December 31, 2024 and 2023 and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* ("GAS"), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Agency, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, on pages 4-5 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Other Information**

Management is responsible for the other information included on pages 13-22. The other information is comprised of the Schedule of Conduit Indebtedness and Schedule of Other Information. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 12, 2025 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Agency's internal control over financial reporting and compliance.

NOTES TO THE FINANCIAL STATEMENTS**

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Organization and Purpose**

The Dutchess County Industrial Development Agency in Poughkeepsie, New York (the “Agency”) is a public benefit corporation established June 28, 1977, under the terms of Article 18-A, “New York State Industrial Development Agency Act” of New York State general municipal law.

The Agency was established to promote and assist in acquiring or constructing various business and recreational facilities and, in the process, advance job opportunities, health, general prosperity and economic welfare of the people of Dutchess County.

The Agency’s function is to authorize the issuance of industrial revenue bonds and to provide property, mortgage, and sales tax exemptions, to private entities, in order to promote economic development. The Agency reviews and determines whether to recommend approval of those applicants wishing to obtain financing. The Agency receives application fees from applicants and closing fees from those accepted for industrial revenue financing, such fees are recorded when earned.

The Agency contracts with the Dutchess County Local Development Corporation (the “DCLDC”) for administrative services.

**B. The Reporting Entity**

The Agency is considered a component unit of the financial reporting entity known as Dutchess County, New York. Inclusion in the financial reporting entity, Dutchess County, New York, is determined based on financial accountability as defined by Governmental Accounting Standards Board (“GASB”) Statement No. 14, “*The Financial Reporting Entity*,” as amended. Component units are legally separate entities for which Dutchess County, New York, is financially accountable. The Dutchess County legislature appoints all of the Agency’s seven Board Members. This level of control meets the criteria for financial accountability as defined by GASB.

**C. Basis of Accounting**

The financial statements of the Agency have been prepared in conformity with generally accepted accounting principles (“GAAP”), as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Under standards set by GASB, the Agency is considered a proprietary fund. Proprietary fund financial statements are prepared on the accrual basis of accounting, which records the financial effects of transactions and other events when these transactions and events occur. Revenues are recognized when they are earned and expenses are recognized when they are incurred. The measurement focus is the flow of economic resources.

**D. Cash and Cash Equivalents**

For the purpose of presenting the Statements of Cash Flows, the Agency considers all demand deposits, time and savings accounts and certificates of deposit with an original maturity of three months or less, to be cash or cash equivalents.

The Agency has adopted an investment policy in accordance with public authority law which is re-affirmed annually. Such policy defines the Agency’s investment objectives, authorization and collateralization procedures and monitoring of compliance with stated policies. As described below, the Agency is in compliance with such policies.

**DUTCHESS COUNTY INDUSTRIAL DEVELOPMENT AGENCY  
DUTCHESS COUNTY, NEW YORK  
NOTES TO THE FINANCIAL STATEMENTS**

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

**D. Cash and Cash Equivalents (Continued)**

Agency monies are deposited in FDIC insured commercial banks or trust companies located within the State. The Agency is authorized to use demand deposit, time and money market savings accounts and certificates of deposit. The Agency's cash balances were fully collateralized with securities held by the Agency's third-party custodian and are not subject to custodial credit risk.

**E. Accounts Receivable**

The Agency's accounts receivable consists primarily of receivables for compliance fees, other fees and overpayments. The Agency reviews individual accounts based on past history and communication with payors to determine collectability and has not identified any material uncollectible accounts. Accordingly, no allowance has been recorded as of December 31, 2024 and 2023.

**F. Use of Estimates**

The preparation of basic financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

**G. Subsequent Events**

The Agency evaluated subsequent events for disclosure and/or recognition in the financial statements from December 31, 2024 through March 12, 2025, the date on which the financial statements were available for issuance.

**II. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES**

At December 31, 2024 and 2023, accounts payable and accrued liabilities consisted primarily of professional service fees, refund of overpayments and service contract expenses incurred of \$49,573 and \$205,652, respectively.

**III. CONDUIT DEBT - INDUSTRIAL REVENUE BONDS**

To further economic development in the County, the Industrial Development Agency has issued bonds that provide capital financing to private-sector entities for the acquisition and construction of industrial and commercial facilities. The properties financed are pledged as collateral, and the bonds are payable solely from payment received from the private-sector entities on the underlying mortgage or promissory notes. In addition, no commitments beyond the collateral, the payments from the private-sector entities, and maintenance of the tax-exempt status of the conduit debt obligations were extended by the Industrial Development Agency for any of those bonds. At December 31, 2024 and 2023, the bonds have an aggregate outstanding principal amount payable of \$18,283,055 and \$19,044,379, respectively.

While in most instances the Agency is the holder of legal title to properties acquired with industrial revenue bond financing until such point in time as the construction of property improvements has been completed or satisfaction of the obligation has been affected in full, the Agency does not act as a guarantor in the event that the properties and revenues specified as collateral in the applicable financing agreement are insufficient to meet debt service requirements. Accordingly, recourse on the part of the lending institution is limited to those properties and revenues specified as collateral in the body of the applicable financing agreement.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of Directors  
Dutchess County Industrial Development Agency  
3 Neptune Road  
Poughkeepsie, New York 12601

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Dutchess County Industrial Development Agency (the “Agency”), a component unit of Dutchess County, New York, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Agency’s basic financial statements, and have issued our report thereon dated March 12, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audits of the financial statements, we considered the Agency’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
