I have been a Dutchess County resident all of my working life. I wouldn't have even considered acquiring this semiconductor manufacturing business, if not for the technical skills of the employees in the area. HES Industries benefited from the foundation laid by IBM which was a training ground for not only their direct employees but a vast network of surrounding supporting businesses.

JOHN R. MILLER, PRESIDENT / CEO, HYBRID ELECTROSTATIC (HES) INDUSTRIES, LLC

ADVANCED MANUFACTURING IN DUTCHESS COUNTY, NEW YORK
