There shall be no difference in the level of participation for members of the public who chose to attend via videoconference as for members of the public who chose to attend the meeting in person.
- g. The minutes of any meetings held via videoconferencing shall include which Board members, if any, participated remotely and shall be available to the public.
- h. All meetings held via videoconferencing shall be recorded and the recordings shall be posted on the Corporation's official website within five business days following the meeting.
