

*In the opinion of Nixon Peabody LLP, Bond Counsel, under existing law and assuming compliance with the tax covenants described herein, and the accuracy of certain representations and certifications made by the Issuer and the Institute described herein, interest on the Series 2016A-1 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). Bond Counsel is also of the opinion that such interest is not treated as a preference item in calculating the alternative minimum tax imposed under the Code with respect to individuals and corporations. Bond Counsel is further of the opinion that interest on the Series 2016A-1 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). Interest on the Series 2016A-2 Bonds is not excluded from gross income for federal income tax purposes under the Code and is not exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See "TAX MATTERS" herein regarding certain other tax considerations.*

### **Notice of Redemption**

The Trustee shall call the Series 2016A Bonds for optional redemption upon receipt of notice from the Issuer or the Institute directing such redemption, which notice shall be sent to the Trustee and the Issuer at least forty-five (45) days prior to the Redemption Date specified in such notice and shall specify (i) the principal amount of Series 2016A Bonds and their maturities so to be called for redemption, (ii) the applicable Redemption Price and (iii) the provision or provisions of the Indenture pursuant to which such Series 2016A Bonds are to be called for redemption. The Trustee shall call the Series 2016A Bonds for redemption as provided in the first paragraph under the heading "-Mandatory Redemption from Bond Fund" above as soon as practical upon notice from the Institute of the abandonment of the Facility or a portion thereof in accordance with the terms thereof without need for further direction from the Issuer or the Institute. The Trustee shall call Series 2016A Bonds for redemption as provided in the second paragraph under the heading "- Mandatory Redemption from Bond Fund" above and for sinking fund redemption on the applicable Sinking Fund Payment Dates without need for direction from the Institute or Issuer.

When the Series 2016A Bonds are to be redeemed pursuant to the Indenture, the Trustee shall give notice of the redemption of the Series 2016A Bonds in the name of the Issuer, by mail at least thirty (30) days and not more than sixty (60) days prior to said redemption to the Owner of each Series 2016A Bond to be redeemed at the address shown on the registration books, stating: (i) the Series 2016A Bonds to be redeemed; (ii) the Redemption Date; (iii) that such Series 2016A Bonds will be redeemed at the Office of the Trustee; (iv) that on the Redemption Date there shall become due and payable upon each Series 2016A Bond to be redeemed the Redemption Price thereof, together with interest accrued to the Redemption Date; and (v) that from and after the Redemption Date interest thereon shall cease to accrue. Any notice of redemption may be conditioned on sufficient funds being on deposit with the Trustee on the Redemption Date to effect such redemption and if sufficient funds are not on deposit, the redemption shall be rescinded and be of no further force and effect. Notwithstanding anything to the contrary contained in the Indenture, failure by the Trustee to give such notice by mail, or any defect therein, shall not affect the validity of any proceeding for the redemption of the Series 2016A Bonds.

### **Payment of Redeemed Series 2016A Bonds**

After notice shall have been given in the manner provided above, the Series 2016A Bonds or portions thereof called for redemption shall become due and payable on the Redemption Date so designated. Upon presentation and surrender of such Series 2016A Bonds at the Office of the Trustee, such Series 2016A Bonds shall be paid at the Redemption Price, plus accrued interest to the Redemption Date.

If, on the Redemption Date, moneys for the redemption of all the Series 2016A Bonds or portions thereof to be redeemed, together with interest thereon to the Redemption Date, shall be held by the Trustee so as to be available therefor on such date, the Series 2016A Bonds or portions thereof so called for redemption shall cease to bear interest, and such Series 2016A Bonds or portions thereof shall no longer be Outstanding under the Indenture or be secured by or be entitled to the benefits of the Indenture except with respect to payment of the Redemption Price thereof and accrued interest thereon to the Redemption Date. If such moneys shall not be so available on the Redemption Date, the notice of redemption shall be rescinded and such Series 2016A Bonds or portions thereof

shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption and shall continue to be secured by and be entitled to the benefits of the Indenture.

In the event of any partial redemption, the particular Series 2016A Bonds or portions thereof to be redeemed shall be selected by the Trustee not more than sixty (60) days prior to the Redemption Date from maturities designated in writing by the Institute, and within each maturity by lot or by such other method as the Trustee shall deem fair and appropriate, provided that for so long as the Series 2016A Bonds shall be Book Entry Bonds, the particular Series 2016A Bond or portions thereof to be redeemed within a maturity may be selected by lot by the Depository in such manner as the Depository may determine. If any maturity of the Series 2016A Bonds which is subject to sinking fund redemption is to be redeemed in part, the Trustee shall apply any partial redemption payments (other than a scheduled mandatory redemption) to the schedule of mandatory Sinking Fund Payments thereon as designated by the Institute. Further, the Trustee may provide for the selection for redemption of portions (equal to \$5,000 or any integral multiple denominations thereof) of Series 2016A Bonds subject to any partial redemption shall not be other than a whole multiple of \$5,000 thereof.

### **Registration, Transfer and Exchange**

So long as any Series of Bonds shall remain Outstanding, the Issuer shall maintain, at the Office of the Trustee, books for the registration and transfer such series of Bonds. The Trustee is appointed Bond Registrar for the Issuer under the Indenture for the purpose of registering and making transfers on such registration books for each Series of Bonds issued thereunder. The Trustee, as Bond Registrar, shall register in such books and permit to be transferred thereon, under such reasonable regulations as the Trustee may prescribe, any Series of Bonds entitled to registration or transfer.

Each Series 2016A Bond shall be transferable only on the books of the Trustee and upon surrender of the Series 2016A Bond, at the Office of the Trustee, together with a written instrument of transfer, satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing. Upon the transfer of any registered Series 2016A Bond, the Issuer shall issue in the name of the transferee a new registered Series 2016A Bond of the same aggregate principal amount and maturity and rate of interest as the surrendered Series 2016A Bond.

The Issuer, the Trustee and any Paying Agent may deem and treat the Person in whose name any Series 2016A Bond shall be registered upon the books of the Trustee as the absolute owner thereof, whether such Series 2016A Bond shall be overdue or not for the purpose of receiving payment of the principal of or Redemption Price and, except as otherwise provided in the Indenture, interest on such Series 2016A Bond and for all other purposes. All such payments so made to any such registered Owner or upon his order shall be valid and effectual to satisfy and discharge the liability of the Issuer upon such Series 2016A Bond to the extent of the sum or sums so paid. Neither the Issuer, the Trustee nor any Paying Agent shall be affected by any notice to the contrary.

In all cases in which the privilege of exchanging or transferring the Series 2016A Bonds is exercised, the Issuer shall execute and the Trustee shall authenticate and deliver the Series 2016A Bonds in accordance with the provisions of the Indenture. All Series 2016A Bonds surrendered in any exchanges or transfers shall forthwith be canceled in accordance with the provisions of the Indenture. For every exchange or transfer of the Series 2016A Bonds, whether temporary or definitive, the Issuer or the Trustee may make a charge sufficient to reimburse it for (i) any tax, fee or other governmental charge required to be paid with respect to the delivery of definitive Series 2016A Bonds in exchange for temporary Series 2016A Bonds, (ii) the cost of preparing each new Series 2016A Bond, and (iii) any other expenses of the Issuer or the Trustee incurred in connection therewith.

Neither the Issuer nor the Trustee shall be obligated to exchange or transfer any Series 2016A Bond during the ten (10) days next preceding (i) a Debt Service Payment Date, or (ii) in the case of any proposed redemption of Series 2016A Bonds, the date of the first mailing of notice of such redemption.

## **Acceleration**

Upon the occurrence of an Event of Default under Section 10.1(a)(v) the Loan Agreement or any similar provision in any other loan agreement with respect to any Additional Bond, all Series of Bonds Outstanding shall become immediately due and payable without action or notice of any kind on the part of the Trustee or the Issuer. Upon the occurrence and continuance of an Event of Default, the Trustee shall, by notice in writing delivered to the Issuer and the Institute, declare all Series of Bonds Outstanding immediately due and payable, and such Series of Bonds shall become and be immediately due and payable, anything in the Series of Bonds or in the Indenture to the contrary notwithstanding. In such event, there shall be due and payable on the Series of Bonds an amount equal to the total principal amount of all such Series of Bonds, plus all interest accrued thereon and which will accrue thereon to the date of payment. If all of the Series of Bonds Outstanding shall become so immediately due and payable, the Issuer and the Trustee shall as soon as possible declare by written notice to the Institute all unpaid installments payable by the Institute under the Loan Agreement or any similar provision in any other loan agreement with respect to any Additional Bonds to be immediately due and payable.

At any time after the principal of the Series 2016A Bonds shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under the Indenture, the Trustee may annul such declaration and its consequences with respect to any Series 2016A Bonds not then due by their terms if (i) moneys shall have been deposited in the Bond Fund sufficient to pay all matured installments of interest and principal, or the Redemption Price (other than principal then due only because of such declaration) of such Outstanding Series of Bonds; (ii) sufficient moneys shall be available to pay the amounts described in the Indenture; (iii) all other amounts then payable by the Issuer under the Indenture shall have been paid or a sum sufficient to pay the same shall have been deposited with the Trustee; and (iv) every other Event of Default known to the Trustee (other than a default in the payment of the principal of such Bonds then due only because of such declaration) shall have been remedied to the satisfaction of the Trustee. No such annulment shall extend to or affect any subsequent Event of Default or impair any right consequent thereon.

## **Book-Entry Only System**

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Series 2016A Bonds. The Series 2016A Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2016A Bond will be issued for each maturity of the Series 2016A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC .

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC . DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U .S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of the Series 2016A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2016A Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2016A Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2016A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2016A Bonds, except in the event that use of the book-entry system for the Series 2016A Bonds is discontinued.

To facilitate subsequent transfers, all Series 2016A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2016A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2016A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2016A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series 2016A Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2016A Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Series 2016A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal and interest payments on the Series 2016A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2016A Bonds at any time by giving reasonable written notice to the Issuer or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Series 2016A Bond certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Series 2016A Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

NONE OF THE ISSUER, THE INSTITUTE, THE UNDERWRITERS OR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO THE PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO: (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT ; (2) THE PAYMENT BY DTC OR ANY DTC PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL, REDEMPTION PRICE OR PURCHASE PRICE OR INTEREST ON THE SERIES 2016A BONDS; (3) THE DELIVERY BY DTC OR ANY DTC PARTICIPANT OF ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE INDENTURE TO BE GIVEN TO BOND OWNERS; (4) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE SERIES 2016A BONDS; OR (5) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS BONDOWNER.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE SERIES 2016A BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE BOND OWNERS OR REGISTERED HOLDERS OF THE SERIES 2016A BONDS SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE SERIES 2016A BONDS.

## SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2016A BONDS

The Series 2016A Bonds will be secured by (i) the Issuer’s rights and remedies under the Loan Agreement (except with respect to the Unassigned Rights), including the right to collect and receive loan payments required to be made thereunder and (ii) all other moneys and securities held from time to time by the Trustee for the Bondholders pursuant to the Indenture and all proceeds of the Series 2016A Bonds prior to the disbursement pursuant to the terms of the Indenture and the Loan Agreement, except moneys held in the Rebate Fund.

### Loan Agreement

#### *General*

Under the Loan Agreement, the Institute will be absolutely and unconditionally obligated to make loan payments to the Trustee, as the assignee of the Issuer, sufficient to provide for the payment of the principal of, and interest and premium, if any, on the Series 2016A Bonds when due, and to provide for deposits to the Bond Fund, if required, at the times and in the amounts required by the Indenture and the Loan Agreement. See APPENDIX C – “SUMMARY OF CERTAIN PROVISIONS OF THE INDENTURE AND THE LOAN AGREEMENT.”

#### *Debt Service Coverage Ratio*

Pursuant to the Loan Agreement, the Institute shall maintain at all times a Debt Service Coverage Ratio (as defined below) as of the last day of each Fiscal Year (a “Testing Date”) of at least 1.25:1.00 (the “Debt Service Coverage Covenant”). If (a) on any two consecutive Testing Dates, the Institute does not satisfy the coverage requirement, or (b) on any Testing Date, the coverage falls below 1.00:1.00, the Trustee may require the Institute to retain a Management Consultant to make recommendations that will enable the Institute to comply with the debt service coverage requirement. Compliance with the Debt Service Coverage Ratio covenant shall be tested annually commencing with the Fiscal Year ending May 31, 2017, on the basis of the Institute’s audited financial statements. Failure to maintain the required Debt Service Coverage Ratio, however, shall not be an Event of Default under the Loan Agreement. For purposes of the covenant, “Debt Service Coverage Ratio” means as of the date of calculation the ratio of (i) Operating Revenues Available for Debt Service to (ii) Annual Debt Service.

The following table sets forth the Debt Service Coverage Ratio of the Institute as measured for its five most recent fiscal years ending May 31:

	2011	2012	2013	2014	2015
Operating Revenue	\$129,924,614	\$142,544,883	\$145,278,881	\$144,841,274	\$145,296,750
Operating Expenses Less Depreciation, Amortization and Interest	113,891,465	120,133,344	124,933,728	125,857,116	126,191,767

#### *Available Assets to Debt Ratio.*

Pursuant to the Loan Agreement, the Institute further covenants that it shall maintain a ratio of Available Assets to Long-Term Indebtedness at least equal to 0.65:1.00 as of each Testing Date. Compliance with the Available Assets to Debt Ratio Covenant shall be tested annually commencing with the Fiscal Year ending May 31, 2017, on the basis of the Institute’s audited financial statements. If on any Testing Date the Institute does not satisfy the Available Assets to Debt Ratio requirement described above, or the percentage decline in the Available Assets to Debt Ratio from the Fiscal Year two years prior to the current Fiscal Year to the current Fiscal Year is fifty percent (50%) or greater, the Trustee may require the Institute to retain a Management Consultant. Failure to maintain the required Available Assets to Debt Ratio, however, shall not be an Event of Default under the Loan Agreement.

### ***Additional Indebtedness***

Pursuant to the Loan Agreement, the Institute may issue additional Long-Term Indebtedness or request the Issuer to issue one or more series of Additional Bonds under the Indenture, provided that (i) all terms and conditions for the incurrence of such additional Indebtedness or Additional Bonds under the Indenture have been satisfied, (ii) the Institute maintains a long-term debt rating not lower than Baa3 or BBB- from at least one rating agency, and (iii) (a) such additional Indebtedness is less than or equal to ten percent (10%) of the Institute's unrestricted and temporarily restricted net assets, or (b) the Institute provides to the Trustee a certificate containing pro forma calculations demonstrating that the Debt Service Coverage Covenant and the Available Assets to Debt Ratio each would have been met in the most recently completed fiscal year taking into account the proposed additional Indebtedness.

### **Pledged Revenues**

As security for the payment of all liabilities and the performance of all obligations of the Institute pursuant to the Loan Agreement, the Institute pledges, grants a security interest in, and assigns to the Issuer the Pledged Revenues and any deposit account of the Institute that may contain Pledged Revenues, together with the Institute's right to receive and collect the Pledged Revenues and the proceeds of the Pledged Revenues and of such right pursuant to the Loan Agreement. This pledge, grant of security interest in, and assignment of the Pledged Revenues shall be subordinate only to the Prior Pledges.

Prior Pledges are defined under the Indenture to mean the liens, pledges, charges, encumbrances and security interests made and given pursuant to (i) a loan agreement dated July 22, 2004 relating to the DASNY Culinary Institute of America Insured Revenue Bonds, Series 2004D, (ii) a loan agreement dated as of August 31, 2006 relating to the DASNY Culinary Institute of America Insured Revenue Bonds, Series 2006, (iii) a loan agreement dated as of September 19, 2012 relating to the DASNY The Culinary Institute of America Revenue Bonds, Series 2012, (iv) a loan agreement dated as of August 21, 2013 relating to the DASNY The Culinary Institute of America Revenue Bonds, Series 2013, (v) a loan agreement dated as of November 1, 2008 relating to the California Statewide Communities Development Authority Variable Rate Demand Revenue Bonds (The Culinary Institute of America) Series 2008 (the "Series 2008 Bonds"), as amended by the First Supplemental Loan Agreement, dated as of October 1, 2010 in connection with the conversion of the Series 2008 Bonds to "qualified tax-exempt obligations" in October 2010, and (vi) a loan agreement to be dated as of August 30, 2016 relating to the California Statewide Communities Development Authority Revenue Bonds, Series 2016B (The Culinary Institute of America Project).

The Institute represents and warrants that no part of the Pledged Revenues or any right to receive or collect the same or the proceeds thereof is subject to any lien, pledge, security interest of assignment, other than Prior Pledges, and that the Pledged Revenues assigned pursuant hereto are legally available to provide security for the Institute's performance under the Loan Agreement. The Institute agrees that it shall not, after the date of delivery of the Series 2016A Bonds, create or permit the creation of any pledge, assignment, encumbrance, restriction, security interest in or other commitment of or with respect to the Pledged Revenues which is prior or equal to the pledge made by the Loan Agreement.

### **The Mortgage**

In connection with the issuance of the Series 2016A Bonds, the Institute shall execute and deliver a Mortgage and Security Agreement, dated as of September 1, 2016 (the "Mortgage") from the Institute to the Issuer on a parcel including a student dormitory, related property rights and the proceeds thereof (the "Mortgaged Property"), including a security interest in certain fixtures, furnishings and equipment. The lien of the Mortgage will secure the payments required to be made by the Institute pursuant to the Loan Agreement. The Issuer will assign all of its right, title and interest in and to the Mortgage to the Trustee pursuant to an Assignment of Mortgage and Security Agreement, dated the Closing Date (the "Assignment").

## **THE ISSUER**

### **Purpose and Powers**

The Issuer is a not-for-profit local development corporation having an office for the transaction of business located at 3 Neptune Road, Poughkeepsie, New York 12601. ### **Limited Recourse on Series 2016A Bonds and the Issuer**

THE SERIES 2016A BONDS ARE LIMITED OBLIGATIONS OF THE ISSUER PAYABLE SOLELY FROM THE PAYMENTS MADE UNDER THE LOAN AGREEMENT AND FROM THE MONEYS AND SECURITIES HELD BY THE TRUSTEE UNDER THE INDENTURE. NEITHER THE ISSUER NOR ITS MEMBERS OR OFFICERS ARE PERSONALLY LIABLE WITH RESPECT TO THE SERIES 2016A BONDS. ACCORDINGLY, NO FINANCIAL INFORMATION WITH RESPECT TO THE ISSUER OR ITS MEMBERS OR OFFICERS HAS BEEN INCLUDED IN THIS OFFICIAL STATEMENT.

THE SERIES 2016A BONDS SHALL NOT BE A DEBT OF THE STATE OR THE COUNTY, AND NEITHER THE STATE NOR THE COUNTY SHALL BE LIABLE THEREON. THE ISSUER HAS NO TAXING POWER.

Except for the information contained herein under the caption "THE ISSUER" and "LITIGATION" insofar as it relates to the Issuer, the Issuer has not provided any of the information contained in this Official Statement. The Issuer is not responsible for, has not verified, reviewed or approved and does not certify as to the accuracy or sufficiency of the disclosures made herein or any other information provided by the Institute, the Underwriters or any other person.

## **THE INSTITUTE**

The Institute is a New York education corporation and an organization described under Section 501(c)(3) of the Code. The Institute has the sole responsibility for paying the debt service payments to become due on the Series 2016A Bonds. Certain information, including financial information, concerning the Institute is included in Appendices A and B hereto.

## **THE PROJECT**

The Project consists of (a) refunding of the Series 2004 Bonds, (b) the financing of new improvements at the Campus including, (i) improvements and renovations to the teaching kitchens located in the academic buildings on Campus, including renovations to air conditioning systems, air handlers and hoods, repair and replacement of flooring, walls, ceiling tiles and equipment and the creation of a new teaching bakeshop in the Continuing Education Building; (ii) improvements and renovations to the dining room and front service counter for the Apple Pie Bakery Café; (iii) improvements and renovations to the five restaurants on Campus, including replacement of equipment, painting, and repair and replacement of flooring, furniture and bathrooms; (iv) improvements and renovations to all residence halls, including window replacements, renovation of elevator shafts, replacement of carbon dioxide and smoke detectors, interior painting and repair and replacement of exterior trim, lighting, flooring, and window blinds; (v) improvements and renovations to the Student Commons, including, replacement of heating, cooling and humidity control systems for the indoor pool and refinishing the gym and racquetball court flooring; (vi) improvements and renovations to the main floor of the Library; (vii) improvements and renovations to Roth Hall, including bathroom renovations, carpet replacement, and replacement of flooring and furniture; (viii) improvements and renovations to other administrative buildings on Campus, including replacement of flooring and furniture; and (ix) Campus-wide exterior improvements, including curbing, sidewalk and staircase repairs, resurfacing roadways and parking lots and renovations to the courtyard of Hudson Hall and the plaza of the Library (collectively, the

#### **THE REFUNDING PLAN**

A portion of the proceeds of the Series 2016A Bonds will be used to refund the Series 2004 Bonds. Upon issuance of the Series 2016A Bonds, a portion of such proceeds are expected to be used, together with other available moneys, to defease the Series 2004 Bonds and pay the redemption price of the Series 2004 Bonds and the interest on such Series 2004 Bonds to the date fixed for redemption (the “Defeasance Payment”). A portion of the Series 2016A-2 Bonds will be used to pay the swap termination costs associated with the Series 2004C Bonds (the “Swap Termination Fee”).

The Defeasance Payment will be deposited with the trustee for the Series 2004 Bonds, upon the issuance and delivery of the Series 2016A Bonds, and will be held in trust solely for the payment of the redemption price of and interest on the Series 2004 Bonds. At the time of such deposit, DASNY will give such irrevocable instructions to the applicable trustee to give notice of the refunding and redemption of the Refunded Bonds and to apply the Defeasance Payment to the payment of the redemption price of and interest on the Series 2004 Bonds. In connection with the refunding, bond counsel to DASNY will render its opinion that, upon making such deposits with the applicable trustee and the issuance of certain irrevocable instructions to the trustee, the Series 2004 Bonds will, under the terms of the resolution under which they were issued, be deemed to have been paid and will no longer be outstanding. The Swap Termination Fee will be paid to Goldman Sachs Capital Markets, L.P. upon issuance and delivery of the Series 2016A Bonds.

**BONDHOLDERS' RISKS**

The following is a discussion of certain risks that could affect payments to be made with respect to the Series 2016A Bonds. Such discussion is not exhaustive, should be read in conjunction with all other parts of this Official Statement and should not be considered as a complete description of all risks that could affect such payments. Prospective purchasers of the Series 2016A Bonds should analyze carefully the information contained in this Official Statement, including the appendices hereto, and additional information in the form of the complete documents summarized herein, copies of which are available as described in this Official Statement.

**General**

The Series 2016A Bonds are payable from payments to be made by the Institute under the Loan Agreement. The ability of the Institute to comply with its obligations under the Loan Agreement depends primarily upon the ability of the Institute to continue to attract sufficient tuition-paying students to its educational programs, to

obtain sufficient revenues from related activities and to maintain sufficient creditworthiness. The Institute expects that revenues derived from its ongoing operations, together with other available resources, will at all times be sufficient to make the required payments on the Loan Agreement and the Institute will covenant under the Loan Agreement to make all such payments when due. There are certain risks, however, which might prevent the Institute from obtaining sufficient revenues from tuition and other sources to meet all of its obligations, including its obligations under the Loan Agreement. Purchasers of the Series 2016A Bonds should bear in mind that the occurrence of any number of events could adversely affect the ability of the Institute to generate such revenues. Future economic, demographic and other conditions, including the demand for culinary educational services, the ability of the Institute to provide the services required by students, economic developments and competition from other culinary educational institutions, together with changes in costs, may adversely affect revenues and expenses and, consequently, the ability of the Institute to provide for payments. The future financial condition of the Institute could also be adversely affected by, among other things, legislation and regulatory actions, and a number of other conditions which are unpredictable.

### **Financial Assistance**

The amount of available financial assistance is a significant factor in the decision of many students to attend a particular college or university. During the 2015-2016 academic year, approximately 90% of the Institute's enrolled students receive some form of financial assistance through the Institute. The level of financial assistance is directly affected by funding levels of federal, state and other financial aid programs. Any significant reduction in the level of financial assistance offered to prospective students could reduce the number of students enrolling at the Institute.

### **Investment Income**

The Institute's investment program for endowment and similar funds operates under an investment policy statement and guidelines established by the Board, which delegates direct oversight for the investment program to the Investment Committee of the Board. The consolidated endowment pool is managed by external money managers appointed for the purpose by the Investment Committee. Although the unrestricted portion of the Institute's endowment funds and the payout therefrom are available for debt service payments on the Series 2016A Bonds, no assurance can be given that unforeseen developments in the securities markets will not have an adverse effect on the market value of those investments and the income generated therefrom.

### **Fund Raising**

The Institute raises funds to finance its operations and capital development programs from a variety of benefactors. Although it plans to continue those efforts in the future, there can be no assurance that those efforts will be successful. Such efforts may be adversely affected by a number of factors, including general economic conditions and tax law changes affecting the deductibility of charitable contributions.

### **Government Funding**

The federal and state governments provide funding to support education, including tuition assistance. These sources of funding and the governmental programs that support them have been and will continue to be subject to modification and revision due to state and federal policy decisions, legislative action and government funding limitations. The financial condition of the Institute could be adversely affected by these actions and the ability of the Institute to maintain its creditworthiness will be based on its ability to successfully manage the outcome of any such actions.

### **Risks as Employer**

The Institute is a major employer, combining a complex mix of full-time faculty, part-time faculty, technical and clerical support staff and other types of workers in a single operation. As with all large employers, the Institute bears a wide variety of risks in connection with its employees. These risks include discrimination claims, personal tort actions, work-related injuries, exposure to hazardous materials, interpersonal torts (such as between

employees or between employees and students) and other risks that may flow from the relationships between employer and employee or between students and employees. Certain of these risks are not covered by insurance, and certain of them cannot be anticipated or prevented in advance.

### **Changes in Law**

Changes in law may impose new or added financial or other burdens on the operations of the Institute. Developments may include: (i) legislative or regulatory requirements for maintaining status as an organization exempt from taxation as described in Section 501(c)(3) of the Code; or (ii) challenges to State and local exemptions from real property tax and other taxes. It is not possible to predict the scope or effect of future legislative or regulatory actions with respect to taxation of not-for-profit corporations. There can be no assurance that future changes in the laws and regulations will not materially adversely affect the operations and financial condition of the Institute by requiring it to pay income or real property taxes (or other ad valorem taxes).

### **Tax-Exempt Status Change**

Loss of tax-exempt status by the Institute could result in loss of tax exemption of interest on the Series 2016A-1 Bonds and defaults in covenants regarding the Series 2016A-1 Bonds and other related tax-exempt debt would likely be triggered. However, loss of tax-exempt status by the Institute would not cause a mandatory redemption or acceleration on the Series 2016A-1 Bonds nor would it cause a change in the interest rates on the Series 2016A-1 Bonds. The maintenance by the Institute of its Section 501(c)(3) tax-exempt status depends, in part, upon compliance with general rules in the Code and related United States Treasury regulations regarding the organization and operation of tax-exempt entities, including their operation for charitable and educational purposes and their avoidance of transactions that may cause their assets to inure to the benefit of private individuals.

### **Additional Indebtedness**

The Institute may issue, incur or assume additional indebtedness without limitation, subject to compliance with the conditions contained in the Loan Agreement. See “Security and Sources of Payment for the Series 2016A Bonds - Loan Agreement - Additional Indebtedness” and “APPENDIX C - Glossary and Summary of Certain Documents - Summary of Certain Provisions of the Loan Agreement.” There is no assurance that, despite compliance with the covenants in the Loan Agreement, the ability of the Institute to make necessary payments to repay the Series 2016A Bonds would not be affected by the issuance of additional indebtedness.

### **Certain Matters Relating to Enforceability of the Indenture and Loan Agreement**

The obligation of the Institute to make payments on the Loan Agreement will be limited as the obligations of debtors typically are affected by bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or other similar laws or by equitable principles affecting the enforcement of creditors’ rights. If the Institute filed for the reduction of its debts in a proceeding under the federal Bankruptcy Code, the court could approve provisions modifying, eliminating or altering the rights of creditors generally, or any class of them, secured or unsecured. If the Institute should file a plan of reorganization (“Plan”), when confirmed by the court, such Plan binds all creditors who had notice or knowledge of the Plan and discharges all claims against the debtor as provided for in the Plan. No Plan may be confirmed unless certain conditions are met, among which are that the Plan is in the best interests of creditors, is feasible and has been accepted by each class of claims impaired thereunder. Each class of claims has accepted the Plan if at least two-thirds in dollar amount and more than one-half in number of the allowed claims of the class that are voted with respect to the Plan are cast in its favor. Even if the Plan is not so accepted, it may be confirmed if the court finds that the Plan is fair and equitable with respect to each class of non-accepting creditors impaired thereunder and does not discriminate unfairly.

In addition, there exists common law authority and authority under State statutes for the ability of the State courts to terminate the existence of a not-for-profit corporation or undertake supervision of its affairs on various grounds, including a finding that such corporation has insufficient assets to carry out its stated charitable purposes or has taken some action which renders it unable to carry out such purposes. Such court action may arise on the court’s own motion or pursuant to a petition of the State Attorney General or such other persons who have interests different

from those of the general public, pursuant to the common law and statutory power to enforce charitable trusts and to see to the application of their funds to their intended charitable uses.

### **No Debt Service Reserve Fund**

The Indenture does not provide for a Debt Service Reserve Fund with respect to the Series 2016A Bonds. Consequently, a failure of the Institute to make all scheduled payments under the Loan Agreement for any reason could result in a default in payments to the Bondholders.

### **Interest Rate Swap Risk**

The Institute is party to certain interest rate swap agreements to manage interest rate risk. Swap agreements are subject to periodic "mark-to-market" valuations and may, at any time, have a negative value (which could be substantial) to the Institute. Changes in the market value of such agreements could negatively or positively impact the Institute's financial condition, and such impact could be material. Further, such swap agreements may be subject to early termination upon the occurrence of certain specified events. If either the Institute or the swap provider terminates such an agreement when the agreement has a negative value to the Institute, the Institute could be obligated to make a termination payment to the swap provider in the amount of such negative value, and such payment could be substantial and potentially materially adverse to the Institute's financial condition. In the event of an early termination of a swap agreement, there can be no assurance that (i) the Institute would receive any termination payment payable to it by the applicable swap provider, (ii) the Institute would not be obligated to or would have sufficient monies to make a termination payment payable by it to the applicable swap provider, and (iii) the Institute would be able to obtain a replacement swap agreement with comparable terms.

### **Variable Rate Exposure Risk**

The Institute has outstanding variable rate debt as more fully described in Appendix A under "Outstanding Indebtedness". A rating change of the Institute's credit enhancers or liquidity providers may adversely affect the interest costs on the Institute's variable rate debt or may render such variable rate debt unmarketable.

### **Secondary Market for the Series 2016A Bonds**

There can be no assurance that there will be a secondary market for purchase or sale of the Series 2016A Bonds. From time to time there may be no market for the Series 2016A Bonds depending upon prevailing market conditions, including the financial condition or market position of firms who may make the secondary market, the evaluation of the Institute's capabilities and the financial condition and results of operations of the Institute.

## **CONTINUING DISCLOSURE OBLIGATIONS**

Because the Series 2016A Bonds are limited obligations of the Issuer, payable solely from amounts received from the Institute, financial or operating data concerning the Issuer is not material to an evaluation of the offering of the Series 2016A Bonds or to any decision to purchase, hold or sell the Series 2016A Bonds. Accordingly, the Issuer is not providing any such information. The Institute has undertaken all responsibilities for any continuing disclosure to the Series 2016A Bondholders, as described below, and the Issuer shall have no liability to the Series 2016A Bondholders or any other Person with respect to Rule 15c2-12 ("Rule 15c2-12") promulgated under the Securities Exchange Act of 1934 by the Securities and Exchange Commission.

The Institute believes it has met its past continuing disclosure obligations in all material respects by annually filing within 120 days after the close of its fiscal year its financial statements and operating information. Certain operating information was not available within the 120 days requirement and was filed as "draft information" within 120 days and subsequently filed as "final". Other narrative operating information may not have been filed as required. As a result, the Institute may not have timely provided certain information in the past five years that it had agreed to provide in prior continuing disclosure agreements, including certain operating data relating to continuing education, retention and employee relations. The Institute filed this information anywhere from 9 to 37 days later than the date required under the continuing disclosure agreements.

The Institute has since put in place procedures to ensure all Series 2016A Bonds related future filings are completed in accordance with Rule 15c2-12 and is working on revised internal procedures to insure timely compliance with prior continuing disclosure agreements. To further assist the Underwriters in complying with Rule 15c2-12, the Institute will enter into a written agreement (the “Continuing Disclosure Agreement”) for the benefit of the Series 2016A Bondholders with Digital Assurance Certification LLC (“DAC”), as disclosure dissemination agent and the Trustee. The proposed form of the Continuing Disclosure Agreement is attached as Appendix D hereto.

## **TAX MATTERS - SERIES 2016A-1 BONDS**

### **Federal Income Taxes**

The Internal Revenue Code of 1986, as amended (the “Code”), imposes certain requirements that must be met subsequent to the issuance and delivery of the Series 2016A-1 Bonds for interest thereon to be and remain excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause the interest on the Series 2016A-1 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issue of the Series 2016A-1 Bonds. Pursuant to the Indenture, the Loan Agreement and the Tax Regulatory Agreement for the Series 2016A-1 Bonds, the Issuer and the Institute have covenanted to comply with the applicable requirements of the Code in order to maintain the exclusion of the interest on the Series 2016A-1 Bonds from gross income for federal income tax purposes pursuant to Section 103 of the Code. In addition, the Issuer and the Institute have made certain representations and certifications in the Indenture, the Loan Agreement and the Tax Regulatory Agreement. Bond Counsel will also rely on the opinion of counsel to the Institute as to all matters concerning the status of the Institute as an organization described in Section 501(c)(3) of the Code and exempt from federal income tax under Section 501(a) of the Code. Bond Counsel will not independently verify the accuracy of those representations and certifications or that opinion.

In the opinion of Nixon Peabody LLP, Bond Counsel, under existing law and assuming compliance with the aforementioned covenant, and the accuracy of certain representations and certifications made by the Issuer and the Institute described above, interest on the Series 2016A-1 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code. Bond Counsel is also of the opinion that such interest is not treated as a preference item in calculating the alternative minimum tax imposed under the Code with respect to individuals and corporations. Interest on the Series 2016A-1 Bonds is, however, included in the adjusted current earnings of certain corporations for purposes of computing the alternative minimum tax imposed on such corporations.

### **State Taxes**

Bond Counsel is also of the opinion that interest on the Series 2016A-1 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof, including The City of New York, assuming compliance with the tax covenants and the accuracy of the representations and certifications described under the heading “Federal Income Taxes.” Bond Counsel expresses no opinion as to other New York State or local tax consequences arising with respect to the Series 2016A-1 Bonds nor as to the taxability of the Series 2016A-1 Bonds or the income therefrom under the laws of any state other than the State of New York.

### **Original Issue Premium**

Series 2016A-1 Bonds sold at prices in excess of their principal amounts are “Premium Bonds”. An initial purchaser with an initial adjusted basis in a Premium Bond in excess of its principal amount will have amortizable bond premium which is not deductible from gross income for federal income tax purposes. The amount of amortizable bond premium for a taxable year is determined actuarially on a constant interest rate basis over the term of each Premium Bond based on the purchaser’s yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, over the period to the call date, based on the purchaser’s yield to the call date and giving effect to any call premium). For purposes of determining gain or loss on the sale or other disposition of a Premium Bond, an initial purchaser who acquires such obligation with an amortizable bond premium is required to decrease such purchaser’s adjusted basis in such Premium Bond annually by the amount of amortizable bond premium for the taxable year. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Series 2016A-1 Bonds.

Owners of the Premium Bonds are advised that they should consult with their own advisors with respect to the state and local tax consequences of owning such Premium Bonds.

### **Ancillary Tax Matters**

Ownership of the Series 2016A-1 Bonds may result in other federal tax consequences to certain taxpayers, including, without limitation, certain S corporations, foreign corporations with branches in the United States, property and casualty insurance companies, individuals receiving Social Security or Railroad Retirement benefits, and individuals seeking to claim the earned income credit. Ownership of the Series 2016A-1 Bonds may also result in other federal tax consequences to taxpayers who may be deemed to have incurred or continued indebtedness to purchase or to carry the Series 2016A-1 Bonds. Prospective investors are advised to consult their own tax advisors regarding these rules.

Interest paid on tax-exempt obligations such as the Series 2016A-1 Bonds is subject to information reporting to the Internal Revenue Service (the “IRS”) in a manner similar to interest paid on taxable obligations. In addition, interest on the Series 2016A-1 Bonds may be subject to backup withholding if such interest is paid to a registered owner that (a) fails to provide certain identifying information (such as the registered owner’s taxpayer identification number) in the manner required by the IRS, or (b) has been identified by the IRS as being subject to backup withholding.

Bond Counsel is not rendering any opinion as to any federal tax matters other than those described in the opinion attached as Appendix E to this Official Statement. Prospective investors, particularly those who may be subject to special rules described above, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Series 2016A-1 Bonds, as well as any tax consequences arising under the laws of any state or other taxing jurisdiction.

### **Changes in Law and Post Issuance Events**

Legislative or administrative actions and court decisions, at either the federal or state level, could have an adverse impact on the potential benefits of the exclusion from gross income of the interest on the Series 2016A-1 Bonds and for federal or state income tax purposes, and thus on the value or marketability of the Series 2016A-1 Bonds. This could result from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), repeal of the exclusion of the interest on the Series 2016A-1 Bonds from gross income for federal or state income tax purposes, or otherwise. We note that in each year since 2011, President Obama released legislative proposals that would limit the extent of the exclusion from gross income of interest on obligations of states and political subdivisions under Section 103 of the Code (including the Series 2016A-1 Bonds) for taxpayers whose income exceeds certain thresholds. It is not possible to predict whether any legislative or administrative actions or court decisions having an adverse impact on the federal or state income tax treatment of holders of the Series 2016A-1 Bonds may occur. Prospective purchasers of the Series 2016A-1 Bonds should consult their own tax advisors regarding the impact of any change in law on the Series 2016A-1 Bonds.

Bond Counsel has not undertaken to advise in the future whether any events after the date of issuance and delivery of the Series 2016A-1 Bonds may affect the tax status of interest on the Series 2016A-1 Bonds. Bond Counsel expresses no opinion as to any federal, state or local tax law consequences with respect to the Series 2016A-1 Bonds, or the interest thereon, if any action is taken with respect to the Series 2016A-1 Bonds or the proceeds thereof upon the advice or approval of other counsel.

The form of the approving opinion of Bond Counsel is attached to this Official Statement as APPENDIX E – “FORM OF APPROVING OPINION OF BOND COUNSEL.”

## TAX MATTERS - SERIES 2016A-2 BONDS

### **In General**

The following is a summary of certain anticipated United States federal income tax consequences of the purchase, ownership and disposition of the Series 2016A-2 Bonds. The summary is based upon the provisions of the Code, the Treasury Regulations promulgated thereunder and the judicial and administrative rulings and decisions now in effect, all of which are subject to change. Such authorities may be repealed, revoked, or modified, possibly with retroactive effect, so as to result in United States federal income tax consequences different from those described below. The summary generally addresses Series 2016A-2 Bonds held as capital assets within the meaning of Section 1221 of the Code and does not purport to address all aspects of federal income taxation that may affect particular investors in light of their individual circumstances or certain types of investors subject to special treatment under the federal income tax laws, including but not limited to financial institutions, insurance companies, dealers in securities or currencies, persons holding such Series 2016A-2 Bonds as a hedge against currency risks or as a position in a “straddle,” “hedge,” “constructive sale transaction” or “conversion transaction” for tax purposes, or persons whose functional currency is not the United States dollar. It also does not deal with holders other than original purchasers that acquire Series 2016A-2 Bonds at their initial issue price except where otherwise specifically noted. Potential purchasers of the Series 2016A-2 Bonds should consult their own tax advisors in determining the federal, state, local, foreign and other tax consequences to them of the purchase, holding and disposition of the Series 2016A-2 Bonds.

The Issuer has not sought and will not seek any rulings from the Internal Revenue Service with respect to any matter discussed herein. No assurance can be given that the Internal Revenue Service would not assert, or that a court would not sustain, a position contrary to any of the tax characterizations and tax consequences set forth below.

### **U.S. Holders**

As used herein, the term “U.S. Holder” means a beneficial owner of Series 2016A-2 Bonds that is (a) an individual citizen or resident of the United States for federal income tax purposes, (b) a corporation, including an entity treated as a corporation for federal income tax purposes, created or organized in or under the laws of the United States or any State thereof (including the District of Columbia), (c) an estate whose income is subject to federal income taxation regardless of its source, or (d) a trust if a court within the United States can exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust. Notwithstanding clause (d) of the preceding sentence, to the extent provided in Treasury regulations, certain trusts in existence on August 20, 1996, and treated as United States persons prior to that date that elect to continue to be treated as United States persons also will be U.S. Holders. In addition, if a partnership (or other entity or arrangement treated as a partnership for federal income tax purposes) holds Series 2016A-2 Bonds, the tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. If a U.S. Holder is a partner in a partnership (or other entity or arrangement treated as a partnership for federal income tax purposes) that holds Series 2016A-2 Bonds, the U.S. Holder is urged to consult its own tax advisor regarding the specific tax consequences of the purchase, ownership and dispositions of the Series 2016A-2 Bonds.

### **Federal Taxation of Interest Generally**

Interest on the Series 2016A-2 Bonds is not excluded from gross income for federal income tax purposes under Code section 103 and so will be fully subject to federal income taxation. Purchasers (other than those who purchase Series 2016A-2 Bonds in the initial offering at their principal amounts) will be subject to federal income tax accounting rules affecting the timing and/or characterization of payments received with respect to such Series 2016A-2 Bonds. In general, interest paid on the Series 2016A-2 Bonds and recovery of any accrued original issue discount and market discount will be treated as ordinary income to a Bondholder, and after adjustment for the foregoing, principal payments will be treated as a return of capital to the extent of the U.S. Holder’s adjusted tax basis in the Series 2016A-2 Bonds and capital gain to the extent of any excess received over such basis.

## **State Taxes**

Interest on the Series 2016A-2 Bonds is not exempt from personal income taxes imposed by the State of New York and its political subdivisions, including The City of New York. Bond Counsels express no opinion as to other state or local tax law consequences arising with respect to the Series 2016A-2 Bonds nor as to the taxability of the Series 2016A-2 Bonds or the income derived therefrom under the laws of any state other than the State of New York.

## **Original Issue Discount**

The following summary is a general discussion of certain federal income tax consequences of the purchase, ownership and disposition of Series 2016A-2 Bonds issued with original issue discount (“2016A-2 Discount Bonds”). A Series 2016A-2 Bond will be treated as having been issued at an original issue discount if the excess of its “stated redemption price at maturity” (defined below) over its issue price (defined as the initial offering price to the public at which a substantial amount of the Series 2016A-2 Bonds of the same maturity have first been sold to the public, excluding bond houses and brokers) equals or exceeds one quarter of one percent of such Bond’s stated redemption price at maturity multiplied by the number of complete years to its maturity (or, in the case of an installment obligation, its weighted average maturity).

A Bond’s “stated redemption price at maturity” is the total of all payments provided by the Series 2016A-2 Bond that are not payments of “qualified stated interest.” Generally, the term “qualified stated interest” includes stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate or certain floating rates.

In general, the amount of original issue discount includible in income by the initial holder of a 2016A-2 Discount Bond is the sum of the “daily portions” of original issue discount with respect to such Series 2016A-2 Bond for each day during the taxable year in which such holder held such Bond. The daily portion of original issue discount on any 2016A-2 Discount Bond is determined by allocating to each day in any “accrual period” a ratable portion of the original issue discount allocable to that accrual period.

An accrual period may be of any length, and may vary in length over the term of a Bond, provided that each accrual period is not longer than one year and each scheduled payment of principal or interest occurs at the end of an accrual period. The amount of original issue discount allocable to each accrual period is equal to the difference between (i) the product of the Bond’s adjusted issue price at the beginning of such accrual period and its yield to maturity (determined on the basis of compounding at the close of each accrual period and appropriately adjusted to take into account the length of the particular accrual period) and (ii) the amount of any qualified stated interest payments allocable to such accrual period. The “adjusted issue price” of a 2016A-2 Discount Bond at the beginning of any accrual period is the sum of the issue price of the 2016A-2 Discount Bond plus the amount of original issue discount allocable to all prior accrual periods minus the amount of any prior payments on the Series 2016A-2 Bond that were not qualified stated interest payments. Under these rules, holders generally will have to include in income increasingly greater amounts of original issue discount in successive accrual periods.

Holdes utilizing the accrual method of accounting may generally, upon election, include in gross income all interest (including stated interest, acquisition discount, original issue discount, de minimis original issue discount, market discount, de minimis market discount, and unstated interest, as adjusted by any amortizable bond premium or acquisition premium) on the Series 2016A-2 Bond by using the constant yield method applicable to original issue discount, subject to certain limitations and exceptions.

## **Market Discount**

Any owner who purchases a Series 2016A-2 Bond at a price which includes market discount (i.e., at a purchase price that is less than its adjusted issue price in the hands of an original owner) in excess of a prescribed de minimis amount will be required to recharacterize all or a portion of the gain as ordinary income upon receipt of each scheduled or unscheduled principal payment or upon other disposition. In particular, such owner will generally be required either (a) to allocate each such principal payment to accrued market discount not previously included in

income and to recognize ordinary income to that extent and to treat any gain upon sale or other disposition of such a Series 2016A-2 Bond as ordinary income to the extent of any remaining accrued market discount or (b) to elect to include such market discount in income currently as it accrues on all market discount instruments acquired by such owner on or after the first day of the taxable year to which such election applies.

The Code authorizes the Treasury Department to issue regulations providing for the method for accruing market discount on debt instruments the principal of which is payable in more than one installment. Until such time as regulations are issued by the Treasury Department, certain rules described in the legislative history of the Tax Reform Act of 1986 will apply. Under those rules, market discount will be included in income either (a) on a constant interest basis or (b) in proportion to the accrual of stated interest.

An owner of a Series 2016A-2 Bond who acquires such Series 2016A-2 Bond at a market discount also may be required to defer, until the maturity date of such Series 2016A-2 Bonds or the earlier disposition in a taxable transaction, the deduction of a portion of the amount of interest that the owner paid or accrued during the taxable year on indebtedness incurred or maintained to purchase or carry a Series 2016A-2 Bond in excess of the aggregate amount of interest (including original issue discount) includable in such owner's gross income for the taxable year with respect to such Bond. The amount of such net interest expense deferred in a taxable year may not exceed the amount of market discount accrued on the Series 2016A-2 Bond for the days during the taxable year on which the owner held the Series 2016A-2 Bond and, in general, would be deductible when such market discount is includable in income. The amount of any remaining deferred deduction is to be taken into account in the taxable year in which the Series 2016A-2 Bond matures or is disposed of in a taxable transaction. In the case of a disposition in which gain or loss is not recognized in whole or in part, any remaining deferred deduction will be allowed to the extent gain is recognized on the disposition. This deferral rule does not apply if the Bondholder elects to include such market discount in income currently as described above.

### **Bond Premium**

A purchaser of a Series 2016A-2 Bond who purchases such Series 2016A-2 Bond at a cost greater than its remaining redemption amount will have amortizable bond premium. If the holder elects to amortize this premium under Section 171 of the Code (which election will apply to all Series 2016A-2 Bonds held by the holder on the first day of the taxable year to which the election applies and to all Series 2016A-2 Bonds thereafter acquired by the holder), such a holder must amortize the premium using constant yield principles based on the holder's yield to maturity. Amortizable bond premium is generally treated as an offset to interest income, and a reduction in basis is required for amortizable bond premium that is applied to reduce interest payments. Purchasers of any Series 2016A-2 Bonds who acquire such Series 2016A-2 Bonds at a premium should consult with their own tax advisors with respect to state and local tax consequences of owning such Series 2016A-2 Bonds.

### **Surtax on Unearned Income**

Recently enacted legislation generally imposes a tax of 3.8% on the "net investment income" of certain individuals, trusts and estates for taxable years beginning after December 31, 2012. Among other items, net investment income generally includes gross income from interest and net gain attributable to the disposition of certain property, less certain deductions. U.S. Holders should consult their own tax advisors regarding the possible implications of this legislation in their particular circumstances.

### **Sale or Redemption of Bonds**

A Bondholder's adjusted tax basis for a Series 2016A-2 Bond is the price such owner pays for the Series 2016A-2 Bond plus the amount of original issue discount and market discount previously included in income and reduced on account of any payments received on such Series 2016A-2 Bond other than "qualified stated interest" and any amortized bond premium. Gain or loss recognized on a sale, exchange or redemption of a Bond, measured by the difference between the amount realized and the Bondholder's tax basis as so adjusted, will generally give rise to capital gain or loss if the Series 2016A-2 Bond is held as a capital asset (except in the case of Series 2016A-2 Bonds acquired at a market discount, in which case a portion of the gain will be characterized as interest and therefore ordinary income).

If the terms of the Series 2016A-2 Bonds are materially modified, in certain circumstances, a new debt obligation would be deemed created and exchanged for the prior obligation in a taxable transaction. Among the modifications which may be treated as material are those which related to the redemption provisions and, in the case of a nonrecourse obligation, those which involve the substitution of collateral. The defeasance of the Series 2016A-2 Bonds may also result in a deemed sale or exchange of such Series 2016A-2 Bonds under certain circumstances.

EACH POTENTIAL HOLDER OF SERIES 2016A-2 BONDS SHOULD CONSULT ITS OWN TAX ADVISOR CONCERNING (1) THE TREATMENT OF GAIN OR LOSS ON SALE OR REDEMPTION OF THE SERIES 2016A-2 BONDS, AND (2) THE CIRCUMSTANCES IN WHICH SERIES 2016A-2 BONDS WOULD BE DEEMED REISSUED AND THE LIKELY EFFECTS, IF ANY, OF SUCH REISSUANCE.

### **Non-U.S. Holders**

The following is a general discussion of certain United States federal income tax consequences resulting from the beneficial ownership of Series 2016A-2 Bonds by a person other than a U.S. Holder, a former United States citizen or resident, or a partnership or entity treated as a partnership for United States federal income tax purposes (a "Non-U.S. Holder").

Subject to the discussion of backup withholding and the Foreign Account Tax Compliance Act ("FATCA"), payments of principal by the Issuer or any of its agents (acting in its capacity as agent) to any Non-U.S. Holder will not be subject to federal withholding tax. In the case of payments of interest to any Non-U.S. Holder, however, federal withholding tax will apply unless the Non-U.S. Holder (1) does not own (actually or constructively) 10-percent or more of the voting equity interests of the Issuer, (2) is not a controlled foreign corporation for United States tax purposes that is related to the Issuer (directly or indirectly) through stock ownership, and (3) is not a bank receiving interest in the manner described in Section 881(c)(3)(A) of the Code. In addition, either (1) the Non-U.S. Holder must certify on the applicable IRS Form W-8 (series) (or successor form) to the Issuer, its agents or paying agents or a broker under penalties of perjury that it is not a U.S. person and must provide its name and address, or (2) a securities clearing organization, bank or other financial institution, that holds customers' securities in the ordinary course of its trade or business and that also holds the Series 2016A-2 Bonds must certify to the Issuer or its agent under penalties of perjury that such statement on the applicable IRS Form W-8 (series) (or successor form) has been received from the Non-U.S. Holder by it or by another financial institution and must furnish the interest payor with a copy.

Interest payments may also be exempt from federal withholding tax depending on the terms of an existing Federal Income Tax Treaty, if any, in force between the U.S. and the resident country of the Non-U.S. Holder. The U.S. has entered into an income tax treaty with a limited number of countries. In addition, the terms of each treaty differ in their treatment of interest and original issue discount payments. Non-U.S. Holders are urged to consult their own tax advisor regarding the specific tax consequences of the receipt of interest payments, including original issue discount. A Non-U.S. Holder that does not qualify for exemption from withholding as described above must provide the Issuer or its agent with documentation as to his, her, or its identity to avoid the U.S. backup withholding tax on the amount allocable to a Non-U.S. Holder. The documentation may require that the Non-U.S. Holder provide a U.S. tax identification number.

If a Non-U.S. Holder is engaged in a trade or business in the United States and interest on a Series 2016A-2 Bond held by such holder is effectively connected with the conduct of such trade or business, the Non-U.S. Holder, although exempt from the withholding tax discussed above (provided that such holder timely furnishes the required certification to claim such exemption), may be subject to United States federal income tax on such interest in the same manner as if it were a U.S. Holder. In addition, if the Non-U.S. Holder is a foreign corporation, it may be subject to a branch profits tax equal to 30% (subject to a reduced rate under an applicable treaty) of its effectively connected earnings and profits for the taxable year, subject to certain adjustments. For purposes of the branch profits tax, interest on a Series 2016A-2 Bond will be included in the earnings and profits of the holder if the interest is effectively connected with the conduct by the holder of a trade or business in the United States. Such a holder must provide the payor with a properly executed IRS Form W-8ECI (or successor form) to claim an exemption from United States federal withholding tax.

Generally, any capital gain realized on the sale, exchange, retirement or other disposition of a Series 2016A-2 Bond by a Non-U.S. Holder will not be subject to United States federal income or withholding taxes if (1) the gain is not effectively connected with a United States trade or business of the Non-U.S. Holder, and (2) in the case of an individual, the Non-U.S. Holder is not present in the United States for 183 days or more in the taxable year of the sale, exchange, retirement or other disposition, and certain other conditions are met.

For newly issued or reissued obligations, such as the Series 2016A-2 Bonds, FATCA imposes U.S. withholding tax on interest payments and, for dispositions after December 31, 2018 (see IRS Notice 2015-66), gross proceeds of the sale of the Series 2016A-2 Bonds paid to certain foreign financial institutions (which is broadly defined for this purpose to generally include non-U.S. investment funds) and certain other non-U.S. entities if certain disclosure and due diligence requirements related to U.S. accounts or ownership are not satisfied, unless an exemption applies. An intergovernmental agreement between the United States and an applicable non-U.S. country may modify these requirements. In any event, Bondholders or beneficial owners of the Series 2016A-2 Bonds shall have no recourse against the Issuer, nor will the Issuer be obligated to pay any additional amounts to “gross up” payments to such persons, as a result of any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or government charges with respect to payments in respect of the Series 2016A-2 Bonds.

Non-U.S. Holders should consult their own tax advisors with respect to the possible applicability of federal withholding and other taxes upon income realized in respect of the Series 2016A-2 Bonds.

### **Information Reporting and Backup Withholding**

For each calendar year in which the Series 2016A-2 Bonds are outstanding, the Issuer, its agents or paying agents or a broker is required to provide the IRS with certain information, including a holder’s name, address and taxpayer identification number (either the holder’s Social Security number or its employer identification number, as the case may be), the aggregate amount of principal and interest paid to that holder during the calendar year and the amount of tax withheld, if any. This obligation, however, does not apply with respect to certain U.S. Holders, including corporations, tax-exempt organizations, qualified pension and profit sharing trusts, and individual retirement accounts and annuities.

If a U.S. Holder subject to the reporting requirements described above fails to supply its correct taxpayer identification number in the manner required by applicable law or under-reports its tax liability, the Issuer, its agents or paying agents or a broker may be required to make “backup” withholding of tax on each payment of interest or principal on the Series 2016A-2 Bonds. This backup withholding is not an additional tax and may be credited against the U.S. Holder’s federal income tax liability, provided that the U.S. Holder furnishes the required information to the IRS.

Under current Treasury Regulations, backup withholding and information reporting will not apply to payments of interest made by the Issuer, its agents (in their capacity as such) or paying agents or a broker to a Non-U.S. Holder if such holder has provided the required certification that it is not a U.S. person (as set forth in the second paragraph under “—Non-U.S. Holders” above), or has otherwise established an exemption (provided that neither the Issuer nor its agent has actual knowledge that the holder is a U.S. person or that the conditions of an exemption are not in fact satisfied).

Payments of the proceeds from the sale of a Series 2016A-2 Bond to or through a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, information reporting (but not backup withholding) may apply to those payments if the broker is one of the following:

- a U.S. person;
- a controlled foreign corporation for U.S. tax purposes;
- a foreign person 50-percent or more of whose gross income from all sources for the three-year period ending with the close of its taxable year preceding the payment was effectively connected with a United States trade or business; or
- a foreign partnership with certain connections to the United States.

Payment of the proceeds from a sale of a Series 2016A-2 Bond to or through the United States office of a broker is subject to information reporting and backup withholding unless the holder or beneficial owner certifies as to its taxpayer identification number or otherwise establishes an exemption from information reporting and backup withholding.

The preceding federal income tax discussion is included for general information only and may not be applicable depending upon a holder's particular situation. Holders should consult their tax advisors with respect to the tax consequences to them of the purchase, ownership and disposition of the Series 2016A-2 Bonds, including the tax consequences under federal, state, local, foreign and other tax laws and the possible effects of changes in those tax laws.

IN ALL EVENTS, ALL INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS IN DETERMINING THE FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE SERIES 2016A-2 BONDS.

### **CONSIDERATIONS FOR ERISA AND OTHER U.S. BENEFIT PLAN INVESTORS**

The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), imposes certain fiduciary obligations and prohibited transaction restrictions on employee pension and welfare benefit plans subject to Title I of ERISA ("ERISA Plans"). Section 4975 of the Code imposes essentially the same prohibited transaction restrictions on tax-qualified retirement plans described in Section 401(a) and 403(a) of the Code, which are exempt from tax under Section 501(a) of the Code, other than governmental and church plans as defined herein ("Qualified Retirement Plans"), and on Individual Retirement Accounts ("IRAs") described in Section 408(b) of the Code (collectively, "Tax-Favored Plans"). Certain employee benefit plans such as governmental plans (as defined in Section 3(32) of ERISA), and, if no election has been made under Section 410(d) of the Code, church plans (as defined in Section 3(33) of ERISA), are not subject to ERISA requirements. Additionally, such governmental and non-electing church plans are not subject to the requirements of Section 4975 of the Code. Accordingly, assets of such plans may be invested in the Series 2016A Bonds without regard to the ERISA and Code considerations described below, subject to the provisions of applicable federal and state law.

In addition to the imposition of general fiduciary obligations, including those of investment prudence and diversification and the requirement that a plan's investment be made in accordance with the documents governing the plan, Section 406 of ERISA and Section 4975 of the Code prohibit a broad range of transactions involving assets of ERISA Plans and Tax-Favored Plans and entities whose underlying assets include plan assets by reason of ERISA Plans or Tax-Favored Plans investing in such entities (collectively, "Benefit Plans") and persons who have certain specified relationships to the Benefit Plans ("Parties In Interest" or "Disqualified Persons"), unless a statutory or administrative exemption is available. The definitions of "Party in Interest" and "Disqualified Person" are expansive. While other entities may be encompassed by these definitions, they include, most notably: (1) fiduciary with respect to a plan; (2) a person providing services to a plan; and (3) an employer or employee organization any of whose employees or members are covered by the plan. Certain Parties in Interest (or Disqualified Persons) that participate in a prohibited transaction may be subject to a penalty (or an excise tax) imposed pursuant to Section 502(i) of ERISA (or Section 4975 of the Code) unless a statutory or administrative exemption is available.

Certain transactions involving the purchase, holding or transfer of the Series 2016A Bonds might be deemed to constitute prohibited transactions under ERISA and Section 4975 of the Code if assets of the Issuer were deemed to be assets of a Benefit Plan. Under final regulations issued by the United States Department of Labor (the "Plan Assets Regulation"), the assets of the Issuer would be treated as plan assets of a Benefit Plan for the purposes of ERISA and Section 4975 of the Code only if the Benefit Plan acquires an "equity interest" in the Issuer and none of the exceptions contained in the Plan Assets Regulation is applicable. An equity interest is defined under the Plan Assets Regulation as an interest in an entity other than an instrument which is treated as indebtedness under applicable local law and which has no substantial equity features. Although there can be no assurances in this regard, it appears that the Series 2016A Bonds should be treated as debt without substantial equity features for purposes of the Plan Assets Regulation. This determination is based upon the traditional debt features of the Series 2016A Bonds, including the reasonable expectation of purchasers of Series 2016A Bonds that the Series 2016A Bonds will be repaid when due, traditional default remedies, as well as the absence of conversion rights, warrants and other typical equity features. The debt treatment of the Series 2016A Bonds for ERISA purposes could change

subsequent to issuance of the Series 2016A Bonds. In the event of a withdrawal or downgrade to below investment grade of the rating of the Series 2016A Bonds or a characterization of the Series 2016A Bonds as other than indebtedness under applicable local law, the subsequent purchase of the Series 2016A Bonds or any interest therein by a Benefit Plan Investor is prohibited.

However without regard to whether the Series 2016A Bonds are treated as an equity interest for such purposes, though, the acquisition or holding of Series 2016A Bonds by or on behalf of a Benefit Plan could be considered to give rise to a prohibited transaction if the Issuer or the Issuing and Paying Agent, or any of their respective affiliates, is or becomes a Party in Interest or a Disqualified Person with respect to such Benefit Plan.

Most notably, ERISA and the Code generally prohibit the lending of money or other extension of credit between an ERISA Plan or Tax-Favored Plan and a Party in Interest or a Disqualified Person, and the acquisition of any of the Series 2016A Bonds by a Benefit Plan would involve the lending of money or extension of credit by the Benefit Plan. In such a case, however, certain exemptions from the prohibited transaction rules could be applicable depending on the type and circumstances of the plan fiduciary making the decision to acquire a Bond. Included among these exemptions are: Prohibited Transaction Class Exemption (“PTCE”) 96-23, regarding transactions effected by certain “in-house asset managers”; PTCE 90-1, regarding investments by insurance company pooled separate accounts; PTCE 95-60, regarding transactions effected by “insurance company general accounts”; PTCE 91-38, regarding investments by bank collective investment funds; and PTCE 84-14, regarding transactions effected by “qualified professional asset managers.” Further, the statutory exemption in Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provides for an exemption for transactions involving “adequate consideration” with persons who are Parties in Interest or Disqualified Persons solely by reason of their (or their affiliate’s) status as a service provider to the Benefit Plan involved and none of whom is a fiduciary with respect to the Benefit Plan assets involved (or an affiliate of such a fiduciary). There can be no assurance that any class or other exemption will be available with respect to any particular transaction involving the Series 2016A Bonds, or that, if available, the exemption would cover all possible prohibited transactions.

By acquiring a Series 2016A Bond (or interest therein), each purchaser and transferee (and if the purchaser or transferee is a Plan, its fiduciary) is deemed to represent and warrant that either (i) it is not acquiring the Series 2016A Bond (or interest therein) with the assets of a Benefit Plan Investor, governmental plan or church plan; or (ii) the acquisition and holding of the Series 2016A Bond(or interest therein) will not give rise to a nonexempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code. Benefit Plan Investors may not purchase the Series 2016A Bonds at any time that the ratings on the Series 2016A Bonds are below investment grade or the Series 2016A Bonds have been characterized as other than indebtedness for applicable local law purposes. A purchaser or transferee who acquires Series 2016A Bonds with assets of a Benefit Plan Investor represents that such purchaser or transferee has considered the fiduciary requirements of ERISA or other similar laws and has consulted with counsel with regard to the purchase or transfer.

Any ERISA Plan fiduciary considering whether to purchase the Series 2016A Bonds on behalf of an ERISA Plan should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code to such in investment and the availability of any of the exemptions referred to above. Persons responsible for investing the assets of Tax-Favored Plans that are not ERISA Plans should seek similar counsel with respect to the prohibited transaction provisions of the Code and the applicability of any similar state or federal law.

There is not now pending nor, to the knowledge of the Institute, threatened any litigation restraining or enjoining the execution or delivery of the Bond Documents to which the Institute is a party or questioning or affecting the validity of such documents or the proceedings or authority under which such documents were authorized or delivered. Neither the creation, organization or existence of the Institute nor the title of any of the present members or other officers of the Institute to their respective offices is being contested. There is no litigation pending or, to its knowledge, threatened which in any manner questions the right of the Institute to enter into the Bond Documents to which the Institute is a party or which would have a material adverse effect on the ability of the Institute to meet its obligations under the Loan Agreement.

## GENERAL INFORMATION

### History

The Culinary Institute of America (the “CIA” or the “Institute”) is the world’s premier culinary college dedicated to driving leadership development for the foodservice and hospitality industry. The independent, not-for-profit CIA offers associate degrees in culinary arts and baking and pastry arts; bachelor’s degree majors in management, culinary science, and applied food studies; and executive education through its Food Business School. Conferences and consulting services have made the CIA the “think tank” of the food service industry in the areas of health and wellness, sustainability, world cuisine and cultures, and professional excellence and innovation. The Institute also offers certificate programs and courses for professional and enthusiasts. Its worldwide network of 49,000 alumni includes leaders in every area of foodservice and hospitality. The CIA has campuses in New York, California, Texas and Singapore.

The CIA has enjoyed a distinctive and successful history characterized by rapid expansion in its 70 years of service. The Institute opened in 1946 as the New Haven Restaurant Institute, a storefront cooking school in downtown New Haven, Connecticut, with an enrollment of 50 students and a faculty consisting of a chef, a baker, and a dietitian. The Institute, at that time a vocational training school primarily for World War II veterans, offered a 16-week program featuring instruction in 78 popular menus of the day. Members of the New Haven Restaurant Association sponsored the original school, whose founders, Frances Roth and Katharine Angell, served as its first director and chair of the board, respectively.

As the foodservice industry grew, so did enrollment, necessitating a move in 1947 to larger quarters—a 40-room mansion adjacent to Yale University. The Institute’s name was changed to the Restaurant Institute of Connecticut and in 1952 it became known as The Culinary Institute of America, reflecting the diversity of the student population. The educational program was expanded to two years, and continuing education courses for industry professionals were introduced. By the time of Mrs. Roth’s retirement in 1965, the Institute had increased its enrollment to 400 students and operated a \$2 million facility.

In 1969, double-class sessions were initiated to accommodate a backlog of applications and an auxiliary campus was leased, but with more than 1,000 students and with facilities strained to the maximum, the CIA’s administrators launched a search for a new home. They found it in St. Andrew-on-Hudson, a former Jesuit seminary in Hyde Park, New York.

The Institute purchased the five-story, 150-room building on 80 acres of land overlooking the Hudson River for \$1 million in 1970. Two years and \$4 million in renovations later, the new campus opened, with its main building renamed Roth Hall. In 1972, the Board of Regents of the State of New York granted the CIA a charter to confer an Associate in Occupational Studies (“AOS”) degree. The new campus offered a trimester program in which students entered three times over the course of the year. In 1976, this was replaced by the Progressive Learning Year (“PLY”) program that enabled smaller groups of 72 students to graduate and enter the industry every three weeks, 16 times a year. A paid externship semester was created, offering students the opportunity to gain on-the-job experience by working in the foodservice industry.

The expanding curriculum and the additional space available in Roth Hall enabled the Institute to establish the Epicurean Room in 1973, a public restaurant that provided a realistic, hands-on setting for students. The restaurant was later renamed the Escoffier Restaurant and was awarded a three-star rating by *The New York Times* and four stars by the *Mobil Travel Guide*. The restaurant has also won *Restaurants & Institutions* magazine’s Ivy Award and was inducted into the *Nation’s Restaurant News* Hall of Fame. In 2012, it was transformed into The Bocuse Restaurant.

Today, students on all campuses acquire experience in the CIA’s other on-campus restaurants. The New York campus features The Ristorante Caterina de’ Medici which highlights seasonal Italian selections. A three-star, fine-dining establishment, the American Bounty Restaurant showcases American food, wine, and beer and is the recipient of the Ivy Award. The Apple Pie Bakery Café, features artisan breads, elegant pastries, and café cuisine. Pangea – a “pop-up” restaurant features plant-forward fare that reflects the need to protect our food resources by reducing the amount of meat protein and highlights vegetables, legumes and other grains. The California campus features The Wine Spectator featuring casual cuisine in an open kitchen concept and The Conservatory Restaurant a

farm to table concept. The Texas campus includes Nao – Latin Gastro Bar featuring Latin American cuisine. CIA students prepare and serve meals in the Institute’s on-campus public restaurants for catered functions and for student and employee dining.

As the curriculum—and the CIA’s reputation—expanded, the Institute continued to grow. Three residence halls were built on the Hyde Park campus in 1974 to accommodate 880 students, and a fourth residence hall housing 350 students was completed in 1986. An extensive culinary library was established, as was the Marriott Career Planning/Information Center and the Learning Resources Center.

In 1981, the Institute became the only school authorized to administer the American Culinary Federation (“ACF”) master chef certification exam. The Institute employs the largest concentration of master chefs certified through the eight-day ACF-sponsored exam.

The CIA began to serve the industry’s continuing training needs when it opened the Continuing Education Center in 1984. More than 6,000 foodservice professionals come to the Institute’s Hyde Park and Greystone California campuses annually to update and expand their culinary knowledge by participating in continuing education courses.

The CIA received a \$1 million grant in early 1988 from The General Foods Fund, Inc., and used those funds to construct the General Foods Nutrition Center to encourage education and research in nutritional cooking. In 1990, the Institute opened the School of Baking and Pastry, which in 1992 was dedicated as the Shunsuke Takaki School of Baking and Pastry.

In 1992, the CIA purchased 70 additional acres for its Hudson Valley campus. A year later, approval was granted by the New York Board of Regents for the Institute to offer two Bachelor of Professional Studies (BPS) degrees—one in Culinary Arts Management, the other in Baking and Pastry Arts Management. Also in 1993, the CIA opened the Conrad N. Hilton Library thanks in part to a \$1.5 million gift from the Conrad N. Hilton Foundation.

Responding to a growing need for food and wine professional development on the West Coast, the Institute opened The Culinary Institute of America at Greystone, a branch campus located in the heart of California’s Napa Valley, in 1995. Today, the CIA at Greystone offers AOS degree programs in Culinary Arts or Baking and Pastry Arts, certificate programs in Culinary Arts or Advanced Wines and Beverages, and programs for industry professionals and food enthusiasts.

The CIA continued to pursue ways to give students more opportunities to not only learn, but to enjoy campus life. The Institute opened the Student Recreation Center at its New York campus in July 1998. In January 2000, the Apple Pie Bakery Café commenced operations in Roth Hall in support of the CIA’s baking and pastry arts degree programs. In the spring of 2001, the CIA opened The Colavita Center for Italian Food and Wine, an educational facility devoted to the study of the culinary traditions of Italy. And in November 2002, the Institute opened the doors to the newly named Farquharson Hall (formerly Alumni Hall). The site of student dining, and special events, Farquharson Hall was painstakingly restored to its original splendor as the main chapel of the St. Andrew-on-Hudson Jesuit seminary.

In 2004, the New York campus added four Adirondack-style lodges for student housing, and two more in 2007. In 2005, Anton Plaza was completed and the Institute acquired 20 additional acres of land, bringing the total campus acreage to 170. A new Admissions Center was added in 2006, and townhouses were built on the north end of campus in 2012.

The year 2008 marked the opening of The Culinary Institute of America, San Antonio. The Texas branch campus offers Associate in Applied Science (“AAS”) degree programs in Culinary Arts or Baking and Pastry Arts, a certificate program in Latin cuisines, and programs for industry professionals and food enthusiasts.

In 2010, in partnership with the Singapore Institute of Technology, the CIA opened its Singapore campus. The CIA Singapore offers the Institute’s BPS degree program in Culinary Arts Management to graduates of polytechnic institutions with related diplomas. Classes are taught in the state-of-the arts facility on the campus of Temasek campus.

The Marriott Pavilion on the Hyde Park campus opened in 2014 and hosts commencement ceremonies, conferences, cultural events, and lectures by luminaries of the food industry. It features an 800-seat theater, culinary demonstration kitchen, conference space for 300, and Gastrotypographicalassemblage—a 33-foot-wide, eight-foot-tall, three-dimensional mural that hung at CBS headquarters from the 1960s through 1980s. The 1,650 individual letters spelling out culinary expressions and 65 food-related objects that make up this unique artwork are on display to the general public for the first time ever.

A new student dining facility, The Egg, made its debut in 2015 on the Hyde Park campus. The Egg offers a broad range of healthful and cutting-edge food options to students in a spectacular setting overlooking the Hudson River. To accomplish these objectives, the CIA integrated the principles of its Menus of Change initiative into the menu. These principles include increasing use of vegetables and fruits, developing dishes where meat plays more of a supporting role, making more of the grain options whole grain, and creating conscious menus that promote health and sustainability. Dining stations use local, responsible, and sustainable ingredients. Snacks focus on health, wellness, and the diversity of cultures and cuisines. The pricing structure provides a discount for students ordering healthier tasty dishes. There are no high-fructose sweetened beverages and, to help make caring for the environment part of campus culture, some beverages are free for students carrying reusable cups.

The Egg is also home to experiential classrooms. The High-Volume Production Cookery class serves breakfast, lunch, and dinner from a state-of-the-art kitchen called The Line. Management students in the Intrapreneurship concentration conceive and create a new foodservice operation each semester at the Innovation Kitchen. This program serves as an incubator for restaurant concepts. A microbrewery, The Brooklyn Brewery at the CIA, is home to a bachelor's-level Art and Science of Brewing class.

The Egg immediately has become the focal point of student life on campus. In addition to the many dining options, it features seven lounge areas seating 500 indoors and outdoor seating for 150 more, a special events stage and advanced sound system, large multi-media screens for movie and sports nights, and dozens of charging stations. A marketplace offers fresh, local produce and other artisanal ingredients for students to bring home to cook in their residence hall or off-campus housing.

Expanding the CIA's presence in the Napa Valley, the Institute recently acquired the Napa, California property that was once known as Copia: The American Center for Wine, Food and the Arts. The Culinary Institute of America at Copia will reestablish the facility with its original goal of providing excellence in culinary education. The Food Business School will be housed in the Copia location as well. Operations are expected to commence in this facility in September 2016.

In partnership with Salentodamore Societa Consortile A Responsabilita Limitata ("SSCRL"), students from the CIA will have the ability to participate in an immersive academic concentration in Italian cuisines and cultures. The concentration for students pursuing a CIA bachelor's degree in management features a semester abroad at the Costello di Ugento a newly restored 900 year-old castle in Puglia. The program begins in January 2017 and will be offered in both spring and fall semesters.

Today the CIA enrolls approximately 2,900 students in its degree programs and employs nearly 160 chef-instructors and other faculty members. The Institute's 48,000-plus graduates are leaders and pacesetters in the industry.

From the introduction of classes in American regional cuisine to the development of a nutrition program, The Culinary Institute of America has remained at the forefront of the issues and trends in foodservice. In the years ahead, the Institute will continue to carry out its mission of providing the very best education to train tomorrow's culinary leaders and innovators.

### **Greystone Student Housing**

The Institute expects within the next 60 days to enter into a long-term ground lease with a private developer for the acquisition, improvement and management of its Pratt Avenue student housing facility for the Greystone campus. The ground lease is expected to provide for the construction of 164 new beds and the acquisition of the 60 existing beds in a staggered fashion. Upon the acquisition of the existing beds in 2017, the developer is expected to pay the Institute approximately \$4.5 million as an acquisition payment which is expected to be used to prepay the

same amount of the Institute's Series 2008 Bonds. The developer will be solely responsible for the construction, operation and financing of the student housing and there will be no financial recourse to the Institute for either construction or operating costs. In addition to the \$4.5 million payment, the Institute will receive an annual ground lease payment, a license agreement fee pursuant to a license agreement and a management fee pursuant to a management agreement whereby the Institute will manage the student housing facility on behalf of the lessee.

## **Academic Programs**

### *Associate Degree Program*

The CIA's 21-month Associate Degree Program offered on all three domestic campuses includes 1,300 hours of hands-on practical kitchen experience as well as lecture-style classes in hospitality/management subjects. The Institute operates on a Progressive Learning Year that affords 16 entry dates and 16 graduations throughout the year. The program is divided into four 15-week semesters of required courses that all students must complete on campus and one 18-week on-the-job training session with a cooperating foodservice establishment. Students who successfully complete this program earn an Associate in Occupational Studies ("AOS") degree.

### *Baccalaureate Degree Program*

The CIA offers three majors resulting in a bachelor's degree: management, applied food studies, and culinary science. The management program stresses hands-on instruction in culinary arts or baking and pastry arts in the college's unparalleled facilities, and includes business-related courses in marketing, communications, finance, languages, world culture, and supervisory leadership. These programs are designed to prepare students with the culinary, management, and conceptual skills they need to excel in today's foodservice industry. Students may also opt to participate in an overseas travel experience in Italy, Spain, France, Latin America, or China or to pursue an academic concentration. Current concentrations are offered in American Food Studies: Farm-to-Table Cooking; Advanced Wine, Beverage, and Hospitality; Advanced Concepts in Baking and Pastry; "Intrapreneurship;" Asian Studies; and Latin Cuisine Studies. Most concentrations include a semester at one of the CIA's branch campuses.

The major in applied food studies provides an in-depth understanding of global food resources, policy and cultures, and their interconnections. Courses such as Anthropology of Food, Food Ecology, Food History, and Social Science complement the college's foundational hands-on kitchen and bake shop classes. Together they prepare graduates to impact food-related issues from a chef's perspective.

The culinary science degree applies a science-based understanding food and ingredients and how to use science to increase customer satisfaction. Graduates will be prepared to pursue careers in culinary research and development, as creative restaurant chefs, or in food production and delivery at large-scale operations such as the military or healthcare facilities. Courses include Culinary Chemistry, Dynamics of Heat Transfer, Flavor Science and Perception, and Precision Temperature Cooking.

### *Continuing Education Courses*

Offered in all three domestic campuses, continuing education courses provide advanced training opportunities for people already employed in the foodservice industry, the CIA offers a year-round schedule of educational programs in cooking, baking and pastry, and hospitality management at all three U.S. campuses. The curriculum is designed to strengthen the professional's existing skills, introduce new techniques, and foster an understanding of industry trends and their future applications.

### *Food Enthusiast Programs*

A variety of programs for food enthusiasts are offered as well at all three of the Institute's U.S.-based campuses, including weekend courses, Boot Camps, and Taste of the CIA cooking classes.

**Accreditation**

The Institute is accredited by the Middle States Commission on Higher Education, an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation. **Fund Raising**

During fiscal year 2015, the Institute recorded \$12 million in net contributions. Of this amount, \$10.4 million represented operating gifts and \$1.6 million represented contributions for plant and endowment. Cash and other gift revenue totaling \$6 million were received during the year and \$6 million in net pledge gifts were received. The Institute's pledge receivable as of May 31, 2015 was \$7.9 million, which is presented at net present value.

The Institute is entering its final year of its "Building on Excellence Campaign". The campaign which started on June 1, 2009 will end on May 31, 2017. The campaign seeks to raise \$100 million to transform the

campus and support student and faculty members. At the heart of the campaign is a need to create bold new facilities and renovate existing buildings. At May 31, 2016 the Institute raised over \$96 million or 95% of goal.

The chart which follows shows a six-year history of net gifts received.

<u>Fiscal Year</u>	<u>Net Gifts Received</u>

At May 31, 2015, total investments had a market value of \$148.5 million, of which the Institute estimates approximately \$141.0 million of investments could be liquidated within 90 days. At May 31, 2015, the Institute's Multi-Strategy investments were comprised of 52% global equities, 11% fixed income, 18% absolute return, 14% real assets and five percent private equity. The Institute's total investments managed by Perella Weinberg Partners (PWP), the Institute's outsourced chief investment officer, had a market value of \$139.3 million at May 31, 2015. During FY2016 the Institute liquidated \$15 million in investments in order to expand its presence in California with the purchase of "Copia" in the City of Napa. The total unaudited investment value at May 31, 2016 was \$123,641,166.

The Institute has adopted a total return spending policy on its endowment and similar funds. Under this policy, the Institute accounts for a spending rate of five percent based on the endowment fund's average fair value of the prior 12 quarters. The spending rate is accounted for as investment return designated for operations in operating revenues. Excess earnings, or investment return shortfalls, are accounted for in non-operating activities.

Historically the Institute's operations have generated sufficient cash flow such that the Institute has not drawn down funding from long term investments. In fiscal years 2015 and 2014, the Institute generated \$8.6 million and \$11.6 million, in positive cash flows from operations, respectively. The goal established by the Institute's Board of Trustees is to grow the Institute's long term investment value through investment earnings and appreciation, new gifts and operating surpluses.

The Institute's endowment is overseen by the Investment Committee of the Board of Trustees, and supported by PWP as investment consultant. The Investment Committee has the responsibility for maintaining the investment policy including the spending policy, asset allocation and rebalancing of the portfolio, and the selection

and/or retention of the investment manager(s). The Investment Committee meets on a quarterly basis with PWP to review performance, asset allocation and any other issues.

The following table details the market value of the Institute's endowment investments for the past five fiscal years ended May 31:

<b>Endowment Investments</b>					
	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>

**Pension Plans**

All employees of the Institute are eligible to participate in the Defined Contribution Plan sponsored by the Teacher's Insurance and Annuity Association. Under this defined contribution plan, the Institute makes annual contributions to the plans, which are immediately vested, for the benefit of the participants. There are no unfunded past service costs under this plan.

**Land, Building and Equipment**

The book value of the physical plant of the Institute has increased by more than 25% over the five fiscal years ended May 31, 2015. The following tabulation shows the book value of land, buildings and equipment and furnishings at May 31 of each of the last five fiscal years.

## Outstanding Indebtedness.

Long-term indebtedness of the Institute at May 31, 2015 is summarized as follows:

<u>Issue</u>	<u>Rate(s)</u>	<u>Maturity</u>	<u>Outstanding</u>
Dormitory Authority of the State of New York Insured Revenue Bonds, Series 2004A	2.000% - 4.000%	2027	\$ 6,400,000

Dormitory Authority of the State of New York Insured Revenue Bonds, Series 2006	Variable	2036	12,725,000

Dormitory Authority of the State of New York Insured Revenue Bonds, Series 2013	Fixed	2042	<u>30,765,000</u>
Total long-term obligations			\$124,875,000

In connection with the issuance by DASNY of the Series 2004C and the Series 2004D shown in the table above on behalf of the Institute, the Institute entered into an interest rate swap agreement with Goldman, Sachs & Co. in an aggregate notional amount of \$23,725,000 and an interest rate swap agreement with Wachovia (now Wells Fargo) in an aggregate notional amount of \$13,775,000, respectively. These two separate, but substantially identical, interest rate exchange agreements (collectively, the “2004 Swap Agreements”) were entered by the Institute in order to convert the variable rate on its variable rate bonds, to a synthetic fixed rate. At May 31, 2015, the 2004 Swap Agreements have an aggregate notional amount of \$37,725,000, bear a fixed rate of 3.359% and 3.597%, respectively, and have maturities matching the related series of bonds. A portion of the proceeds from the 2016A-1 issue will be used to refund the Series 2004A and Series 2004C bonds. The 2016A-2 issue will be used to terminate the Series 2004C Swap Agreement.

In connection with the issuance by DASNY of the Series 2006 Bonds shown in the table above, the Institute entered into an interest rate swap agreement with Royal Bank of Canada in an aggregate notional amount of \$15,125,000. Such interest rate exchange agreement (the “2006 Swap Agreement”) was entered into by the Institute in order to convert the variable rate on its variable rate bonds to a synthetic fixed rate. At May 31, 2015, the 2006 Swap Agreement has an aggregate notional amount of \$12,725,000, bears a fixed rate of 3.678%, and has a maturity matching the Series 2006 Bonds. RBC Capital Markets, LLC is an indirect wholly-owned subsidiary of Royal Bank of Canada, the counterparty for the 2006 Swap Agreement.

In connection with the 2010 reoffering of the California Statewide Communities Development Authority Revenue Bonds (The Culinary Institute of America) Series 2008 (the “CSCDA Bonds”) shown in the table above, which converted the Bonds to bank qualified variable rate bonds purchased by TD Bank, N.A. for an initial term of ten years, the 2005 interest rate swap agreement in an aggregate notional amount of \$9,700,000 (at May 31, 2015), maturing on October 1, 2035 was assumed by TD Bank, N.A. and the fixed rate was modified to 3.284%.

The Institute entered into the Swap Agreements as a means of achieving a lower net fixed rate interest cost rather than issuing fixed-rate bonds at the time of issuance. The swap agreements may expose the Institute to certain market, tax-rate and credit risks. The Institute may terminate the swap agreements at any time at market value, or upon the occurrence of certain events. In addition, the Institute or the swap agreement providers may terminate the swap agreements if the Institute fails to perform under the terms of the swap agreements or is downgraded below

“Baa2” by Moody’s. If the swap agreements are terminated, the Series 2004C, Series 2004D, Series 2006 and Series 2008 Bonds would bear interest at variable rates, and the Institute could be liable for one or more termination payments if the swap agreements have a negative market value. The Swap Agreements require the Institute to post collateral if a swap value exceeds a \$2 million liability to the Institute for each counterparty. As of May 31, 2015, the Institute had posted collateral of \$4.04 million to its swap counterparties.

### **Insurance**

The Institute carries a broad range of property and general liability coverage, including Directors and Officers liability coverage, in amounts customary for institutions of the size of the Institute.

### **Litigation**

There is no material litigation pending or threatened against the Institute which would result in recovery which is not covered by applicable insurance programs less deductible provisions.

## **Independent Auditors' Report**

Board of Trustees  
The Culinary Institute of America:

We have audited the accompanying consolidated financial statements of The Culinary Institute of America, which comprise the consolidated statements of financial position as of May 31, 2015 and 2014, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Culinary Institute of America as of May 31, 2015 and 2014, and the changes in their net assets and their cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

## Notes to Consolidated Financial Statements

May 31, 2015 and 2014

### (1) The Institute

The Culinary Institute of America (Institute) has been a leader in culinary education since 1946. The Institute has three domestic campuses, located on the East and West coasts of the United States of America in Hyde Park, NY and St. Helena, CA (Greystone), respectively, as well as a campus in San Antonio, TX. The Institute also has an international campus located in Singapore that is operated through The Culinary Institute of America Singapore, Ltd., a wholly owned subsidiary of the Institute.

At its Hyde Park campus, the Institute offers associate's degrees, in either culinary arts or baking and pastry arts, bachelor's of professional studies degrees in culinary arts management or baking and pastry arts management, and a bachelor's degree in culinary science. At its Greystone campus, the Institute offers either culinary arts or baking and pastry associate's degrees. At its San Antonio campus, the Institute offers an associate in applied science (AAS) degree in culinary arts. At both the Greystone and San Antonio campuses, credit bearing certificate programs are also offered. In addition, the Institute offers continuing education programs at all of its campuses. At the Singapore campus, the Institute has a collaboration agreement with the Singapore Institute of Technology for the culinary education of undergraduate degree students. In addition, the Institute operates nine public restaurants, five at the Hyde Park campus, three at the Greystone campus, and one at the San Antonio campus.

### (2) Summary of Significant Accounting Policies

#### (a) Basis of Presentation

The accompanying consolidated financial statements include the accounts of The Culinary Institute of America and its wholly owned subsidiary (collectively, the Institute). All significant intercompany balances and transactions have been eliminated in consolidation.

The Institute's consolidated financial statements, which have been prepared on the accrual basis of accounting and are presented in accordance with U.S. generally accepted accounting principles, have been prepared to focus on the Institute as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions. The net assets of the Institute are classified as follows:

*Unrestricted net assets* – generally are not subject to donor-imposed stipulations, but may be designated for specific purposes by the board of trustees or may otherwise be limited by contractual agreements with outside parties.

*Temporarily restricted net assets* – are subject to donor-imposed stipulations that expire by the passage of time or can be fulfilled or removed by actions pursuant to the stipulations. Temporarily restricted net assets consist primarily of gifts restricted by donors for capital projects and other operating purposes.

*Permanently restricted net assets* – are subject to donor-imposed stipulations that they be maintained in perpetuity. Generally, donors of these assets usually permit the use of all or part of the investment return on these assets. Permanently restricted net assets primarily consist of the Institute's permanent endowment funds.

# THE CULINARY INSTITUTE OF AMERICA

## Notes to Consolidated Financial Statements

May 31, 2015 and 2014

Expenses are reported as decreases in unrestricted net assets. Expirations of donor-imposed stipulations are reported as a reclassification between the applicable classes of net assets as an increase in one class of net assets and decrease in another. It is the Institute's policy to record temporarily restricted contributions received and expended in the same accounting period as unrestricted.

Nonoperating activities include contributions to be used for facilities and equipment, or contributions for the endowment fund. Nonoperating activities also includes investment return net of amounts designated for current operations, as well as gains or losses resulting from nonrecurring financing activities.

**(b) Contributions**

Contributions, including unconditional promises to give, are recognized as revenues when donors' commitments are received. Contributions of assets other than cash are recorded at their estimated fair value. Conditional pledges are recognized as revenues when conditions are substantially met. Unconditional pledges, net of an allowance for uncollectible amounts, are reported at their estimated net present values, and are classified as either temporarily or permanently restricted. The allowance for uncollectible contributions is estimated based upon management's judgment and includes factors such as prior collection history.

**(c) Cash Equivalents**

For the purposes of the statements of cash flows, the Institute considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents, unless they are part of long-term investment funds.

**(d) Revenue Recognition and Receivables**

Students are billed prior to the start of each semester. The related net revenue is deferred and recognized when the educational services are rendered. The Institute extends credit, primarily to students, in the form of notes and accounts receivable for educational expenses. Student accounts receivable do not bear interest, but long-term loans to students bear interest at rates averaging 5%.

The receivables are recorded at their current unpaid principal balance and associated interest income, if applicable, is accrued based on the principal amount outstanding and applicable interest rates. Allowances for doubtful accounts are recorded representing the amounts that, in the opinion of management of the Institute, are necessary to account for probable losses related to the receivables. These allowances are determined based upon numerous considerations, including economic conditions, the specific composition of the receivable balance, as well as trends of delinquencies and write-offs. On a periodic basis, these factors are considered and the allowances for doubtful accounts are adjusted accordingly, with a corresponding adjustment to the provision for allowance for doubtful accounts.

Reserves have been provided for accounts receivable estimated to be uncollectible at May 31, 2015 and 2014 of \$3,615,000 and \$3,143,000, respectively.

Reserves have been provided for long-term loans to students estimated to be uncollectible at May 31, 2015 and 2014 of \$522,235 and \$470,263, respectively.

Notes to Consolidated Financial Statements

May 31, 2015 and 2014

**(e) Investments**

Investments are recorded at fair value. If an investment is held directly by the Institute and in an active market where quoted prices exist, the Institute reports the fair value as the market price of an identical security. Shares in mutual funds are based on share values reported by the funds as of the last business day of the fiscal year. The Institute also holds shares or units in alternative investment funds involving hedge and private equity strategies. Such alternative investment funds may hold securities or other financial instruments for which a ready market exists and are priced accordingly. In addition, such funds may hold assets that require the estimation of fair values in the absence of readily determinable market values. Such valuations are determined by fund managers and generally consider variables such as operating results, comparable earnings multiples, projected cash flows, recent sales prices, and other pertinent information, and may reflect discounts for the illiquid nature of certain investments held.

The Institute utilizes the net asset value (NAV) reported by each of the alternative investment funds as a practical expedient for determining the fair value of the investment. These investments are redeemable at NAV under the original terms of the subscription agreements and operations of the underlying funds. However, it is possible that these redemption rights may be restricted or eliminated by the funds in the future in accordance with the underlying fund agreements. Due to the nature of the investments held by these funds, changes in market conditions and the economic environment may significantly impact the NAV of the funds and, consequently, the fair value of the Institute's interests in the funds. Furthermore, changes to the liquidity provisions of the funds may significantly impact the fair value of the Institute's interest in the funds.

Endowment and investment return includes interest and dividends, realized gains and losses, and the change in unrealized appreciation (depreciation) on the associated investments. The average cost of investment securities sold is used to determine the basis for computing realized gains or losses, and the Institute accounts for investment sales and purchases on a trade date basis.

**(f) Inventory**

Inventory primarily represents restaurant operating supplies and food and beverage and are stated at the lower of cost, determined principally on the weighted average cost method, or market.

**(g) Land, Buildings, and Equipment**

Land, buildings, and equipment are recorded at cost at the date of acquisition or fair value at date of donation.

Depreciation is recorded using the straight-line method with estimated useful lives used in the calculation of depreciation by major category of assets are as follows:

Buildings and building improvements	50 years
Kitchen equipment and renovations	15 years
Furniture and equipment	7 years
Computer equipment	5 years

## THE CULINARY INSTITUTE OF AMERICA

### Notes to Consolidated Financial Statements

May 31, 2015 and 2014

In June 2011, the Institute entered into a long-term ground lease with a component of the Collegiate Housing Foundation (CHF), a national not-for-profit organization, for the construction of three separate townhouses to be utilized for a 161-bed student housing facility. Pursuant to this 40-year agreement, the development, construction and financing of the facility is the exclusive responsibility of the CHF-CIA, LLC, the component of CHF. The facility is owned by CHF-CIA, LLC, a separate 501(c)(3) entity, and financed through tax-exempt bonds issued by the Dutchess County Local Development Corporation. The Institute does not pay nor is it responsible for the debt. When the financing is paid in full, the ownership interest in the facility may be conveyed to the Institute. Accordingly, the assets, related long-term debt and associated results of operations of CHF-CIA, LLC have been properly excluded from the Institute's consolidated financial statements.

**(h) *Discount and Bond Premium***

Bonds payable are recorded net of the discount or premium. Amortization and accretion of this discount or premium is recorded using the straight-line method. Net accretion (amortization expense) amounted to \$101,614 and \$101,287 for the fiscal years ended May 31, 2015 and 2014, respectively.

**(i) *Bond Issuance Costs***

Bond issuance costs are capitalized and amortized over the term of the related bond, using the straight-line method. Bond issuance costs are \$3,555,771 and \$3,732,536, net of amortization, at May 31, 2015 and 2014, respectively. Amortization expense amounted to \$176,765 and \$174,552 in 2015 and 2014, respectively.

**(j) *Interest Rate Swap Agreements***

The Institute uses interest rate swap agreements as part of its risk management strategy to manage exposure to fluctuations in interest rates and to manage the overall cost of its debt. The interest rate swap agreements in place are not designated as a hedge of cash flows related to the corresponding debt agreements. The fair value of the interest rate swaps is recognized as either an asset or liability based on dealer quotes of the estimated settlement amounts required of the Institute if the agreement was terminated, taking into consideration current interest rates. Gains and losses on settlements and changes in the fair value of the interest rate swap transactions are reflected in the consolidated statement of activities.

**(k) *Income Taxes***

The Institute has a tax determination letter dated February 22, 1973, from the Internal Revenue Service stating that it qualifies under the provisions of Section 501(c)(3) of the Internal Revenue Code and is generally exempt from Federal income taxes under Section 501(a) of the Internal Revenue Code. The Institute believes it has no significant uncertain tax positions.

**(l) *Commitments and Contingencies***

Liabilities for loss contingencies arising from claims, assessments, litigation, and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

## THE CULINARY INSTITUTE OF AMERICA

### Notes to Consolidated Financial Statements

May 31, 2015 and 2014

The Institute recognizes a liability for the fair value of conditional asset retirement obligations if their fair values can be reasonably estimated. The Institute has identified a specific legal obligation related to an environmental remediation matter as a conditional asset retirement obligation. The liability associated with this obligation cannot be reasonably estimated due to the fact that a settlement date cannot be determined. Management does not believe that this item is material to the Institute's consolidated financial statements.

**(m) Management Estimates**

The preparation of consolidated financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Significant items subject to such estimates and assumptions include the valuation of interest rate swaps, valuation allowances for receivables, and the valuation of certain investments. Actual results could differ from those estimates.

**(n) Fair Value**

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

*Cash and cash equivalents, investments, student accounts receivable, other receivables, deposits with bond trustees, accounts payable* – The carrying amounts approximate fair value because of the short-term maturity of these instruments or they have been otherwise recorded at their estimated fair value.

*Long-term loans to students* – Determination of the fair value cannot be made as these notes are comprised of federally sponsored student loans that bear interest rates and repayment terms, and are subject to significant restrictions on their transfer and disposition.

*Bonds and notes payable* – The fair value of long-term debt is based on quoted market prices for similar issues. The fair value of the Institute's long-term debt is approximately \$129,876,000 and \$132,955,000 at May 31, 2015 and 2014, respectively.

*Interest rate swaps* – The interest rate swap agreements are recorded at fair value within the accompanying consolidated financial statements based on dealer quotes of the estimated settlement amounts required of the Institute if the agreement was terminated, taking into consideration current interest rates. The interest rate swaps are categorized as Level 2 in the fair value hierarchy.

**(o) Reclassifications**

Certain reclassifications have been made to the 2014 information to conform with the 2015 presentation.

### Notes to Consolidated Financial Statements

May 31, 2015 and 2014

#### (p) *Adoption of New Accounting Standards*

Effective in the year ended May 31, 2015, the Institute retrospectively adopted the provisions of the FASB Accounting Standards Update (ASU) No. 2015-03, *Simplifying the Presentation of Debt Issuance Costs*. The ASU is limited to simplifying the presentation of debt issuance costs, and the recognition and measurement guidance for debt issuance costs is not affected by the ASU. As a result of the adoption, the Institute has reclassified unamortized bond issuance costs in the amount of \$3,732,536 which had been previously been presented as a separate component of total assets on the consolidated statement of financial position for the year ended May 31, 2014, and presented the amount as a reduction of Bonds payable, as required by the ASU. The adoption had no effect on the Institute's net assets, consolidated statement of activities or consolidated statement of cash flows for the year ended May 31, 2014.

In addition, as further disclosed in note 3, the Institute retrospectively adopted the provisions of the FASB Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate NAV per Share (or its Equivalent)* in the year ended May 31, 2015.

#### (3) **Investments**

The investment objective of the Institute is to invest its assets in a prudent manner to achieve a long-term rate of return sufficient to fund a portion of its spending and to increase investment value after inflation. The Institute's investment strategy incorporates a diversified asset allocation approach that maintains, within defined limits, exposure to domestic and international equities, fixed income, real estate, and private equity markets. The majority of the Institute's investments are managed in a pooled fund that consists primarily of endowment assets.

Investments and other financial instruments are reported at fair value. Fair value represents the price that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants as of the measurement date. Items measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Institute has the ability to access at the measurement date. Assets and liabilities classified as Level 1 generally include listed equities. Level 1 also includes cash and cash equivalents given the short maturity of these investments.
- Level 2 inputs are quoted market prices for markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly. Assets and liabilities classified as Level 2 generally include fixed income securities or investments in common collective trusts that hold Level 1 assets and derivative instruments.
- Level 3 inputs include pricing inputs that are unobservable for the assets and reflect certain assumptions to determine fair value.

Effective in the fiscal year ended May 31, 2015, the Institute retrospectively adopted the provisions of the FASB Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement Disclosures for Investments in Certain Entities that Calculate NAV per Share (or its Equivalent)* (ASU 2015-07). Among

other things, ASU 2015-07 removes the requirement to classify within the fair value hierarchy table in Levels 2 or 3 investments in certain funds measured at net asset value (NAV) as a practical expedient to estimate fair value. The adoption did not impact the Institute's consolidated statement of financial position, consolidated statement of activities, or consolidated statement of cash flow and resulted only in changes to the Institute's investment footnote disclosures.

With respect to those investments reported at NAV as a practical expedient, fair value hierarchy categorization is not required. The fair value amounts presented as NAV are intended to permit reconciliation of the fair value hierarchy disclosure to the amounts presented in the consolidated statement of financial position. As of May 31, 2015, the Institute had no specific plans or intentions to sell investments at amounts different than NAV.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Accordingly, the inputs or methodology used for valuing or classifying investments for financial reporting purposes is not necessarily an indication of the risk associated with investing in those investments or a reflection on the liquidity of each fund's underlying assets and liabilities.

The Institute's investments at May 31, 2015 are summarized in the following table by their fair value hierarchy classification:

	<u>May 31, 2015</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Redemption frequency</u>	<u>Days' notice</u>

This particular fund offers the Institute the ability to direct investments via share classes offering exposure in global equities, fixed income, absolute return, real assets and private equity. As of May 31, 2015, the Institute's investment in this multi-strategy fund was comprised of 52% global equities, 11% global fixed income, 18% absolute return, 14% real assets and 5% private equity.

As a result of the adoption of ASU 2015-07, the May 31, 2014 fair value hierarchy table was restated to reflect the removal of NAV-measured investments aggregating \$139,283,532 in Level 2 and \$7,097,736 in Level 3.

As of May 31, 2014, 93% of the Institute's total investments were invested in a fund-of-funds managed by Perella Weinberg Partners, the Institute's outsourced chief investment officer. This particular fund offers the Institute the ability to direct investments via share classes offering exposure in global equities, fixed income, absolute return, real assets and private equity. As of May 31, 2014, the Institute's investment in this multi-strategy fund was comprised of 52% global equities, 10% global fixed income, 17% absolute return, 16% real assets and 5% private equity.

There were no purchases, realized or unrealized gains, or redemptions for the Institute's direct real estate investment assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the year ended May 31, 2015 and 2014. Other Level 3 activity was attributable to unrealized losses totaling \$3,392 and \$9,505 for the Institute's private equity investment for the year ended May 31, 2015 and 2014, respectively.

There were no transfers between Level 1 and Level 2 investments or between Level 2 and Level 3 investments during the fiscal years ended May 31, 2015 and 2014.

Based upon the terms and conditions in effect at May 31, 2015, the Institute's investments in the amount of \$7,503,841 are locked up until redeemed.

Under the terms of certain limited partnership agreements, the Institute is obligated periodically to advance additional funding for certain funds that the Institute is invested in. At May 31, 2015, the Institute had capital commitments of \$1,628,940 for which calls had not been exercised. Such commitments generally have fixed expiration dates or other termination dates. The Institute maintains sufficient liquidity in its investment portfolio to cover such commitments.

#### (4) Endowment Funds

The Institute's endowment consists of funds established for a variety of purposes, including both donor restricted endowment funds and funds designated by the Institute to function as endowments (board designated).

##### (a) *Return Objectives and Risk Parameters*

The Institute has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Institute must hold in perpetuity or for a donor-specified period as well as board-designated funds. The primary investment objective of the management of the endowment fund is to maintain and grow the fund's real value by generating average annual real returns that meet or exceed the spending rate, after inflation, management fees, and administrative costs. Consistent with this goal, the Board of Trustees and the Investment Committee intend that the endowment fund be managed with an intention to maximize total returns consistent with prudent levels of risk, and reduce portfolio risk through asset allocation and diversification.

##### (b) *Strategies Employed for Achieving Objects*

To satisfy its long-term rate-of-return objectives, the Institute relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Investment Committee is responsible for establishing an asset allocation policy. The asset allocation policy is designed to attempt to achieve diversity among capital markets and within capital markets, by investment discipline and management style. The Investment Committee designs a policy portfolio in light of the endowment's needs for liquidity, preservation of purchasing power, and risk tolerance.

The Institute targets a diversified asset allocation that places emphasis on investments in global equities, global fixed income, absolute return, real assets, and private equity strategies to achieve its long-term return objectives within prudent risk constraints. The Investment Committee reviews the policy portfolio asset allocation, exposures, and risk profile on an ongoing basis.

##### (c) *Spending Policy*

The Institute has a policy of appropriating for distribution each year a percentage of its endowment fund based on the fund's average fair value over the prior 12 quarters. The spending rate approved by the Board of Trustees was 5.0% for both the years ended May 31, 2015 and 2014. In establishing this policy, the Institute considered the long-term expected return on its endowment. Accordingly, over the long term, the Institute expects the current spending policy to allow its endowment to grow at an average of 2.0% real growth plus the rate of inflation (as measured by the Consumer Price Index). This is consistent with the Institute's objective to maintain the purchasing power of the endowment assets held as well as to provide additional growth through new gifts and investment return. The effective spending rate was 4.4% and 4.8% for the years ended May 31, 2015 and 2014, respectively.

In establishing these policies, the Institute considered the expected return on its endowment and its programming needs. Accordingly, the Institute expects the current spending policy to allow its

endowment to maintain its purchasing power and to provide a predictable and stable source of revenue to the annual operating budget. Additional real growth will be provided through new gifts, any excess investment return, or additions by the Board of Trustees.

The following is a summary of the Institute's endowment net asset composition by type of fund as of May 31, 2015 and 2014:

Permanent endowment corpuses are separately maintained in the permanent fund. Endowment earnings shortfalls are covered by investments held in unrestricted net assets.

The Institute follows the New York Prudent Management of Institutional Funds Act (NYPMIFA) in the management of its endowment. The Institute has interpreted NYPMIFA as allowing the Institute to spend or accumulate the amount of an endowment fund that the Institute determines is prudent for the uses, benefits, purposes and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument. The Institute has not changed the way permanently restricted net assets are classified as a result of this interpretation and classifies as permanently restricted net assets (a) the original values of gifts donated to permanent endowments, (b) the original values of subsequent gifts to permanent endowments, and (c) accumulations to permanent endowments made in accordance with the directions of the applicable donors' gift instruments at the times the accumulations are added to the funds. U.S. generally accepted accounting principles requires the portion of a donor restricted endowment fund that is not classified in permanently restricted net assets to be classified as temporarily restricted net assets until those amounts are appropriated for spending by the Institute's Board of Trustees in a manner consistent with the standard of prudence prescribed by NYPMIFA.

In accordance with NYPMIFA, the Investment Committee considers the following factors in making a determination to appropriate or accumulate endowment funds:

- The duration and preservation of the fund
- The purposes of the Institute and the endowment fund
- General economic conditions
- The expected total return from income and the appreciation of investments

### Notes to Consolidated Financial Statements

May 31, 2015 and 2014

The bonds are secured by pledged tuition revenues (as defined in the loan agreement) subject to the prior DASNY pledges and a first lien mortgage on the Greystone campus. In connection with the issuance of the Series 2005 Bonds, the Institute entered into an interest rate swap agreement, the effect of which is to modify the interest rate characteristics of the Series 2005 Bonds and subsequently, the refunding portion of the Series 2008 Bonds from a floating to fixed rate. The interest rate swap agreement requires the Institute to pay a fixed rate (3.23%) and receive variable rates of interest based on fluctuations in the one-month LIBOR rate. The original notional amount of this interest rate swap was \$14,150,000 and decreases consistent with the scheduled principal payments on the associated Series 2005 Bonds which were refunded by the Series 2008 Bonds. The fair value of the interest rate swap is \$866,012 at May 31, 2015.

During the fiscal year 2011, the Institute completed a remarketing of the Series 2008 Bonds which converted the Bonds from variable rate bonds secured by a bank letter of credit to variable rate bank qualified private placement bonds. The converted Series 2008 Bonds were purchased by TD Bank, NA and are subject to a Continuing Covenants Agreement dated October 29, 2010 between the Institute and the aforementioned bank. The purchase period is for ten years expiring in 2020. The 2005 interest rate swap agreement continues to hedge a portion of the converted Series 2008 Bonds, as the swap was assumed by TD Bank, NA and the rate was modified to 3.28%. The Institute was in compliance with its debt covenants as of May 31, 2015.

The bonds were issued at fixed interest rates ranging from 3.0% to 5.0% at the date of issuance depending on the underlying principal maturity date. This summary does not purport to be complete and reference is made to the Indenture for the detailed provisions thereof. This summary is qualified in its entirety by such reference. Headings are not part of the Indenture and are included for ease of reference only.*

### **Authentication**

No Series 2016A Bond shall be valid for any purpose or shall be entitled to any right or benefit under the Indenture unless there shall be endorsed on such Series 2016A Bond a Certificate of Authentication, duly executed by the Trustee, substantially in the form set forth in the Form of Series 2016A- Bond and Form of Series 2016A-2 Bond included in the Indenture as Exhibit A-1 and Exhibit A-2, respectively. Such executed Certificate of Authentication by the Trustee upon any such Series 2016A Bond shall be conclusive evidence that such Series 2016A Bond has been authenticated and delivered under the Indenture. The Trustee's Certificate of Authentication on any Series 2016A Bond shall be deemed to have been executed by it if signed by an authorized signatory of the Trustee, but it shall not be necessary that the same person sign the Certificate of Authentication on all of the Series 2016A Bonds issued under the Indenture. (*Section 2.05*)

### **Mutilated, Lost, Stolen or Destroyed Bonds**

(a) In the event any Bond is mutilated, lost, stolen or destroyed, the Issuer shall execute and, upon its request, the Trustee shall authenticate and deliver, a new Bond of like maturity, series, interest rate and principal amount and bearing the same number (or such number as the Trustee shall permit) as the mutilated, destroyed, lost or stolen Bond, in exchange for the mutilated Bond, or in substitution for the Bond so destroyed, lost or stolen. In every case of exchange or substitution, the applicant shall furnish to the Issuer and to the Trustee (i) such security or indemnity as may be required by them to hold each of them harmless from all risks, however remote, and (ii) evidence to their satisfaction of the mutilation, destruction, loss or theft of the applicant's Bond and of the ownership thereof. Upon the issuance of any Bond upon such exchange or substitution, the Issuer may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses, including counsel fees, of the Issuer or the Trustee. In case any Bond which has matured or is about to mature shall become mutilated or be destroyed, lost or stolen, the Issuer may, instead of issuing a Bond in exchange or substitution therefor, pay or authorize the payment of the same (without surrender thereof except in the case of a mutilated Bond) if the applicant for such payment shall furnish to the Issuer and to the Trustee such security or indemnity as they may require to hold them harmless and evidence to the satisfaction of the Issuer and the Trustee of the mutilation, destruction, loss or theft of such Bond and of the ownership thereof.

(b) Every new Bond issued pursuant to the provisions of the Indenture shall constitute an additional contractual, special obligation of the Issuer (whether or not the destroyed, lost or stolen Bond shall be found at any time after the issuance of such new Bonds, in which case the destroyed, lost or stolen Bond shall be void and unenforceable) and shall be entitled to all the benefits of the Indenture equally and proportionately with any and all other Bonds duly issued under the Indenture.

(c) All Bonds shall be held and owned upon the express condition that the provisions of the Indenture are exclusive, with respect to the replacement or payment of mutilated, destroyed, lost or stolen Bonds, and shall preclude all other rights or remedies, notwithstanding any law or statute existing or hereinafter enacted to the contrary. (*Section 2.09*)

## **Transfer of Bonds**

(a) Each Series 2016A Bond shall be transferable only on the books of the Trustee and upon surrender of the Bond, at the Office of the Trustee, together with a written instrument of transfer, satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing. All such payments so made to any such registered Owner or upon his order shall be valid and effectual to satisfy and discharge the liability of the Issuer upon such Series 2016A Bond to the extent of the sum or sums so paid. Neither the Issuer, the Trustee nor any Paying Agent shall be affected by any notice to the contrary. (*Section 2.11*)

Prior to the issuance of a Series of Additional Bonds and the execution of a Supplemental Indenture in connection therewith, (x) the Issuer and the Institution shall enter into a new Loan Agreement providing, among other things, that the payments payable under the new Loan Agreement shall be computed so as to amortize in full the principal of and interest on such Additional Bonds and any other costs in connection therewith and (y) the Mortgage shall be amended, modified or supplemented and consolidated to secure such Series of Additional Bonds or a new mortgage on new mortgaged property shall be granted by the Institution to the Issuer to secure such Additional Bonds, if required.

Upon payment to the Trustee of the proceeds of sale of the Additional Bonds, they shall be delivered by the Bond Registrar at the direction of the Trustee to or upon the order of the purchaser or purchasers thereof, but only upon receipt by the Trustee of:

(v) an original, executed counterpart of the amendment to each Bond Document with respect to such Additional Bonds;

(vi) if applicable, an executed municipal bond insurance policy issued by a bond insurer or other credit facility issued by a bank which guarantees or secures the payment of principal of and interest on the Additional Bonds, in each case, only if such Additional Bonds (or portion thereof) are to be insured by a bond insurer or secured by a credit facility issued by a bank; and

(vii) a written order to the Trustee executed by an Authorized Representative of the Issuer to authenticate and deliver the Additional Bonds to the purchaser or purchasers therein identified upon payment to the Trustee of the purchase price therein specified, plus accrued interest, if any; and

(c) (i) Upon the request of the Institution, one or more series of Additional Bonds may be authenticated and delivered upon original issuance to refund ("Refunding Bonds") all Outstanding Bonds or any part of Outstanding Bonds. Refunding Bonds shall be issued in a principal amount sufficient, together with other moneys available therefor, to accomplish such refunding and to make such deposits required by the provisions of the Indenture and of the resolution authorizing said Refunding Bonds. In the case of the refunding pursuant to the Indenture of less than all Bonds Outstanding, the Trustee shall proceed to select such Bonds in accordance with the Indenture.

(ii) Refunding Bonds may be authenticated and delivered only upon receipt by the Trustee (in addition to the receipt by it of the documents required by the Indenture, as may be applicable) of:

(A) Irrevocable written instructions from the Issuer, to the Trustee, at least forty-five (45) days prior to the Redemption Date, satisfactory to the Trustee, to give due notice of redemption pursuant to the Indenture to the Holders of all the Outstanding Bonds to be refunded prior to maturity on the Redemption Date specified in such instructions;

(B) Either:

(1) Moneys in an amount sufficient to effect payment at maturity or upon redemption at the applicable Redemption Price, together with accrued interest on such Bonds to the maturity or Redemption Date, which moneys shall be held by the Trustee or any Paying Agent in a separate account irrevocably in trust for and assigned to the respective Holders of the Outstanding Bonds being refunded, which moneys shall be held in trust and used as provided in the Indenture, or

(2) Government Obligations in such principal amounts, having such maturities, bearing such interest, and otherwise having such terms and qualifications, as shall be necessary to comply with the provisions of the Indenture, and any moneys required pursuant to said Indenture (with respect to all Outstanding Bonds or any part of one or more series of Outstanding Bonds being refunded), which Government Obligations and moneys shall be held in trust and used only as provided in the Indenture.

(iii) The Institution shall furnish to the Trustee and the Issuer at the time of delivery of the Series of Refunding Bonds a certificate of an independent public accountant stating that the Trustee and/or the Paying Agent (and/or any escrow agent as shall be appointed in connection therewith) shall hold in trust the moneys or such Government Obligations and moneys required to effect such payment at maturity or earlier redemption.

(d) Each Series of Additional Bonds issued pursuant to the provisions under this heading shall be equally and ratably secured under the Indenture with the Series 2016A Bonds and all other Series of Additional Bonds, if any, issued pursuant to the Indenture, without preference, priority or distinction of any Bond over any other Bonds except as expressly provided in or permitted by the Indenture.

(e) Notwithstanding anything in the Indenture to the contrary, no Series of Additional Bonds shall be issued unless: (i) at the time of issuance of such Series of Additional Bonds and after the application of proceeds thereof, there is no Event of Default under any Bond Document; (ii) the Loan Agreement is in effect and at the time of issuance there is no Event of Default under any such document nor any event which upon notice or lapse of time or both would become such an Event of Default; and (iii) the Rating Agency, if any, has confirmed in writing that the issuance of such Additional Bonds will not result in a reduction or withdrawal of the then current rating on the Bonds Outstanding.

(f) The Supplemental Indenture providing for the issuance of any Series of Additional Bonds shall contain applicable provisions for the payment of principal of, Redemption Price of, and interest on such Series of Additional Bonds including any interest rate modes applicable to such Series of Additional Bonds, redemption provisions applicable to such Series of Additional Bonds, such Funds, Accounts or subaccounts to be created or held by the Trustee under the Indenture with respect to such Series of Additional Bonds, collateral and security (including credit facilities securing such Series of additional Bonds) and such other terms and provisions as the Issuer may determine are necessary in connection with the issuance of such Additional Bonds. (d) If the Institution elects to replace, repair, rebuild, restore or relocate the Projects pursuant to the Loan Agreement, the Trustee is authorized to apply the amounts in the Renewal Fund to the payment (or reimbursement to the extent the same shall have been paid by or on behalf of the Institution or the Issuer) of the costs required for the replacement, repair, rebuilding, restoration or relocation of the Facility. The Trustee is further authorized upon the written direction of the Institution, and directed to issue its checks for each disbursement from the Renewal Fund upon a requisition submitted to the Trustee and signed by an Authorized Representative of the Institution. (b) Within thirty (30) days after the end of each Computation Period, the Trustee, at the written direction of an Authorized Representative of the Institution, shall transfer to the Rebate Fund instead of the Project Fund or the Interest Account of the Bond Fund an amount of the investment earnings on the funds and accounts under the Indenture, such that the amount transferred to the Rebate Fund is equal to that amount as is set forth as the Rebate Amount in a written certificate delivered by the Institution to the Trustee pursuant to the Tax Regulatory Agreement and the Indenture. *(Section 4.08)*

If there has been delivered to the Trustee a certification of the Rebate Amount in conjunction with the completion of the Project pursuant to the Loan Agreement at any time during a Bond Year, the Trustee shall deposit in the Rebate Fund within thirty (30) days of the Completion Date an amount received from the Institution such that the amount held in the Rebate Fund after such deposit is equal to the Rebate Amount calculated at the completion of the Project. The amount deposited in the Rebate Fund pursuant to this paragraph shall be paid by the Institution pursuant to the Tax Regulatory Agreement.

(c) In the event that on the first day of any Bond Year the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the Trustee, upon the receipt of written instructions from an Authorized Representative of the Institution, shall withdraw such excess amount and deposit it in the Series 2016A Bonds Construction Account of the Project Fund until the completion of the Project, or, after the Completion Date, deposit it in the applicable Subaccounts of the Accounts of the Bond Fund.

(d) The Trustee, upon the receipt of written instructions from an Authorized Representative of the Institution, shall pay to the United States, out of amounts in the Rebate Fund, (i) not later than thirty (30) days after the last day of the fifth Bond Year and after every fifth Bond Year thereafter, an amount such that, together with prior amounts paid to the United States, the total paid to the United States is equal to ninety percent (90%) of the Rebate Amount with respect to the Series 2016A-1 Bonds as of the date of such payment, and (ii) notwithstanding the provisions of the Indenture, not later than thirty (30) days after the date on which all Series 2016A-1 Bonds have been paid in full, one hundred (100%) percent of the Rebate Amount as of the date of payment.

(e) The Trustee shall have no obligation under the Indenture to transfer any amounts to the Rebate Fund unless the Trustee shall have received specific written instructions from the Institution to make such transfer. (*Section 4.09*)

## **Investment of Moneys**

(a) Moneys held in any fund established pursuant to the Indenture shall be invested and reinvested by the Trustee in Authorized Investments, pursuant to written direction by an Authorized Representative of the Institution. Such investments shall mature in such amounts and have maturity dates or be subject to redemption at the option of the owners thereof on or prior to the date on which the amounts invested therein will be needed for the purposes of such fund or accounts. Upon written direction, the Trustee may at any time sell or otherwise reduce to cash a sufficient amount of such investments whenever the cash balance in such fund or accounts is insufficient for the purposes thereof. The Trustee, if instructed in writing to invest in money market funds, is to liquidate money market funds to cover all payments unless written instructions are received to liquidate other securities. Any such investments shall be held by or under control of the Trustee and shall be deemed at all times a part of the fund or the respective account within a fund or special trust account for which such moneys are invested, and the interest accruing thereon and any profit realized from such investment shall be credited to and held in and any loss shall be charged to the applicable fund.

(b) The Trustee may make any investment permitted by the Indenture through its own bond department. Notwithstanding anything to the contrary contained in the Indenture, the Trustee shall not be

liable for any depreciation in the value of any investment made pursuant to the Indenture or for any loss arising from any such investment.

(c) Any investment authorized in the Indenture is subject to the condition that no use of the proceeds of any of the Series 2016A-1 Bonds or of any other moneys shall be made which would cause such Series 2016A-1 Bonds (i) to be “arbitrage bonds” within the meaning of such quoted term in Section 148 of the Code, (ii) to be “federally guaranteed” within the meaning of such quoted term in Section 149(b) of the Code, or (iii) to otherwise fail to comply with the terms of the Tax Regulatory Agreement. The Trustee shall not be liable if such use shall cause the Series 2016A-1 Bonds to be “arbitrage bonds”, “federally guaranteed” or otherwise fail to comply with the terms of the Tax Regulatory Agreement provided only that the Trustee shall have made such investment pursuant to the written direction or confirmation by an Authorized Representative of the Institution as provided in the Indenture.

(d) Reserved.

(e) The Trustee shall, at the written direction of the Institution, sell at the best price obtainable by the Trustee, or present for redemption, any obligation purchased by it as an investment whenever it shall be necessary in order to provide monies to meet any payment or transfer from the Fund or account for which such investment was made. *(Section 4.11)*

#### **Payment to Institution upon Payment of Bonds**

Except as otherwise specifically provided in the Indenture, after payment in full of the principal or Redemption Price of and interest on all the Series 2016A Bonds or any Series of Bonds (or after provision for the payment thereof has been made in accordance with the Indenture) and after payment in full of the fees, charges and expenses of the Trustee and any Paying Agent, including reasonable attorneys’ fees, and all other amounts required to be paid under the Indenture, and the fees, charges and expenses of the Issuer and all other amounts required to be paid under the Loan Agreement, all amounts remaining in any fund established pursuant to the Indenture with respect to such Series of Bonds (except the Rebate Fund) or otherwise held by the Trustee and by any additional Paying Agent for the account of the Issuer or the Institution under the Indenture or under the Loan Agreement shall be paid to the Institution. *(Section 4.12)*

#### **Failure to Present Bonds**

Subject to the provisions under the heading “Mutilated, Lost, Stolen or Destroyed Bonds”, in the event any Bond shall not be presented for payment when the principal or Redemption Price thereof becomes due, either at maturity or at the date fixed for prior redemption thereof or otherwise, if moneys sufficient to pay such Bond shall be held by the Trustee for the benefit of the Owner thereof, all liability of the Issuer to the Owner thereof for the payment of such Bond shall forthwith cease, determine and be completely discharged. Thereupon, the Trustee shall hold such moneys, without liability for interest thereon, for the benefit of the Owner of such Bonds, who shall thereafter be restricted exclusively to such moneys for any claim under the Indenture or on, or with respect to, said Bond. Subject to any law to the contrary, if any Bond shall not be presented for payment within the period of two (2) years following the date when such Bond becomes due, whether by maturity or call for prior redemption or otherwise, the Trustee shall return to the Issuer the funds theretofore held by it for payment of such Bond, and thereafter (a) all liability of the Trustee with respect to such moneys shall terminate, and (b) such Bond shall, subject to the defense of any applicable statute of limitations, thereafter be an unsecured obligation of the Issuer. The Trustee shall, at least sixty (60) days prior to the expiration of such two (2) year period, give notice to any Owner who has not presented any Bond for payment that any moneys held for the payment of any such Bond will be returned as provided in the Indenture at the expiration of such two (2) year period. The failure of the Trustee to give any such notice shall not affect the validity of any return of funds pursuant to the Indenture. *(Section 5.11)*

## **Cancellation**

All Bonds which have been paid, redeemed, purchased or surrendered shall be cancelled and delivered by the Trustee to the Issuer. A copy of the cancelled Bond or other form of notice of such cancellation shall be delivered to the Institution upon its written request. *(Section 5.12)*

## **Payments Due on Days Other Than Business Days**

In any case where the date that any payment of the principal of, premium, if any, Sinking Fund Payment or interest on any Bonds issued under the Indenture or the date fixed for redemption of any Bonds shall be a day other than a Business Day, then such payment shall be made on the next succeeding Business Day with the same force and effect as if made on the date due, and no interest shall accrue for the period after such date. *(Section 5.13)*

## **Agreement to Provide Information**

The Trustee agrees, whenever requested in writing by the Issuer or the Institution, to provide such information that is known to the Trustee relating to the Bonds as the Issuer or the Institution, from time to time, may reasonably request, including, but not limited to, such information as may be necessary to enable the Issuer or the Institution to make any reports required by any federal, state or local law or regulation or to request any consent or waiver from the holders of the Bonds. *(Section 5.14)*

## **Continuing Disclosure Agreement**

Pursuant to the Loan Agreement, the Institution has undertaken responsibility for compliance with, and the Issuer shall have no liability to the holders of the Bonds or any other person with respect to, any reports, notices or disclosures required by or provided pursuant to the Continuing Disclosure Agreement authorized by said Loan Agreement. Notwithstanding any other provision of the Indenture, failure of the Institution or the Trustee to perform in accordance with the Continuing Disclosure Agreement shall not constitute a default or an Event of Default under the Indenture, and the rights and remedies provided by the Indenture upon the occurrence of such a default or an Event of Default shall not apply to any such failure, but the Continuing Disclosure Agreement may be enforced only as provided therein. *(Section 5.15)*

## **Discharge of Lien**

(a) If the Issuer shall pay or cause to be paid to the Owners of any series of Bonds or of all Outstanding Bonds the principal thereof, redemption premium, if any, and interest thereon, at the times and in the manner stipulated therein and in the Indenture, and if there shall have been paid all fees, charges and expenses required to be paid under the Indenture, then the lien on the Trust Estate created for the benefit of the Owners of such Series of Bonds so paid shall be released, discharged and satisfied. In such event, except as otherwise specifically provided in the Indenture, the Trustee and any additional Paying Agent shall pay or deliver to the Institution all moneys or securities held by it pursuant to the Indenture which are not required for the payment of principal of, interest and premium, if any, on such Series of Bonds. The Issuer may pay or cause to be paid any Series of Bonds without at the same time paying or causing to be paid all other Series of Outstanding Bonds. If the Issuer does not pay or cause to be paid, at the same time, all Outstanding Bonds, then the Trustee and any additional Paying Agent shall not return those moneys and securities held under the Indenture as security for the benefit of the Owners of Bonds not so paid or caused to be paid.

(b) When all of the Outstanding Bonds shall have been paid in full, or provisions for such full payment of all Outstanding Bonds shall have been made in accordance with the Indenture, the Trustee and the Issuer shall promptly execute and deliver to the Institution such written certificates, instruments and documents as the Institution shall reasonably provide to cause the lien of the Indenture upon the Trust Estate to be discharged and canceled.

(c) Notwithstanding the fact that the lien of the Indenture upon the Trust Estate may have been discharged and canceled in accordance with the Indenture, the Indenture and the rights granted and duties imposed, to the extent not inconsistent with the fact that the lien upon the Trust Estate may have been discharged and canceled, shall nevertheless continue and subsist until the principal or Redemption Price of and interest on all of the Bonds shall have been fully paid or the Trustee shall have returned to the Issuer pursuant to the Indenture all funds theretofore held by the Trustee for payment of any Bonds not theretofore presented for payment. *(Section 7.01)*

### **Discharge of the Indenture**

(a) Any Outstanding Bond or installments of interest with respect thereto shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning of, and with the effect expressed in, subsection (a) of the heading “Discharge of the Lien” if: (i) there shall have been deposited with the Trustee sufficient cash and/or Government Obligations, in accordance with subsection (b) below which will, without further investment, be sufficient, together with the other amounts held for such payment, to pay the principal of the Series of Bonds when due or to redeem the Series of Bonds on the earliest possible redemption date thereof at the Redemption Price specified in the Indenture; (ii) in the event such Bonds are to be redeemed prior to maturity in accordance with the Indenture or in a Supplemental Indenture with respect to such Series of Bonds, all action required by the provisions of the Indenture to redeem the Bonds shall have been taken or provided for to the satisfaction of the Trustee and notice thereof in accordance with the Indenture or in a Supplemental Indenture with respect to such Series of Bonds shall have been duly given or provision satisfactory to the Trustee shall have been made for the giving of such notice; (iii) provision shall have been made for the payment of all fees and expenses of the Trustee and of any additional Paying Agent with respect to the Series of Bonds of which the Bond is a part; (iv) the Issuer shall have been reimbursed for all of its expenses under the Loan Agreement with respect to the Series of Bonds of which such Series of Bonds is a part; (v) all other payments required to be made under the Loan Agreement and the Indenture or any Supplemental Indenture with respect to such Series of Bonds of which the Bond is a part shall have been made or provided for; (vi) the Issuer causes to be delivered an opinion of Bond Counsel stating that all conditions precedent with respect to the satisfaction and discharge of the Indenture have been met; and (vii) there shall have been delivered to the Issuer and to the Trustee a verification report from a verification agent (in each case reasonably satisfactory to the Issuer and the Trustee) to the effect that the moneys and/or Government Obligations are sufficient, together with any income to be earned thereon, without reinvestment, to pay the principal of, interest on, and redemption premium, if any, of the Bonds to be defeased.

(b) For the purpose of the provisions under this heading, the Trustee shall be deemed to hold sufficient moneys to pay the principal of an Outstanding Bond not then due or to redeem an Outstanding Bond prior to the maturity thereof only if there shall be on deposit with the Trustee and available for such purpose an amount of cash and/or a principal amount of Government Obligations, maturing or redeemable at the option of the owner thereof not later than (i) the maturity date of such Series of Bonds, or (ii) the first date following the date of computation on which such Series of Bonds may be redeemed pursuant to the Indenture (whichever may first occur), which, together with income to be earned on such Government Obligations prior to such maturity date or Redemption Date, equals the principal and redemption premium, if any, due on such Series of Bonds, together with all interest thereon (at the maximum applicable rate) which has accrued and which will accrue to such maturity or Redemption Date.

(c) Upon the defeasance of any series of Series of Bonds or of all Outstanding Bonds in accordance with the Indenture, the Trustee shall hold in trust, for the benefit of the Owners of such Series of Bonds, all such cash and/or Government Obligations, shall make no other or different investment of such cash and/or Government Obligations and shall apply the proceeds thereof and the income therefrom only to the payment of such Bonds. *(Section 7.02)*

### **Lien Law Section 73 Covenant**

The Institution, for itself covenants to the Issuer and to the Trustee, as a third-party beneficiary of the provisions under this heading, that the Institution will receive advances of monies under the Bond

Documents and will hold the right to receive such advances as trust funds to be first applied to the payment of trust claims as defined in Section 71 of the Lien Law of the State, and that the Institution will apply the same to such payments only, before using any part of such advances for any other purpose. *(Section 7.03)*

### **Events of Default**

The following shall be “Events of Default” under the Indenture with respect to any Bond or any Series of Bonds:

(a) A default in the due and punctual payment of any interest or any principal, Sinking Fund Payments, or Redemption Price of any Bond, whether at the stated maturity thereof, upon proceedings for redemption thereof or upon the maturity thereof by declaration, or any other amounts due under the Indenture or the other Bond Documents or any other bond documents entered into in connection with any series of Additional Bonds; or

(b) A default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Issuer contained in the Indenture or in any Series of Bonds and the continuance thereof for a period of thirty (30) days after written notice given by the Trustee or by the Owners of not less than fifty percent (50%) of the principal amount of the applicable Series of Bonds then Outstanding; or if such default cannot be cured within thirty (30) days, but the Issuer is proceeding diligently to cure such default, then the Issuer shall be permitted an additional ninety (90) days within which to remedy the default; or

(c) The occurrence of an Event of Default under any Loan Agreement. *(Section 8.01)*

### **Acceleration; Annulment of Acceleration**

(a) Upon the occurrence of an Event of Default under the Loan Agreement or any similar provision in any other Loan Agreement with respect to any Additional Bonds, all Series of Bonds Outstanding shall become immediately due and payable without action or notice of any kind on the part of the Trustee or the Issuer. Upon the occurrence and continuance of an Event of Default, the Trustee shall, by notice in writing delivered to the Issuer and the Institution, declare all Series of Bonds Outstanding immediately due and payable, and such Series of Bonds shall become and be immediately due and payable, anything in the Series of Bonds or in the Indenture to the contrary notwithstanding. In such event, there shall be due and payable on the Series of Bonds an amount equal to the total principal amount of all such Series of Bonds, plus all interest accrued thereon and which will accrue thereon to the date of payment. If all of the Series of Bonds Outstanding shall become so immediately due and payable, the Issuer and the Trustee shall as soon as possible declare by written notice to the Institution all unpaid installments payable by the Institution under the Loan Agreement or any similar provision in any other Loan Agreement with respect to any Additional Bonds to be immediately due and payable.

(b) At any time after the principal of the Series 2016A Bonds shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under the Indenture, the Trustee may annul such declaration and its consequences with respect to any Series 2016A Bonds not then due by their terms if (i) moneys shall have been deposited in the Bond Fund sufficient to pay all matured installments of interest and principal, Sinking Fund Payments, or the Redemption Price (other than principal then due only because of such declaration) of such Outstanding Series of Bonds; (ii) sufficient moneys shall be available to pay the amounts described in the Indenture; (iii) all other amounts then payable by the Issuer under the Indenture shall have been paid or a sum sufficient to pay the same shall have been deposited with the Trustee; and (iv) every other Event of Default known to the Trustee (other than a default in the payment of the principal of such Bonds then due only because of such declaration) shall have been remedied to the satisfaction of the Trustee. No such annulment shall extend to or affect any subsequent Event of Default or impair any right consequent thereon.

- (c) Reserved. *(Section 8.02)*

### **Enforcement of Remedies**

(a) Upon the occurrence and continuance of any Event of Default, and upon being provided with security or indemnity reasonably satisfactory to the Trustee against any liability or expense which might thereby be incurred, the Trustee shall proceed forthwith to protect and enforce its rights and the rights of the Owners under the Act, the applicable Series of Bonds and the applicable Loan Agreement by such suits, actions or proceedings as the Trustee, being advised by counsel, shall deem expedient. In considering what actions are or are not prudent in the circumstances, the Trustee shall consider whether or not to take such action as may be permitted to be taken by the Trustee under any of the Financing Documents.

(b) The Trustee acting directly may sue for, enforce payment of and receive any amounts due or becoming due from the Issuer or the Institution for principal, Redemption Price, interest or otherwise under any of the provisions of the Series of Bonds, the Bond Documents, and any bond documents entered into in connection with any Series of Additional Bonds without prejudice to any other right or remedy of the Trustee or of the Owners.

(c) Regardless of the happening of an Event of Default, the Trustee shall have the right to institute and maintain such suits and proceedings as it may be advised by such Owners shall be necessary or expedient (i) to prevent any impairment of the security under the Indenture by any acts which may be unlawful or in violation of the Indenture or of any resolution authorizing any Series of Bonds, or (ii) to preserve or protect the interests of the Owners, provided that such request is in accordance with law and the provisions of the Indenture and is not unduly prejudicial to the interests of the Owners not making such request. *(Section 8.03)*

### **Appointment of Receivers**

Upon the occurrence of an Event of Default and upon the filing of a suit or commencement of other judicial proceedings to enforce the rights of the Trustee or the Owners under the Indenture, the Trustee shall, to the extent permitted by law, be entitled, as a matter of right, to the appointment of a receiver or receivers of the Trust Estate and of the revenues and receipts thereof, pending such proceedings, with such powers as the court making such appointment shall confer. *(Section 8.04)*

### **Application of Moneys**

(a) The Net Proceeds received by the Trustee pursuant to any right given or action taken under the provisions of the Indenture shall be, after paying the fees and expenses of the Trustee, deposited in the Bond Fund.

(b) All moneys held in a Sub-Account of the Bond Fund for any particular Series of Bonds during the continuance of an Event of Default shall be applied as follows:

(i) Unless the principal of all the Bonds of a particular Series of Bonds shall have become due or shall have been declared due and payable,

FIRST - To the payment of all installments of the interest then due, in the order of the maturity of the installments of such interest and, if the amount available shall not be sufficient to pay in full any particular installment of interest, then to the payment ratably, according to the amounts due on such installment, to the Persons entitled thereto without any discrimination or preference; and

SECOND - To the payment of the unpaid principal or Redemption Price, if any, of any Series of Bonds or principal installments which shall have become due (other than any Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of the Indenture), in order of their due

dates, with interest on such Bonds, at the rate or rates expressed thereon, from the respective dates upon which such Bonds became due and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal and interest due on such date, to the Persons entitled thereto without any discrimination or preference; and

THIRD - To the payment of the principal or Redemption Price of and interest on such Bonds as the same become due and payable; and

(ii) If the principal of all such Bonds shall have become due or shall have been declared due and payable, to the payment of the principal and interest (at the rate or rates expressed thereon) then due and unpaid upon all such Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bonds of such series, ratably according to the amounts due respectively for principal and interest, to the Persons entitled thereto without any discrimination or preference; and

(iii) If the principal of all such Bonds shall have been declared due and payable and if such declaration shall thereafter have been annulled pursuant to provisions of the Indenture, the moneys shall be applied in accordance with the provisions of paragraph (i) of paragraph (i) of subsection (b) above.

(c) Whenever moneys are to be applied by the Trustee pursuant to the provisions under this heading, such moneys shall be applied at such time or times as the Trustee shall determine in good faith, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. On the date fixed by the Trustee for application of such moneys, interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the application of any such moneys and of the fixing of any such date. *(Section 8.05)*

### **Remedies Vested in Trustee**

No remedy conferred upon or reserved to the Trustee or to the Owners by the Indenture is intended to be exclusive of any other remedy. Each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Owners under the Indenture or now or hereafter existing at law or in equity or by statute. *(Section 8.07)*

### **Resignation by Trustee**

The Trustee and any successor Trustee may, at any time, resign from the trusts created and be discharged of their duties and obligations under the Indenture by giving not less than sixty (60) days written notice to the Issuer and, by first class mail, to each Owner of each Series of Bonds then Outstanding. Such resignation shall take effect upon the date specified in such notice, provided, however, that in no event shall such a resignation take effect until a successor Trustee has been appointed pursuant to the Indenture. If no successor Trustee shall have been appointed within 45 days of the notice of resignation or removal of the Trustee, the Trustee shall have the right, at the expense of the Issuer, to petition a court of competent jurisdiction for the appointment of a successor Trustee. *(Section 9.06)*

### **Removal of Trustee**

The Trustee may be removed at any time without cause by an instrument which (i) is signed by the Owners of not less than fifty-one percent (51%) in aggregate principal amount of each Series of Bonds then Outstanding, (ii) specifies the date on which such removal shall take effect and the name and address of the successor Trustee, and (iii) is delivered to the Trustee, the Issuer and the Institution. Notice of any such removal shall be given, by first class mail, to the Trustee and each Owner of Bonds then Outstanding not less than sixty (60) days before such removal is to take effect as stated in such instrument. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for

failing to act or proceed in accordance with, any provisions of the Indenture or the Loan Agreement, by any court of competent jurisdiction upon the application by the Issuer, the Institution or the Owners of not less than fifty-one percent (51%) in aggregate principal amount of each Series of Bonds then Outstanding. *(Section 9.07)*

#### **Appointment of Successor Trustee; Temporary Trustee**

(a) In case the Trustee under the Indenture shall resign, or be removed, or be dissolved, or shall be in the course of dissolution or liquidation, or otherwise become incapable of acting under the Indenture, or in case it shall be taken under the control of any public officer or officers, or of a receiver appointed by a court, a successor Trustee may be appointed by the Issuer or the Owners of not less than fifty-one percent (51%) in aggregate principal amount of each Series of Bonds then Outstanding by an instrument signed by such Owners and delivered to such successor Trustee, the predecessor Trustee, the Issuer and the Institution. Notice of any such appointment shall be given, by first class mail, to each Owner of each Series of Bonds then Outstanding within thirty (30) days after delivery to the Issuer of the instrument appointing such successor Trustee.

(b) In case of the occurrence of any event affecting the Trustee under the Indenture described in subsection (a) under this heading, the Issuer, by an instrument signed by the Chairman and attested by the Secretary, may appoint a temporary Trustee to fill such vacancy until a successor Trustee shall be appointed by the Owners in the manner provided in subsection (a) under this heading. Such instrument appointing such successor Trustee by the Issuer shall be delivered to the successor Trustee so appointed, to the predecessor Trustee and to the Institution. Notice of any such appointment shall be given, by first class mail, to each Owner of each Series of Bonds then Outstanding within thirty (30) days after delivery to the successor Trustee of the instrument appointing such successor Trustee. Any such temporary Trustee appointed by the Issuer shall immediately and without further act be superseded by any successor Trustee appointed by the Owners.

(c) Any Trustee appointed pursuant to the provisions under this heading shall be a national banking association, trust company or bank which is authorized to exercise the corporate trust powers intended to be conferred upon it by the Indenture and has combined capital and surplus of at least \$25,000,000, or any other corporate or individual trustee duly authorized and empowered to act as Trustee under the Indenture and reasonably acceptable to the Issuer and approved by all Owners. *(Section 9.08)*

#### **Concerning Successor Trustees**

(a) Every successor Trustee appointed under the Indenture shall execute, acknowledge and deliver to its predecessor Trustee and the Issuer an instrument accepting such appointment under the Indenture. Thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the Property, rights, powers, trusts, duties and obligations, with respect to the Indenture, of its predecessor Trustee.

(b) Every predecessor Trustee shall, on the written request of the Issuer or the successor Trustee, execute and deliver an instrument transferring to such successor Trustee all the Property, rights, powers and trusts of such predecessor under the Indenture. Every predecessor Trustee shall deliver to its successor Trustee all securities and moneys held by it as Trustee under the Indenture. If any instrument from the Issuer shall be requested by any successor Trustee, acknowledging the transfer to such successor Trustee of the Property, rights, powers and duties vested or intended to be vested under the Indenture, any and all such instruments shall be executed, acknowledged and delivered by the Issuer.

(c) The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor under the Indenture, together with all other instruments provided for the Indenture, shall be filed and/or recorded by the successor Trustee with the Issuer. *(Section 9.09)*

### **Supplemental Indentures Not Requiring Consent of Owners**

(a) Without the consent of or notice to any of the Owners of each Series of Bonds issued under the Indenture, the Issuer and the Trustee may enter into one or more Supplemental Indentures, not inconsistent with the terms and provisions of the Indenture, for any one or more of the following purposes:

- (i) To cure any ambiguity or formal defect or omission in the Indenture;
- (ii) To cure, correct or supplement any defective provision of the Indenture in such manner as shall not be inconsistent with the Indenture and shall not impair the security of the Indenture nor adversely affect the Owners;
- (iii) To grant to or confer upon the Trustee for the benefit of the Owners any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Owners or the Trustee, but only with the prior written consent of the Institution not unreasonably to be withheld;

- (viii) To make any other changes in the Indenture which do not prejudice the interests of the Trustee, the Institution or the Owners;
- (ix) To make any change which, in the opinion of Bond Counsel, is necessary or desirable in order to preserve the exclusion of interest on the Series 2016A Bonds or any other series of Tax-Exempt Additional Bonds issued under the Indenture from gross income for federal income tax purposes;
- (x) To make any change requested by a Rating Agency in connection with obtaining or maintaining a rating on any Series of Bonds; or
- (xi) To issue any series of Additional Bonds in accordance with the provisions of the Indenture.

(b) In connection with the execution and delivery of any Supplemental Indenture to be entered into under the provisions of the Indenture, the Trustee shall be entitled to receive and may rely upon an opinion of Independent Counsel as conclusive evidence that any such Supplemental Indenture complies with the foregoing conditions and provisions. (*Section 10.01*)

### **Supplemental Indentures Requiring Consent of Owners**

(a) Except as provided under the heading “Supplemental Indentures Not Requiring Consent of Owners.” the Owners of not less than fifty-one percent (51%) in aggregate principal amount of Bonds then Outstanding (or if less than all Series of Bonds then Outstanding are affected by such Supplemental Indenture, then the Owners of not less than fifty-one percent (51%) in aggregate principal amount of the Series of Bonds so affected) shall have the right, from time to time, to consent to and approve the execution by the Issuer and the Trustee of such Supplemental Indentures as shall be deemed necessary and desirable by the Issuer for the purpose of modifying, altering, amending, adding to or rescinding any of the terms or provisions contained in the Indenture or in any Supplemental Indenture or in the Series 2016A Bonds or

any other Series of Bonds issued under the Indenture; provided, however, that nothing contained under this heading shall permit:

(i) A change in the terms of redemption or maturity of the principal of or the time of payment of interest on any Outstanding Series of Bonds or a reduction in the principal amount or Redemption Price of any Outstanding Series of Bonds or the rate of interest thereon, without the consent of the Owners of such Series of Bonds; or

(ii) The creation of a lien upon the Trust Estate ranking prior to or on a parity with the lien created by the Indenture, without the consent of the Owners of all Outstanding Series of Bonds; or

(iii) A preference or priority of any Bond or Series of Bonds over any other such Bond or Series of Bonds, without the consent of the Owners of all such Outstanding Bonds so affected; or

(iv) A reduction in the aggregate principal amount of any Series of Bonds required for consent to such Supplemental Indenture, without the consent of the Owners of all Outstanding Series of Bonds.

(b) If at any time the Issuer shall request the Trustee to enter into a Supplemental Indenture for any of the purposes of subsection (a) under this heading, the Trustee, upon being satisfactorily indemnified with respect to expenses, shall cause notice of the proposed execution of such Supplemental Indenture to be given, by first class mail, to each Owner of Series of Bonds then Outstanding at their addresses as they appear on the registration books kept by the Trustee. Such notice shall briefly summarize the contents of the proposed Supplemental Indenture and shall state that copies thereof are on file at the Office of the Trustee for inspection by all Owners.

(c) The Trustee shall not, however, be subject to any liability to any Owner by reason of its failure to mail the notice required by subsection (b) under this heading.

(d) If, within such period after the mailing of the notice required by subsection (b) under this heading as the Issuer shall prescribe with the approval of the Trustee, the Issuer shall deliver to the Trustee an instrument or instruments executed by the Owners of not less than fifty-one percent (51%) in aggregate principal amount of Series of Bonds then Outstanding, referring to the proposed Supplemental Indenture as described in such notice and consenting to and approving the execution thereof, the Trustee shall execute such Supplemental Indenture.

### **Hold Harmless Provisions**

(a) The Institution agrees that the Issuer, the Trustee and each Paying Agent shall not be liable for and agrees to defend, indemnify, release and hold the Issuer, the Trustee and each Paying Agent harmless from and against any and all (i) liability for loss or damage to Property or injury to or death of any and all Persons that may be occasioned by, directly or indirectly, any cause whatsoever pertaining to the Facility or arising by reason of or in connection with the occupation or the use thereof or the presence of any Person or Property on, in or about the Facility or the Land; (ii) any violation of any Environmental Regulations with respect to, or the release of any Hazardous Substances from the Facility or any part thereof; or (iii) liability arising from or expense incurred in connection with the Issuer's financing and refinancing of the Project, including without limiting the generality of the foregoing, all claims arising from the breach by the Institution of any of its covenants contained in the Loan Agreement, and all causes of action and attorneys' fees and any other expenses incurred in defending any suits or actions which may arise as a result of any of the foregoing, provided that any such losses, damages, liabilities or expenses of the Issuer, the Trustee or any Paying Agent are not incurred or do not result from the gross negligence or intentional or willful wrongdoing of the Issuer, the Trustee or any Paying Agent or any of their respective members, directors, trustees, officers, agents or employees. The foregoing indemnities shall apply notwithstanding the fault or negligence in part of the Issuer, the Trustee or any Paying Agent, or any of their respective members, directors, trustees, officers, agents or employees, and irrespective of the breach of a statutory obligation (other than a breach caused by any of their respective gross negligence or intentional or willful wrongdoing) or the application of any rule of comparative or apportioned liability. The foregoing indemnities are limited only to the extent of any prohibitions imposed by law.

(b) Notwithstanding any other provisions of the Loan Agreement, the obligations of the Institution pursuant to the provisions under this heading shall remain in full force and effect after the termination of the Loan Agreement until the expiration of the period stated in the applicable statute of limitations during which a claim, cause of action or prosecution relating to the matters described in the Loan Agreement may be brought and payment in full or the satisfaction of such claim, cause of action or prosecution relating to the matters described in the Loan Agreement and the payment of all expenses and charges incurred by the Issuer, the Trustee or their respective members, directors, officers, agents and employees, relating to the enforcement of the provisions specified in the Loan Agreement.

(c) In the event of any claim against the Issuer, the Trustee or any Paying Agent or their respective members, directors, officers, agents or employees by any employee or contractor of the Institution or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the obligations of the Institution under the Loan Agreement shall not be limited in any way by any limitation on the amount or type of damages, compensation, disability benefits or other employee benefit acts.

(d) The Trustee and each Paying Agent shall be third party beneficiaries of the Institution's obligations under this heading. (*Section 8.2*)

### **Right to Inspect Facility**

The Issuer and the Trustee and the duly authorized agents of either of them shall have the right at all reasonable times upon prior written notice to the Institution to inspect the Facility. (*Section 8.3*)

### **Institution to Maintain Its Existence**

The Institution agrees that during the Loan Term (a) it will maintain its existence as an education corporation constituting an Exempt Organization subject to service of process within the State; (b) it will preserve its status as an organization described in Section 501(c)(3) of the Code; (c) it will operate the Facility as an institution of higher education which, together with other available funds, will be sufficient in each fiscal year to provide funds

for the following: (1) the payment by the Institution of all of its expenses for the operation, maintenance and repair of its facilities, including the Facility in such year; (2) the payment of all amounts due under the Loan Agreement in such year; and (3) the payment of all indebtedness and all other obligations of the Institution due in such year; and (e) it will not perform any act, enter into any agreement, or use or permit the Project to be used in any manner or for any unrelated trade or business as described in Section 513(a) of the Code, which could adversely affect the exemption of interest on the Series 2016A Bonds from federal income taxes pursuant to Section 103 and 145 of the Code except as provided in the Tax Regulatory Agreement. Except as permitted by the Tax Regulatory Agreement, prior to the Institution performing any act, entering into any agreement or using or permitting the Facility to be used in any manner that would constitute an unrelated trade or business within the meaning of Section 513(a) of the Code, the Institution shall provide written notice to the Issuer and the Trustee and the Issuer and the Trustee shall receive an opinion of counsel satisfactory to each of them to the effect that such contemplated act, agreement or use will not adversely affect the exemption of interest on the Bonds for federal income tax purposes. *(Section 8.4)*

### **Qualification in State**

The Institution throughout the Loan Term shall continue to be duly authorized to do business in the State as an institution of higher education. *(Section 8.5)*

### **Agreement to Provide Information**

The Institution agrees within a reasonable period of time following a written request by the Issuer to provide and certify or cause to be provided and certified such information concerning the Institution, its finances, its operations and its affairs necessary to enable the Issuer to make any report required by law, including without limitation pursuant to the Public Authorities Accountability Act of 2005 (the “**PAAA**”), or the Public Authorities Reform Act of 2009 (the “**PARA**”) as amended from time to time, governmental regulation or any of the Issuer Documents or Institution Documents. *(Section 8.6)*

### **Books of Record and Account; Financial Statements**

The Institution at all times agrees to maintain proper accounts, records and books in which full and correct entries shall be made, in accordance with generally accepted accounting principles, of all transactions and events relating to the business and affairs of the Institution. *(Section 8.7)*

### **Compliance with Orders, Ordinances, Etc.**

(a) The Institution, throughout the Loan Term, agrees that it will promptly comply, and take all reasonable steps to cause any tenant or occupant of the Project to comply, with all statutes, codes, laws, acts, ordinances, orders, judgments, decrees, injunctions, rules, regulations, permits, licenses, authorizations, directions and requirements, ordinary or extraordinary, which now or at any time hereafter may be applicable to the Facility or any part thereof or to the renovation, construction and equipping thereof, or to any use, manner of use or condition of the Facility or any part thereof, of all federal, state, county, municipal and other governments, departments, commissions, boards, courts, authorities, officials and officers having jurisdiction of the Facility or any part thereof, or to the renovation, construction, equipping and furnishing thereof, or to any use, manner of use or condition of the Facility or any part thereof and of all companies or associations insuring the premises.

(b) The Institution shall keep or cause the Facility to be kept free of Hazardous Substances, except in compliance with applicable law. Without limiting the foregoing, the Institution shall not cause or permit the Facility to be used to generate, manufacture, refine, transport, treat, store, handle, dispose, transfer, produce or process Hazardous Substances, except in compliance with all applicable federal, state and local laws, regulations and permits, nor shall the Institution cause or permit, as a result of any intentional or unintentional act or omission on the part of the Institution or any contractor, subcontractor, tenant or subtenant, a release of Hazardous Substances onto the Facility or onto any other property. The Institution shall comply with and shall take all reasonable steps to ensure compliance by all contractors, subcontractors, tenants and subtenants with all applicable federal, state and local laws, ordinances, rules and regulations, whenever and by whomever triggered, and shall obtain and comply with, and shall take all reasonable steps to ensure that all contractors, subcontractors, tenants and subtenants obtain

and comply with, any and all approvals, registrations or permits required thereunder. The Institution shall (a) conduct and complete all investigations, studies, sampling, and testing, and all remedial, removal, and other actions necessary to clean up and remove all Hazardous Substances, on, from, or affecting the Facility (i) in accordance with all applicable federal, state, and local laws, ordinances, rules, regulations, and policies, (ii) to the reasonable satisfaction of the Trustee and the Issuer, and (iii) in accordance with the orders and directives of all federal, state, and local governmental authorities; and (b) defend, indemnify, and hold harmless the Trustee and the Issuer, their employees, agents, officers, and directors, from and against any claims, demands, penalties, fines, liabilities, settlements, damages, costs, or expenses of whatever kind or nature, known or unknown, contingent or otherwise, arising out of, or in any way related to (i) the presence, disposal, release, or threatened release of any Hazardous Substances which are on, from or affecting the soil, water, vegetation, buildings, personal property, persons, animals, or otherwise, (ii) any bodily injury, personal injury (including wrongful death) or property damage (real or personal) arising out of or related to such Hazardous Substances, (iii) any lawsuit brought or threatened, settlement reached, or government order relating to such Hazardous Substances, and/or (iv) any violation of laws, orders, regulations, requirements, or demands of government authorities, or any policies or requirements of the Trustee and the Issuer, which are based upon or in any way related to such Hazardous Substances, including, without limitation, reasonable attorney and consultant fees, reasonable investigation and laboratory fees, court costs, and reasonable litigation expenses. The provisions under this heading shall be in addition to any and all other obligations and liabilities the Institution may have to the Trustee at common law, and shall survive the transactions contemplated in the Loan Agreement.

(c) Notwithstanding the provisions of subsections (a) and (b) above, the Institution may in good faith contest the validity or the applicability of any requirement of the nature referred to in such subsections (a) and (b) by appropriate legal proceedings conducted in good faith and with due diligence. In such event, the Institution may fail to comply with the requirement or requirements so contested during the period of such contest and any appeal therefrom, unless the Issuer or the Trustee shall notify the Institution that by failure to comply with such requirement or requirements, the Facility or any part thereof may be subject to loss, penalty or forfeiture, in which event the Institution shall promptly take such action with respect thereto or provide such security as shall be satisfactory to the Trustee and to the Issuer. If at any time the then existing use or occupancy of the Facility shall, pursuant to any zoning or other law, ordinance or regulation, be permitted only so long as such use or occupancy shall continue, the Institution shall use all reasonable efforts to not cause or permit such use or occupancy to be discontinued without the prior written consent of the Issuer and the Trustee.

(d) Notwithstanding the provisions of under this heading, if, because of a breach or violation of the provisions of subsections (a) or (b) above (without giving effect to subsection (c) above), either the Issuer, the Trustee, or any of their respective members, directors, officers, agents, or employees, shall be threatened with a fine, liability, expense or imprisonment, then, upon notice from the Issuer or the Trustee, the Institution shall immediately provide legal protection and/or pay amounts necessary in the opinion of the Issuer or the Trustee, as the case may be, and their respective members, directors, officers, agents and employees deem sufficient, to the extent permitted by applicable law, to remove the threat of such fine, liability, expense or imprisonment.

(e) Notwithstanding any provisions of under this heading, the Trustee and the Issuer retain the right to defend themselves in any action or actions which are based upon or in any way related to such Hazardous Substances. In any such defense of themselves, the Trustee and the Issuer shall each select their own counsel, and any and all reasonable costs of such defense, including, without limitation, reasonable attorney and consultant fees, reasonable investigation and laboratory fees, court costs, and reasonable litigation expenses, shall be paid by the Institution. *(Section 8.8)*

### **Discharge of Liens and Encumbrances**

(a) The Institution, throughout the Loan Term, shall not permit or create or suffer to be permitted or created any Lien, except for Permitted Encumbrances, upon the Facility, the Mortgaged Property and the Pledged Revenues or any part thereof by reason of any labor, services or materials rendered or supplied or claimed to be rendered or supplied with respect to the Facility or any part thereof.

(b) Notwithstanding the provisions of subsection (a) above, the Institution may in good faith contest any such Lien. In such event, the Institution may permit the items so contested to remain undischarged and

unsatisfied during the period of such contest and any appeal therefrom, unless the Issuer or the Trustee shall notify the Institution that by nonpayment of any such item or items, the lien of the Mortgage may be materially endangered, the Facility, the Mortgaged Property or any part thereof may be subject to loss or forfeiture, in which event the Institution shall promptly secure payment of all such unpaid items by filing a bond, in form and substance satisfactory to the Issuer, thereby causing such Lien to be removed or by taking such other actions as may be satisfactory to the Issuer to protect its interests. Mechanics' Liens shall be discharged or bonded within ninety (90) days following the Institution's receipt of notice of the filing or perfection thereof. *(Section 8.9)*

### **Additional Encumbrances and Indebtedness**

The Institution may incur additional Long-Term Indebtedness or request the Issuer to issue one or more series of Additional Bonds under the Indenture, provided that (i) all terms and conditions for the incurrence of such additional Indebtedness or Additional Bonds under the Indenture have been satisfied, (ii) the Institution maintains a long-term debt rating not lower than Baa3 or BBB- from at least one rating agency and (iii) (a) such additional Indebtedness is less than or equal to ten percent (10%) of the Institution's unrestricted and temporarily restricted net assets, or (b) the Institution provides to the Trustee a certificate containing pro forma calculations demonstrating that the Debt Service Coverage Covenant and the Available Assets to Debt Ratio each would have been met in the most recently completed fiscal year taking into account the proposed additional Indebtedness. *(Section 8.13)*

### **Certain Additional Covenants**

(a) The Institution agrees to furnish to the Issuer and the Trustee, as soon as available and in any event within one hundred fifty (150) days after the close of each fiscal year of the Institution, a copy of the annual audited financial statements of the Institution, including statements of financial position as of the end of such year, and the related statement of activities for such fiscal year, prepared in accordance with generally accepted accounting principles, audited by a firm of independent certified public accountants. Simultaneously therewith, the Institution shall provide to the Issuer and the Trustee a certificate of an Authorized Officer of the Institution stating whether at the immediately preceding Testing Date the Institution had met the Debt Service Coverage Ratio and the Available Assets to Debt Ratio and setting for the calculations upon which such statements are based.

(b) The Institution shall deliver to the Issuer and the Trustee with each delivery of annual financial statements required by subsection (a) above, a certificate of an Authorized Representative of the Institution as to whether or not, as of the close of such preceding fiscal year of the Institution, and at all times during such fiscal year, the Institution was in compliance in all material respects with all the provisions which related to the Institution in the Bond Documents, and if such Authorized Representative of the Institution shall have obtained knowledge of any default in such compliance or notice of such default, such Authorized Representative of the Institution shall disclose in such certificate, such default or defaults or notice thereof and the nature thereof, whether or not the same shall constitute an Event of Default under the Loan Agreement, and any action proposed to be taken by the Institution with respect thereto.

(c) The Institution shall immediately notify the Issuer and the Trustee of the occurrence of any default or any event which with notice and/or lapse of time would constitute a default under the Loan Agreement or any of the other Bond Documents. Any notice required to be given pursuant to this subsection shall be signed by an Authorized Representative of the Institution and set forth a description of the default and the steps, if any, being taken to cure said default. If no steps have been taken, the Institution shall state this fact on the notice.

(d) The Institution will do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered such further acts, instruments, conveyances, transfers and assurances, at the sole cost and expense of the Institution, as the Issuer or the Trustee deems necessary or advisable for the implementation, effectuation, correction, confirmation or perfection of the Loan Agreement and any rights of the Issuer or the Trustee under the Loan Agreement or under the Indenture.

(e) The Institution shall furnish to the Issuer and the Trustee notice of the commencement of any proceeding by or against the Institution commenced under the United States Bankruptcy Code or any other applicable bankruptcy, insolvency, receivership, rehabilitation or similar law (an "**Insolvency Proceeding**").

(f) The Trustee shall be under no obligation to review the financial statements received under the provisions under this heading for content and shall not be deemed to have knowledge of the contents thereof. *(Section 8.14)*

### **Continuing Disclosure Agreement**

The Institution has executed and delivered to the Trustee and DAC a Continuing Disclosure Agreement, dated the date of initial delivery of the Series 2016A Bonds. The Institution covenants and agrees with the holders from time to time of the Series 2016A Bonds that it will comply with and carry out all of the provisions of the Continuing Disclosure Agreement, as amended from time to time, applicable to it. Notwithstanding any other provision of the Loan Agreement, failure of the Institution to comply with the Continuing Disclosure Agreement shall not be considered a default or an event of default under the Loan Agreement and the rights and remedies provided by the Loan Agreement upon the occurrence of such a default or an event of default shall not apply to any such failure, but the Continuing Disclosure Agreement may be enforced only as provided therein. *(Section 8.15)*

### **Securities Law Status**

The Institution affirmatively represents, warrants and covenants that, as of the date of the Loan Agreement, it is an organization organized and operated: (i) exclusively for civic or charitable purposes; (ii) not for pecuniary profit; and (iii) no part of the net earnings of which inure to the benefit of any person, private stockholder or individual, all within the meaning, respectively, of the Securities Act of 1933, as amended, and of the Securities Exchange Act of 1934, as amended. The Institution agrees that it shall not perform any act nor enter into any agreement which shall change such status as set forth under this heading. *(Section 8.16)*

### **Rebate Covenant**

The Institution covenants to make, or cause to be made, any and all payments required to be made to the United States Department of the Treasury in connection with the Series 2016A-1 Bonds pursuant to Section 148(f) of the Code and to comply with instructions received from Bond Counsel pursuant to the certification with respect to the making of any such payments. *(Section 8.17)*

### **Financial Covenants**

(a) Debt Service Coverage Ratio. The Institution covenants that it shall charge and maintain during each fiscal year, student tuition fees, and other charges sufficient to provide a debt service coverage ratio as of the last day of each Fiscal Year (a “**Testing Date**”) of at least 1.25:1.00. If (a) on any two consecutive Testing Dates, the Institution does not satisfy the coverage requirement, or (b) on any Testing Date, the coverage falls below 1.00:1.00, the Trustee may require the Institution to retain a Management Consultant to make recommendations that will enable the Institution to comply with the debt service coverage requirement. Compliance with the Debt Service Coverage Ratio covenant shall be tested annually commencing with the Fiscal Year ending May 31, 2017, on the basis of the Institution’s audited financial statements required pursuant to the Loan Agreement. Failure to maintain the required Debt Service Coverage Ratio, however, shall not be an Event of Default under the Loan Agreement.

(b) Available Assets to Debt Ratio. The Institution covenants that it shall maintain a ratio of Available Assets to Long-Term Indebtedness at least equal to 0.65:1 as of each Testing Date. Compliance with the Available Assets to Debt Ratio Covenant shall be tested annually commencing with the Fiscal Year ending May 31, 2017, on the basis of the Institution’s audited financial statements required pursuant to the Loan Agreement. If on any Testing Date the Institution does not satisfy the Available Assets to Debt Ratio requirement described above, or the percentage decline in the Available Assets to Debt Ratio from the Fiscal Year two years prior to the current Fiscal Year to the current Fiscal Year is fifty percent (50%) or greater, the Trustee may require the Institution to retain a Management Consultant. Failure to maintain the required Available Assets to Debt Ratio, however, shall not be an Event of Default under the Loan Agreement. *(Section 8.19)*

## Security in Pledged Revenues

As security for the payment of all liabilities and the performance of all obligations of the Institution pursuant to the Loan Agreement, the Institution does continuously pledge, grant a security interest in, and assign to the Issuer the Pledged Revenues and any deposit account of the Institution that may contain Pledged Revenues, together with the Institution's right to receive and collect the Pledged Revenues and the proceeds of the Pledged Revenues and of such right. This pledge, grant of security interest in and assignment of the Pledged Revenues shall be subordinate only to the Prior Pledges.

The Institution represents and warrants that no part of the Pledged Revenues or any right to receive or collect the same or the proceeds thereof is subject to any lien, pledge, security interest or assignment, other than Prior Pledges, and that the Pledged Revenues assigned pursuant to the Loan Agreement are legally available to provide security for the Institution's performance under the Loan Agreement. The Institution agrees that it shall not create or permit the creation of any pledge, assignment, encumbrance, restriction, security interest in or other commitment of or with respect to the Pledged Revenues which is prior or equal to the pledge made by the provisions under this heading. (*Section 8.20*)

## Assignment, Leasing and Subleasing

(a) The Loan Agreement may not be assigned, in whole or in part, and except in the ordinary course of the operations of the Institution, the Facility may not be leased, in whole or in part, without the prior written consent of the Issuer in each instance except as provided in the Tax Regulatory Agreement. Any permitted assignment or lease shall be on the following conditions:

- (i) no assignment or lease shall relieve the Institution from primary liability for any of its obligations under the Loan Agreement or under any other of the Institution Documents;
- (ii) the assignee or lessee (in the discretion of the Issuer) shall assume the obligations of the Institution under the Loan Agreement to the extent of the interest assigned or leased, shall be jointly and severally liable with the Institution for the performance thereof and shall be subject to service of process in the State of New York;
- (iii) the Institution shall, within thirty (30) days after the delivery thereof, furnish or cause to be furnished to the Issuer and to the Trustee a true and complete copy of such assignment or lease and the instrument of assumption;
- (iv) neither the validity nor the enforceability of the Series 2016A Bonds or any Bond Document shall be adversely affected thereby;
- (v) the exclusion of the interest on the Series 2016A-1 Bonds from gross income for Federal income tax purposes will not be adversely affected;
- (vi) the assignee or lessee (in the discretion of the Issuer) shall be an Exempt Organization and shall utilize the Facility substantially in the same manner as the Institution.

(b) To establish the purported effective date of any assignment or lease pursuant to subsection (a) above, the Institution, at its sole cost, shall furnish the Trustee or the Issuer, as appropriate, with an opinion, in form and substance satisfactory to the Trustee or the Issuer, as appropriate, (i) of Bond Counsel as to items (v) and (vi) above, and (ii) of Independent Counsel as to items (i), (ii) and (iv) above. (*Section 9.3*)

## Merger of Issuer

(a) Nothing contained in the Loan Agreement shall prevent the consolidation of the Issuer with, or merger of the Issuer into, or transfer of its interest, if any, in the entire Project to any other public benefit corporation or political subdivision which has the legal authority to enter into the Loan Agreement, provided that:

(i) upon any such consolidation, merger or transfer, the due and punctual performance and observance of all the agreements and conditions of the Loan Agreement to be kept and performed by the Issuer shall be expressly assumed in writing by the public benefit corporation or political subdivision resulting from such consolidation or surviving such merger or to which the Issuer's interest in the Project shall be transferred; and

(ii) the exclusion of the interest on the Series 2016A-1 Bonds from gross income for federal income tax purposes shall not be adversely affected thereby.

(b) Within thirty (30) days after the consummation of any such consolidation, merger or transfer of interest, the Issuer shall give notice thereof in reasonable detail to the Institution and the Trustee and shall furnish to the Institution and the Trustee (i) a favorable opinion of Independent Counsel as to compliance with the provisions of subsection (a)(i) above, and (ii) a favorable opinion of Bond Counsel opining as to compliance with the provisions of subsection (a)(ii) above. The Issuer promptly shall furnish such additional information with respect to any such transaction as the Institution or the Trustee may reasonably request. (*Section 9.5*)

### **Events of Default Defined**

(a) The following shall be "Events of Default" under the Loan Agreement:

(i) the failure by the Institution to pay or cause to be paid on the date due, the amounts specified to be paid pursuant to subsections (a), (b) and (c) under the heading "Loan Payments and Other Amounts Payable";

(ii) the failure by the Institution to observe and perform any covenant contained in Sections 6.3, 6.4, 6.5, 8.2, 8.4, 8.5, 8.6, 8.8, 8.12, 8.13, 8.14 and 9.3 of the Loan Agreement;

(iii) any representation or warranty of the Institution in the Loan Agreement or in the Bond Purchase Agreement shall prove to have been false or misleading in any material respect and the same shall have a materially adverse effect upon the Institution, the Project, or the exclusion of interest on the Series 2016A-1 Bonds from gross income for federal income tax purposes;

(iv) the failure by the Institution to observe and perform any covenant, condition or agreement under the Loan Agreement on its part to be observed or performed (except obligations referred to in subsections (a)(i), (ii) or (iii) above) for a period of thirty (30) days after receiving written notice, specifying such failure and requesting that it be remedied, given to the Institution by the Issuer or the Trustee; provided, however, that if such default cannot be cured within thirty (30) days but the Institution is proceeding diligently and in good faith to cure such default, then the Institution shall be permitted an additional ninety (90) days within which to remedy the default;

(v) the dissolution or liquidation of the Institution; or the failure by the Institution to release, stay, discharge, lift or bond within sixty (60) days any execution, garnishment, judgment or attachment of such consequence as may impair its ability to carry on its operations; or the failure by the Institution generally to pay its debts as they become due; or an assignment by the Institution for the benefit of creditors; the commencement by the Institution (as the debtor) of a case in Bankruptcy or any proceeding under any other insolvency law; or the commencement of a case in Bankruptcy or any proceeding under any other insolvency law against the Institution (as the debtor) and a court having jurisdiction in the premises enters a decree or order for relief against the Institution as the debtor in such case or proceeding, or such case or proceeding is consented to by the Institution or remains undismissed for sixty (60) days, or the Institution consents to or admits the material allegations against it in any such case or proceeding; or a trustee, receiver or agent (however named) is appointed or authorized to take charge of substantially all of the property of the Institution for the purpose of enforcing a lien against such Property or for the purpose of general administration of such Property for the benefit of creditors

(the term “dissolution or liquidation of the Institution” as used in this subsection shall not be construed to include any transaction permitted by the Loan Agreement);

(vi) an Event of Default under or a default on the part of the Institution of its obligations under the Indenture or the Loan Agreement shall have occurred and be continuing;

(vii) the invalidity, illegality or unenforceability of any of the Bond Documents, provided the same does not permit the Issuer or the Trustee, as the case may be, to recognize the material benefits of the respective documents; or

(viii) an Event of Default under the Mortgage has occurred and is continuing.

(b) Notwithstanding the provisions of subsection (a) above, if by reason of force majeure any party to the Loan Agreement shall be unable in whole or in part to carry out its obligations under the Loan Agreement (other than its obligations under subsections (a), (b), (c) or (e) under the heading “Loan Payments and Other Amounts Payable”) and if such party shall give notice and full particulars of such force majeure in writing to the other party and to the Trustee, within a reasonable time after the occurrence of the event or cause relied upon, such obligations under the Loan Agreement of the party giving such notice (and only such obligations), so far as they are affected by such force majeure, shall be suspended during continuance of the inability, which shall include a reasonable time for the removal of the effect thereof. The term “force majeure” as used in the Loan Agreement shall include, without limitation, acts of God, strikes, lockouts or other industrial disturbances, acts of public enemies, acts, priorities or orders of any kind of the government of the United States of America or of the State or any of their departments, agencies, governmental subdivisions, or officials, any civil or military authority, insurrections, riots, epidemics, landslides, lightning, earthquakes, fire, hurricanes, storms, floods, washouts, droughts, arrests, restraint of government and people, civil disturbances, explosions, breakage or accident to machinery, transmission pipes or canals, shortages of labor or materials or delays of carriers, partial or entire failure of utilities, shortage of energy or any other cause or event not reasonably within the control of the party claiming such inability and not due to its fault. The party claiming such inability shall remove the cause for the same with all reasonable promptness. It is agreed that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the party having difficulty, and the party having difficulty shall not be required to settle any strike, lockout and other industrial disturbances by acceding to the demands of the opposing party or parties. (*Section 10.1*)

## **Remedies on Default**

(a) Whenever any Event of Default shall have occurred and be continuing, the Issuer or the Trustee may take, to the extent permitted by law, any one or more of the following remedial steps:

(i) declare, by written notice to the Institution, to be immediately due and payable, whereupon the same shall become immediately due and payable: (A) all unpaid Loan Payments payable pursuant to subsection (a) under the heading “Loan Payments and Other Amounts Payable” and pursuant to the Promissory Notes in amount equal to the aggregate unpaid principal balance of all Series 2016A Bonds together with all interest which has accrued and will accrue thereon to the date of payment and all premium, if any, and (B) all other payments due under the Loan Agreement; provided, however, that if an Event of Default specified in subsection (a)(v) under the heading “Events of Default Defined” shall have occurred, such Loan Payments and other payments due under the Loan Agreement shall become immediately due and payable without notice to the Institution or the taking of any other action by the Trustee;

(ii) (a) apply any undisbursed money in the Project Fund and Renewal Fund to the payment of the costs and expenses incurred in connection with the enforcement of the rights and remedies of the Trustee and the Issuer, and (b) apply any undisbursed monies in the Project Fund, the Renewal Fund, and any other Fund or Account under the Indenture (other than those sums attributable to Unassigned Rights and except for the monies and investments from time to time in the Rebate Fund) to the payment of the outstanding principal amount of the Series 2016A Bonds and premium, if any, and accrued and unpaid interest on the Bonds;

(iii) direct the Trustee to foreclose on the Mortgage or otherwise realize upon or seize the Trust Estate; or

(iv) take any other action at law or in equity that may appear necessary or desirable to collect the payments then due or thereafter to become due under the Loan Agreement and to enforce the obligations, agreements or covenants of the Institution under the Loan Agreement.

(b) Reserved.

(c) Any sums payable to the Issuer as a consequence of any action taken pursuant to the provisions under this heading (other than those sums attributable to Unassigned Rights and except for the moneys and investments from time to time in the Rebate Fund) shall be paid to the Trustee and applied to the payment of the Series 2016A Bonds.

(d) No action taken pursuant to the provisions under this heading shall relieve the Institution from its obligation to make all payments required by the provisions under the heading “Loan Payments and Other Amounts Payable” and pursuant to the Promissory Notes.

(e) Reserved.

(f) The Issuer shall have all of the rights, powers and remedies of a secured party under the Uniform Commercial Code of New York, including, without limitation, the right to seize or otherwise dispose of any or all of the Collateral described in the Loan Agreement, and to receive the payment of or take possession of the Collateral or the proceeds thereof. Upon the occurrence and during the continuation of an Event of Default by the Institution under the Loan Agreement, the Institution agrees that it will not commingle any moneys or other proceeds received by it in connection with any Collateral with any other moneys, funds or accounts of the Institution. (*Section 10.2*)

### **Remedies Cumulative**

No remedy conferred upon or reserved to the Issuer or the Trustee in the Loan Agreement is intended to be exclusive of any other available remedy, but each and every such remedy shall be cumulative and in addition to every other remedy given under the Loan Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Issuer or the Trustee, as appropriate, to exercise any remedy reserved to it in the Loan Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in the Loan Agreement. (*Section 10.3*)

### **Agreement to Pay Attorneys’ Fees and Expenses**

(a) In the event the Institution should default under any of the provisions of the Loan Agreement and the Issuer should employ attorneys or incur other expenses for the collection of amounts payable under the Loan Agreement or the enforcement of performance or observance of any obligations or agreements on the part of the Institution contained in the Loan Agreement, the Institution shall, on demand therefor, pay to the Issuer the reasonable fees of such attorneys and such other reasonable out-of-pocket expenses so incurred.

(b) In the event the Institution should default under any of the provisions of the Loan Agreement and the Trustee should employ attorneys or incur other expenses for the collection of amounts payable under the Loan Agreement or the enforcement of performance or observance of any obligations or agreements on the part of the Institution contained in the Loan Agreement, the Institution shall, on demand therefor, pay to the Trustee the reasonable fees of such attorneys and such other reasonable out-of-pocket expenses so incurred. (*Section 10.4*)

The Trustee shall be indemnified and held harmless in connection with this Disclosure Agreement to the same extent provided in the Indenture for matters arising thereunder.

#### SECTION 13. Amendment; Waiver.

Notwithstanding any other provision of this Disclosure Agreement, the Obligated Person, the Trustee and the Disclosure Dissemination Agent may amend this Disclosure Agreement and any provision of this Disclosure Agreement may be waived, if such amendment or waiver is supported by an opinion of counsel expert in federal securities laws acceptable to each of the Obligated Person, the Trustee and the Disclosure Dissemination Agent to the effect that such amendment or waiver does not materially impair the interests of Holders of the Bonds and would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule; provided none of the Obligated Person, the Trustee or the Disclosure Dissemination Agent shall be obligated to agree to any amendment modifying their respective duties or obligations without their consent thereto.

Notwithstanding the preceding paragraph, the Obligated Person, the Trustee and the Disclosure Dissemination Agent shall have the right to amend this Disclosure Agreement for any of the following purposes:

(i) to comply with modifications to and interpretations of the provisions of the Rule as announced by the Securities and Exchange Commission from time to time;

(ii) to add or change a dissemination agent for the information required to be provided hereby and to make any necessary or desirable provisions with respect thereto;

(iii) to evidence the succession of another person to the Obligated Person, the Trustee or the Issuer and the assumption by any such successor of the covenants of the Obligated Person, the Trustee hereunder;

(iv) to add to the covenants of the Obligated Person or the Disclosure Dissemination Agent for the benefit of the Holders, or to surrender any right or power herein conferred upon the Obligated Person, the Issuer or the Disclosure Dissemination Agent;

(v) for any purpose for which, and subject to the conditions pursuant to which, amendments may be made under the Rule, as amended or modified from time to time, or any formal authoritative interpretations thereof by the Securities and Exchange Commission.

SECTION 14. Beneficiaries.

This Disclosure Agreement shall inure solely to the benefit of the Obligated Person, the Trustee, the Disclosure Dissemination Agent, the underwriter, and the Holders from time to time of the Bonds, and shall create no rights in any other person or entity.

SECTION 15. Governing Law.

This Disclosure Agreement shall be governed by the laws of the State of New York (without regard to its conflicts of laws provisions).

SECTION 16. Counterparts.

This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

          (The Culinary Institute of America Project)

          \$3,775,000 Dutchess County Local Development Corporation  
          Taxable Revenue Bonds, Series 2016A-2  
          (The Culinary Institute of America Project)

Ladies and Gentlemen:

We have acted as bond counsel to the Dutchess County Local Development Corporation (Dutchess County, New York) (the “**Issuer**”), in connection with the issuance on the date hereof by the Issuer of its \$33,265,000 Tax-Exempt Revenue Bonds, Series 2016A-1 (The Culinary Institute of America Project) (the “**Series 2016A-1 Bonds**”) and its \$3,775,000 Taxable Revenue Bonds, Series 2016A-2 (The Culinary Institute of America Project) (the “**Series 2016A-2 Bonds**”) and together with the Series 2016A-1 Bonds, the “**Series 2016A Bonds**”). The Series 2016A Bonds are authorized to be issued pursuant to:

- (i) Section 1411 of the New York Not-for-Profit Corporation Law (the “**Act**”),
- (ii) the Bond Resolution duly adopted by the Issuer on July 19, 2016 (the “**Resolution**”), and
- (iii) the Indenture of Trust, dated as of September 1, 2016 (the “**Indenture**”), by and between the Issuer and The Bank of New York Mellon, as trustee for the benefit of the Owners of the Series 2016A Bonds (the “**Trustee**”). The Series 2016A Bonds were issued to finance or refinance the costs of acquisition, construction, renovating and equipping of the Facility (as defined in the Loan Agreement referenced below) (collectively, the “**Project**”).

The Issuer will loan the proceeds of the Series 2016A Bonds to The Culinary Institute of America (the “**Institution**”) pursuant to the terms of a Loan Agreement, dated as of September 1, 2016 (the “**Loan Agreement**”), between the Issuer and the Institution. The Institution has evidenced its obligations to make loan payments to the Issuer by the issuance and delivery of certain Promissory Notes, each dated the Closing Date (the “**Series 2016A Notes**”), collectively in the principal amount of the Series 2016A Bonds, from the Institution to the Issuer and endorsed by the Issuer to the Trustee. The Institution has entered into a certain Mortgage and Security Agreement, dated as of September 1, 2016 (the “**Mortgage**”), from the Institution to the Issuer, whereby the Institution will grant to the Issuer a mortgage lien and security interest in the Mortgaged Property described therein to secure the repayment by the Institution of the loan of the proceeds of the Series 2016A Bonds. The Issuer has assigned to the Trustee certain of the Issuer’s rights and remedies under the Mortgage, pursuant to a certain Assignment of

Mortgage, dated September 14, 2016 (the “**Assignment**”). The Issuer has assigned to the Trustee as security for the Series 2016A Bonds, for the benefit of the Owners of the Series 2016A Bonds, substantially all of its rights under the Loan Agreement, except for the Issuer’s Unassigned Rights, pursuant to the Indenture. The Issuer and the Institution have entered into a Tax Regulatory Agreement, dated the date hereof (the “**Tax Regulatory Agreement**”), in which the Issuer and the Institution have made certain representations and covenants, established certain conditions and limitations and created certain expectations, relating to compliance with the requirements imposed by the Internal Revenue Code of 1986, as amended (the “**Code**”). JPMorgan Chase Bank (the “**Lead Underwriter**”) and Barclays Bank (the “**Co-Underwriter**”; and together with the Lead Underwriter, the “**Underwriter**”) have agreed to purchase the Series 2016A pursuant to the terms of a Bond Purchase Agreement, dated August 31, 2016 (the “**Bond Purchase Agreement**”), among the Issuer, the Underwriter and the Institution.

The Series 2016A Bonds are dated September 14, 2016 (the “**Closing Date**”), and bear interest from the date thereof at the rate and pursuant to the respective terms of the Series 2016A Bonds. The Series 2016A Bonds are subject to prepayment or redemption prior to maturity, as a whole or in part, at such time or times, at such prices, under such circumstances and in such manner as is set forth in the Series 2016A Bonds and the Indenture.

As bond counsel, we have examined originals or copies, certified or otherwise identified to our satisfaction, of such instruments, certificates and documents (including all documents constituting the Transcript of Proceedings with respect to the issuance of the Series 2016A Bonds) as we have deemed necessary or appropriate for the purposes of the opinions rendered below. In such examination, we have assumed the genuineness of all signatures, the authenticity and due execution of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to our opinion, without having conducted any independent investigation, we have relied upon, and assumed the accuracy and truthfulness of, the aforesaid instruments, certificates and documents.

Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned in the Schedule of Definitions attached as Schedule A to the Indenture.

In rendering the opinions set forth below, we have relied upon, among other things, certain representations and covenants made by the parties in this transaction including: (i) the Institution in (a) the Bond Purchase Agreement, (b) the Tax Regulatory Agreement, (c) the Loan Agreement, (d) the Mortgage, (e) the Closing Certificate of the Institution, dated the date hereof, (f) the Bond Counsel Questionnaire submitted to us by the Institution, (g) the Continuing Disclosure Agreement, dated as of September 1, 2016 (the “**Continuing Disclosure Agreement**”) among the Institution, DAC and the Trustee, and (h) the Official Statement, dated August 31, 2016 (the “**Official Statement**”) and (ii) the Issuer in (a) the Bond Purchase Agreement, (b) the Indenture, (c) the Tax Regulatory Agreement, (d) the Loan Agreement, (e) the Assignment, and (f) the Closing Certificate of the Issuer, dated the date hereof. We call your attention to the fact that there are certain requirements with which the Issuer and the Institution must comply after the date of issuance of the Series 2016A-1 Bonds in order for the interest on the Series 2016A-1 Bonds to remain excluded from gross income for Federal income tax purposes. Copies of the aforementioned documents are included in the Transcript of Proceedings.

In addition, in rendering the opinions set forth below, we have relied upon the opinions of counsel to the Issuer, Cappillino & Rothschild LLP, Pawling, New York; counsel to the Institution, Corbally, Gartland & Rappleyea LLP, Poughkeepsie, New York; and counsel to the Trustee, Hinckley, Allen & Snyder LLP, New York, New York, all of even date herewith. Copies of the aforementioned opinions are contained in the Transcript of Proceedings.

Based upon and subject to the foregoing, we are of the opinion that:

1. The Issuer is a duly organized and existing corporate entity constituting a local development corporation of the State of New York.

2. The Issuer is duly authorized to issue, execute, sell and deliver the Series 2016A Bonds, for the purpose of paying the costs described above.

3. The Resolution has been duly adopted by the Issuer and is in full force and effect.

4. The Bond Purchase Agreement, the Indenture, the Tax Regulatory Agreement, the Loan Agreement and the Assignment have been duly authorized, executed and delivered by the Issuer and assuming the due authorization, execution and delivery thereof by the other parties thereto, are legal, valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their respective terms.

5. The Series 2016A Bonds have been duly authorized, executed and delivered by the Issuer and are legal, valid and binding special obligations of the Issuer payable solely from the revenues derived from the Loan Agreement, enforceable against the Issuer in accordance with their respective terms.

6. The Series 2016A Bonds do not constitute a debt of the State of New York or of Dutchess County, New York, and neither the State of New York nor Dutchess County, New York, will be liable thereon.

7. The Code sets forth certain requirements which must be met subsequent to the issuance and delivery of the Series 2016A-1 Bonds for interest thereon to be and remain excluded from gross income for Federal income tax purposes. Noncompliance with such requirements could cause the interest on the Series 2016A-1 Bonds to be included in gross income for Federal income tax purposes retroactive to the date of issuance of the Series 2016A-1 Bonds. Pursuant to the Indenture, the Loan Agreement and the Tax Regulatory Agreement, the Issuer and the Institution have covenanted to comply with the applicable requirements of the Code in order to maintain the exclusion of the interest on the Series 2016A-1 Bonds from gross income for Federal income tax purposes pursuant to Section 103 of the Code. In addition, the Issuer and the Institution have made certain representations and certifications in the Indenture, the Loan Agreement and the Tax Regulatory Agreement. We are also relying on the opinion of Counsel to the Institution, as to all matters concerning the status of the Institution as an organization described in Section 501(c)(3) of the Code and exempt from Federal income tax under Section 501(a) of the Code. We have not independently verified the accuracy of those certifications and representations or that opinion.

Under existing law, assuming compliance with the tax covenants described herein and the accuracy of the aforementioned representations and certifications, interest on the Series 2016A-1 Bonds is excluded from gross income for Federal income tax purposes under Section 103 of the Code. We are also of the opinion that such interest is not treated as a preference item in calculating the alternative minimum tax imposed under the Code with respect to individuals and corporations. Interest on the Series 2016A-1 Bonds is, however, included in the adjusted current earnings of certain corporations for purposes of computing the alternative minimum tax imposed on such corporations.

8. Interest on the Series 2016A-1 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision of the State of New York (including The City of New York), assuming compliance with the tax covenants and the accuracy of the representations and certifications described in paragraph 7 hereof.

9. Interest on the Series 2016A-2 Bonds is not excluded from gross income for Federal income tax purposes under Section 103 of the Code.

10. Interest on the Series 2016A-2 Bonds is not exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

Except as stated in the paragraphs 7, 8, 9 and 10 above, we express no opinion as to any other Federal, state or local tax consequences of the ownership or disposition of the Series 2016A Bonds. Furthermore, we express no opinion as to any federal, state or local tax law consequences with respect to the Series 2016A Bonds, or the interest

thereon, if any action is taken with respect to the Series 2016A Bonds or the proceeds thereof upon the advice or approval of other counsel.

The foregoing opinions are qualified to the extent that the enforceability of the Series 2016A Bonds, the Bond Purchase Agreement, the Indenture, the Loan Agreement, the Mortgage, the Assignment and the Tax Regulatory Agreement may be limited by bankruptcy, insolvency or other laws or enactments now or hereafter enacted by the State of New York or the United States affecting the enforcement of creditors' rights and by restrictions on the availability of equitable remedies and to the extent, if any, that enforceability of the indemnification provisions of such documents may be limited under law. We express no opinion with respect to the availability of any specific remedy provided for in any of the bond documents.

In rendering the foregoing opinions, we are not passing upon and do not assume any responsibility for the accuracy, completeness, sufficiency or fairness of any documents, information or financial data supplied by the Issuer, the Institution or the Trustee in connection with the Series 2016A Bonds, the Bond Purchase Agreement, the Indenture, the Loan Agreement, the Mortgage, the Assignment, the Tax Regulatory Agreement, the Official Statement, the Continuing Disclosure Agreement or the Project and make no representation that we have independently verified the accuracy, completeness, sufficiency or fairness of any such documents, information or financial data. In addition, we express no opinion herein with respect to the accuracy, completeness, sufficiency or fairness of the Official Statement, with respect to the Series 2016A Bonds.

We express no opinion herein with respect to the registration requirements under the Securities Act of 1933, as amended, the registration or qualification requirements under the Trust Indenture Act of 1939, as amended, the registration, qualification or other requirements of State Securities laws or the availability of exemptions therefrom.

We express no opinion as to the adequacy, perfection or priority of any security interest in any collateral securing the Series 2016A Bonds.

Furthermore, we express no opinion as to the Continuing Disclosure Agreement. We express no opinion with respect to whether the Issuer and the Institution (i) have complied with the State Environmental Quality Review Act, (ii) have obtained any or all necessary governmental approvals, consents or permits, or (iii) have complied with the New York Labor Law or other applicable laws, rules, regulations, orders and zoning and building codes, all in connection with the renovation, construction, equipping, furnishing and operation of the Facility.

The opinions expressed herein may be relied upon by the addressees and may not be relied upon by any other person without our prior written consent.

Very truly yours,
